

SOME CENSUS FACTS

Bulletin Issued Regarding the District.

ENUMERATION ON THREE LINES

Enumeration on Three Lines Classified as to Sex, Nativity and Color.

HAWAIIAN STATISTICS

Director Merriam of the census office today issued a bulletin showing the population of the District of Columbia, Delaware, Florida, Georgia, Hawaii, Idaho and Illinois by sex, general nativity and color according to the returns of the twelfth census.

This bulletin shows that of a total population of 28,718 in the District of Columbia 12,004 are males and 14,714 females, or an excess of 14,710 females over the males. The males make 47.4 per cent of the population and the females 52.6 per cent.

Of the seven states and territories included in the bulletin there is a larger proportion of males in five, namely, Delaware, Florida, Hawaii, Idaho and Illinois, and a larger proportion of females in two, namely, Georgia and New York.

In the territory of Hawaii there is a very large excess of males over females in 1900, or 69.1 per cent of males as against 30.9 per cent of females. The males also constitute 70.5 per cent of the total population of Idaho and 52.1 per cent of that of Florida, while in Georgia the males constitute but 49.8 per cent of the total population.

The foreign born element constitutes very nearly three-fifths of the population of the District of Columbia, and comprises mainly Chinese and Japanese.

CAPT. STRONG RESIGNS

Secretary Root directed that the resignation of Capt. Putnam Bradley Strong of the army, which was tendered to him by telegraph last night, and instead of accepting the officer's resignation, has wired him that his resignation must come to the department in the regular channel—that is by mail—and must be accompanied by full particulars as to the cause of his determination to leave the army.

FIRE AT BUTTE

Montana Hotel Burns, Injuring a Number of the Guests. BUTTE, Mont., July 12.—At 2:40 this morning a still alarm was turned in from the Butte Hotel, a four-story structure on Broadway. The firemen were unable to locate the blaze for thirty minutes, and the greatest confusion prevailed. A number of guests on the lower floors succeeded in groping their way down stairs in the smoke and escaping with nothing but their night clothes. Scores of others were rescued from the upper windows, where the panic-stricken guests shrieked for succor and threatened to jump to the sidewalk below.

PAPA WIRES A PROTEST

BUT HE HAD NOT PROPER UNDERSTANDING OF LAW.

INEFFECTUAL EFFORTS TO PREVENT MARRIAGE OF VIRGINIA COUPLE—Miss Gardner, Mr. Blackwell.

Mary Gardner and Price Blackwell, the former eighteen and the latter twenty-one years old, reached here this morning from Charlottesville, Va., having come on a matrimonial errand. Mary did not have papa's consent, and papa did what he could to prevent the marriage, but he was not successful. Captain Boardman received word from Mr. Gardner to detain his daughter, but unfortunately for the father the law here is different from that in Virginia, and when Mary reaches home she will be Mrs. Blackwell.

"Stop! My daughter from marrying. Left here on train 16. Detain her and wire me." (Signed) "B. M. GARDNER."

Such was the message received by Captain Boardman shortly before 9 o'clock this morning. Detective Watson was sent out to find the young man, who arrived at the clerk's office, reaching there just in time to see a couple starting out in search of a person duly authorized to tie the knot.

"This Miss Gardner?" the detective inquired of the young lady. "Yes, she is," she replied, "and I am completely by surprise, although she was evidently ready to expect almost anything. She admitted she was Miss Gardner. Her prospective husband wanted a little worried and wanted to know if he was to be taken to police headquarters before he had time to get his breakfast."

CONTRACT OF TRUE LOVE

Price Blackwell lived about twenty-five miles from Charlottesville, and a few years ago he was given employment on Mr. Gardner's farm. He had become one of the family. Captain Boardman was informed, and when he and Mary concluded to join hands for life the consent of the father was deemed unnecessary. Last night Mary and Price met at the railroad station. The latter purchased tickets and then they went on the north-bound train, confident nobody had seen them leave. In some way the father learned when the couple had gone and sent the message given Captain Boardman was convinced that the girl had given her correct age and told her she would not be detained. Price was anxious to go to the nearest magistrate and get married, but the young lady objected, and the couple started off in search of a Baptist minister.

DISAGREE OVER FISHERIES

France and England at Odds Over Newfoundland. LONDON, July 13.—It now seems that there is small probability of an agreement being reached between France and Great Britain over the Newfoundland question. The negotiations have not been broken off, but they have progressed so little that the British government has declined to regard them as almost hopeless.

BONA-FIDE CIRCULATION

A reference to the statement below will show that the circulation sworn to is a bona-fide one. It is easily possible for a newspaper with an elastic conscience to swell its legitimate circulation enormously, in order to deceive advertisers, by sending out thousands of papers to newstands which are returnable, and which are, in fact, returned, but nevertheless are included in what purports to be an honest statement of circulation.

Circulation of the "Evening Star."

Table showing circulation statistics for the Evening Star from Saturday, July 6, 1901, to Friday, July 12, 1901. Includes daily averages and totals.

PER DIEM CLERKS

Commissioner's Way of Meeting Effect of Controller's Decision.

INSPECTORS INSTEAD OF CLERKS

The Original Controversy and How It Started and Grew.

MISS BEE'S SUNDAY WORK

Despite assurances to the contrary, there is a general impression in the District building to the effect that the recent ruling of the controller of the treasury troubling out of employment four per diem employees in the street cleaning department will have a wider range of influence than was expected, and that it may call forth many interesting complications.

The controller ruled that the Commissioners were without authority to employ two clerks in the office of the street cleaning department and two additional foremen, all being paid out of the appropriation for street cleaning as per diem employees.

The appropriation made specific provision for the employ of the superintendent, naming the employees and their salaries. It also specified the number of foremen that might be employed and the inspectors. The controller further decided that under an appropriation for the collection and disposal of city refuse, the Commissioners in the act gave the Commissioners power to arrange for necessary inspection. The collector's desire to have the ceremony delayed until he could get better witnesses, but Blackwell could not believe that such was his motive. His idea was that the father wanted an indefinite postponement of the event. In a few minutes the couple reached police headquarters and confronted Captain Boardman.

PAY FOR SUNDAY WORK

The whole matter of the employment of per diem clerks in the street cleaning department of the District is being questioned by the accounting officers of the District questioning the pay of Miss Bee for Sunday work.

SURPRISE AMONG TREASURY OFFICIALS AT THEIR SHOWING

Nearly half of the first month of the new fiscal year has passed over, and there is surprise among treasury officials that the receipts continue to show up so well. The expectation has been general that the amendments to the war revenue act would cause a falling off in receipts from the very beginning of the year.

INTERNAL REVENUE RECEIPTS

The internal revenue receipts so far this month have been \$13,249,756, while for the same period last year the collections were \$12,331,039, showing an increase for this year up to date.

EXPENDITURES THIS MONTH

The total treasury receipts from all sources so far this month have been \$23,220,944, and the expenditures \$23,175,000, against receipts of \$21,402,921 for the same period last year and expenditures of \$21,400,000. The expenditures during the first two months of each fiscal year are always heavy owing to the demands of the departments.

DEATH OF MAJOR RAMSAY

Gen. Chaffee called from Manila announcing that First Lieut. Charles R. Ramsay had died. Ramsay was a private in the 10th U. S. Infantry, and was appointed chaplain in the army.

ANOTHER BIG FAIR

Masons Arranging a Monster Enterprise for Next Spring.

NATIONAL TEMPLE ITS OBJECT

Meeting Tonight to Organize Board of Control.

AFFAIRS IN ALEXANDRIA

Several weeks ago the Masonic Temple Association determined to have a fair in the spring of 1902, the proceeds of which should be devoted to paying the balance due upon the property at the junction of New York avenue and H and 13th streets.

It has proved an excellent investment, as its rentals are more than sufficient to eventually pay for it. The association, however, desires to begin building operations as soon as possible, and has consequently decided to hold another fair. In reaching this conclusion a resolution was adopted providing that the enterprise should be placed in charge of a board of control to be composed of a representative from each Masonic body in the District.

RECEIPTS ARE LARGE

The receipts from the fair have been very large and the profits were something over \$47,000 above the expenses. The receipts were \$145,000. The preliminary for this notable event were arranged and the project conducted and managed by the committee.

SEEKS A NEW CHARTER

DRAFT PREPARED FOR HOMEOPATHIC HOSPITAL ASSOCIATION.

MEETING OF DIRECTORS HELD LAST NIGHT

At a meeting of the directors of the National Homeopathic Hospital Association of Washington, D. C., held last night in the red parlor of the Ebbitt House, a new charter was agreed upon. The twenty-year charter of the institution expired June 1 last, and until last night no steps were taken to renew the charter.

FINANCE AND TRADE

Special Dispatch to The Evening Star. NEW YORK, July 12.—The week ending today has been one of heavy liquidation in Wall street, and final prices were such that suggestive of more concessions. Long stock has been sold in volume and the mere unloading of weakly margined accounts is not a satisfactory explanation of the result. There has been no public demand and no concerted support. The larger interests seemed to be idle, but it is likely that they helped the decline by adding to the pressure. The proceeds of the liquidation, and the selling was far too general to be limited to any one class of traders.

GENERAL MARKET REPORTS

The showing made by the banks, however, is decidedly encouraging, and materially helps the decline by adding to the pressure. The proceeds of the liquidation, and the selling was far too general to be limited to any one class of traders.

FINANCIAL AND COMMERCIAL

New York Stock Market. Published by H. Hibbs & Co., bankers and brokers, 419 F. Street, New York. Stock exchange, correspondents Messrs. Laidenburgh, Thaimann & Co., New York.

Table of stock market prices including Am. Car & Foundry, Am. Cotton, Am. Sugar, etc.

FINANCIAL AND COMMERCIAL

Weather inclined to be anything but reasonable. Last night Washingtonians snuggled under blankets. It was a sensation. These articles of covering which had been hidden from view and banished completely from the minds of humanity as utterly without use in the world during the past few weeks of humidity and heat, were welcomed with open arms.

FINANCIAL AND COMMERCIAL

Hotel Arrivals. Ebbitt—James E. Boyd, Greensboro; W. C. F. D. Kerns, United States navy; W. S. Schuyler, United States army; G. Jacobson, Philadelphia; N. B. Abbott, Columbus; I. P. Pitts, St. Louis; H. B. Grant, Boston; C. P. Hitch, Paris; H. E. E. Watta, Springfield, Ill.; R. B. Smith, United States navy.

FINANCIAL AND COMMERCIAL

Outside the Fire Limits. Franklin Hamilton has written to the District Commissioners asking that work be stopped at the Ebbitt House to prevent noise from the exhaust steam pipes of the Potomac Terra Cotta Company. Terra Cotta, D. C. The inspector of buildings reports to the Commissioners that the complaint is one which does not come within the purview of the building regulations. He says that the Ebbitt House is a building in violation in that location since 1888, and being outside the fire limits the location of boilers and machinery is a matter that does not come within the purview of the regulations in the vicinity. He says if the plant becomes a menace to the health of the people in the neighborhood it becomes a matter for investigation for the health department.

FINANCIAL AND COMMERCIAL

Death of Mrs. Ann E. O'Hare. Mrs. Ann E. O'Hare died suddenly at 6 o'clock this morning at her residence on 6 Rock Creek Church road, aged seventy-seven years. She was born in Virginia, was the widow of Christopher S. O'Hare, the granddaughter of Col. Caleb Shreve of the revolutionary period and had lived in the District of Columbia for over fifty-nine years. Her surviving children are Miss Lizzie O'Hare, Mrs. A. C. Tolson, Mrs. H. Lee Bagland, Miss Laura O'Hare and J. S. O'Hare. She was the mother of the late George O'Hare, and leaves numerous grandchildren.
