

Summer Safeguards.

It is the duty of the head of every household to provide against the health crisis peculiar to summer. Promptness in the treatment of the ailments would often prevent serious illness, perhaps death.—MUNYON.

Munyon's Homeopathic Home Remedies are the most infallible against disease. If they are not in the home they should be bought and kept on hand. In case of sudden development of the symptoms of any trouble the proper cure for that trouble should immediately be obtained at the drugist's.

JOHN NELSON'S TRIAL

Commenced in Alexandria County Court.

PLEAS IN ABATEMENT

OVERRULED BY THE PRESIDING JUDGE.

Jury Finally Obtained After Much Difficulty and Opposing Counsel Outline Their Case.

The Alexandria county court room contained a large crowd of spectators, which had gathered to hear the evidence in the case of John Nelson, indicted for the burning of several gambling buildings in Jackson City the night of July 14.

Presentation of the Case.

At 1 o'clock a recess of an hour was taken. When Judge Love took his seat again at 2 o'clock Commonwealth Attorney Clements opened for the prosecution. He outlined the points along which the state proposed to conduct the case, and which were before indicated in the opening proceedings.

Counsel in the Case.

Attorneys R. Walton Moore of Fairfax, Charles Bonshen and Joseph Shillington of Washington appeared for the defendant, and Commonwealth Attorney James E. Clements was assisted in the prosecution by Attorneys Edmund Burke of Washington and Samuel G. Brent of Alexandria.

Pleas in Abatement.

Mr. Moore withdrew the plea of not guilty introduced at the last term and entered a plea in abatement. The effort made by the plea, counsel said, was to present the point that the grand jurors who reported the indictment against Nelson were not qualified grand jurors at the time when they were summoned and served.

Getting a Jury.

Motions to quash and demurrers were overruled and at 11 o'clock the work of empanelling a jury was commenced. As soon as the examination of those summoned for jury service was commenced it became evident that there would be trouble. Of the first six men interrogated one-half stated positively that they had formed opinions prejudicial to the accused and were disqualified.

AN AUTO SPEED

Proposed Automobile Race on Pennsylvania Avenue.

THE PLAN SUBMITTED

THOUSANDS OF GEN. TORRANCE'S CIRCULARS DISTRIBUTED.

Date for Meeting of Joint Committee on Reunion—G. A. R. Encampment Program.

With the announcement of the automobile parade proposed as a feature of the first encampment of the G. A. R. in this city, responses and assurances have been received by the officers of the citizens' executive committee on that reunion which insure its complete success.

Vice Chairman Robert Brown of the special committee on the automobile meet Secretary Barry Bulkeley of the citizens' committee this morning and discussed the undertaking exhaustively. It was Mr. Brown who assured Vice Chairman Louis P. Shoenberger of the Washington Automobile Club that the carriages, beautiful in design and sufficient in number, were already secured and his associates would now devote themselves to the securing of the owners to decorate the 'mobiles' in this work the executive committee counts on.

Want to Speed the Machines.

The automobilists have plans of their own. Through Mr. Brown they have asked that the parade be made a preliminary to a series of races which shall draw to the city all the great racing machines now in the country.

The plan submitted to Mr. Bulkeley is that the races shall be held immediately after the parade, that the machines of the parade be divided into three classes—electric, gasoline, and steam—and that the course be chosen by the citizens' executive committee after conferring with the officers of the automobile committee, the chief of police and the District Commissioners.

Gen. Torrance's Circular.

Ten thousand copies of the circular of information approved by General Torrance during the recent visit to the city were today sent by express to Adjutant General Towler at Grand Army headquarters in Minneapolis. These circulars will be distributed about the country through the official channels of the Grand Army. The circular is signed by Chairman Brainerd H. Warner of the citizens' executive committee and is most complete in all particulars pertaining to the arrangements for the coming encampment, so far as the preparations of the local committees are concerned.

Reports Placed on File.

The Ladies' Auxiliary, Union Veteran Legion, No. 32, held a meeting Saturday afternoon at a meeting of the executive committee of the report of Mrs. George B. Johnson, who is chairman of the executive committee which had charge of the U. V. L. section of the lawn fete held at Florida avenue and 14th street. Reports were also made by Mrs. M. J. Lewis, who had charge of the U. V. L. section of the lawn fete, and by Mrs. M. J. Lewis, who had charge of the U. V. L. section of the lawn fete.

Plans for Illumination.

The plans of the committee on illumination have been matured sufficiently to indicate that the city will offer at night one of the most impressive spectacles of the encampment. Chairman William S. Knox called at headquarters Saturday evening and outlined to Secretary Bulkeley his purchase of a large electric Grand Army badge fifty feet in height, to be made of lights appropriately colored and to be visible from every point on Pennsylvania avenue. The badge will be illuminated by the 22d Army Corps. The badge will be placed at intervals along the avenue, to the number of twenty, and will last ten years ago. Prices are \$25, \$150 and \$100 will be offered to merchants along the main business streets for the best illumination made through private enterprise. The Capitol will be illuminated by eight or ten searchlights. Altogether, according to those who hear Mr. Knox's statement, the illuminations promise to be surpassingly fine.

Compliment a Member.

The U. V. L. ladies did a gracious thing recently for one of their members who, because of ill health, has been obliged to leave the city. Miss Mary B. Smith, daughter of Mr. and Mrs. Gen. Green Clay Smith, on account of illness, has gone to Phoenix, Arizona. Just before she left the city, by unanimous vote, she was elected a life honorary member of the auxiliary of the U. V. L. of this city. Her handsome testimonial in shape of a gold fender brooch, with diamond center, from some of her friends in Auxiliary 22, Encampment No. 1, at the pension office, was presented to her by the officers. Mrs. Harriet L. Scribner presented the brooch. Next month the auxiliary will resume its regular meetings at the headquarters of the 22d Army Corps at its hall, 910 Pennsylvania avenue northwest.

Traffic Agent Appointed.

In anticipation of an enormous business, the local passenger association has leased the large building at Nos. 1218 and 1220 F street for use in extending tickets during the encampment week. Mr. W. S. Bronson, assistant general passenger agent of the Chesapeake and Ohio railroad, has been placed in charge as joint agent. All tickets are to be good for the encampment week without any extension. Those who wish to stay longer, however, must present their tickets to Mr. Bronson's office and have them valid for the entire week. Mr. Bronson's appointment is particularly agreeable to the officers of the citizens' executive committee in view of the fact that he has been one of the most active supporters of the encampment project. Ten months ago he obtained action from the Washington passenger committee,

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by the natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excitement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped "C. C. C." Guaranteed to cure or your money back. Sample and booklet free. Sterling Remedy Co., Chicago or New York.

The names of those selected to serve on the several committees will be announced at the next meeting of the organization.
