QUEEN'S CHAPEL ROAD.

Attention of Commissioners Called to Its Condition.

Abbie M. Sisson, principal of the Langdon school, has called to the attention of the Commissioners the condition of Queen's Chapel road between the school and the electric car tracks. The superintendent of roads has reported that the condition for vehicle travel on the Chapel road between Brentwood and Langdon had been very bad this winter. The road is entirely unimproved as to surface and the natural condition is a heavy clay in which ruts form that hold water. There is but little vehicle travel over it, and in view of the fact that 20th street from Langdon to the Brentwood road is shortly to be opened it is not believed that this thoroughfare should receive an expenditure toward the improvement of the roadway except in the nature of shaping it up and diverting drainage to a gutter.

FINAL EXAMINATION

WASHINGTON BOYS TO TRY FOR COMMISSIONERS.

Now in the Banks, but Hope to Obtain Straps of Second Lieutenants. Two Washington boys have qualified for the final competitive examination, to be held at Fort Leavenworth, Kansas, in September next, of enlisted men who are candidates for appointment as second lieutenants in the regular army. One of these is James M. Churchill, son of Mr. James Churchill, acting chief clerk of the War Department. Young Churchill was born in Los Vegas, N. M., in October, 1889, but has spent most of his life in Washington. He was educated in the public schools here, and was graduated from the Central High School. He has always shown a natural aptitude for military pursuits and was prominently identified with the High School Cadet Battalion. He was captain of Company B of the Cadet Battalion, which won the prize drill in 1907. In the following year he was elected to the position of president as an alternate cadet at West Point Academy. He passed the examination and only a few days ago was appointed to the position of lieutenant in the regular army, nominated as principal.

Six Years in Penitentiary. Lloyd Thomas, alias William Thomas, convicted on two charges of housebreaking and larceny, involving the taking of a gold watch, chain and locket from Jennie Baldwin, more and of a watch from Mosby Baldwin, has been sentenced by Justice Anderson in Criminal Court No. 1 to imprisonment for a total of six years in the New Jersey state prison at Trenton.

Another Successful Candidate. The other Washington boy who was successful at that examination, with a percentage of 82 1/2, was A. A. Hofmann. He was born in a private and received his education at Gonzaga College. His first military experience was as a member of the old Mount Pleasant Band, and he afterwards served in the 5th Cavalry. He was a member of the band of the 1st District of Columbia Volunteer Infantry. Soon after the close of the Spanish war he received a commission in the 5th Cavalry, then at Fort Myer, and served with that regiment in the Philippines for three years, being mustered out in 1902. He re-enlisted in the 4th Infantry at Fort McIntosh, Tex. He and young Churchill were great friends, and ascertaining that the latter was to be added to the staff of the 5th Cavalry, a transfer to the 42d Company of Coast Artillery, stationed at that post, and the two young men took a course of instruction in the 4th Infantry at Fort McIntosh, Tex. Native of New York. Frederick W. Boschen, another young man who was among the successful candidates at the recent examination, also considers himself partly a Washingtonian from the fact that he has lived here for the past two years. He was born in New York city, was graduated at the Brown University. Five years ago he entered the army as a hospital steward, and at that time was the youngest man in his corps. He served creditably with the army in the Philippines for three years, and for the past two years has been in the 5th Cavalry, States Army Dispensary in this city. He passed the examination No. 4 in his class, with a percentage of 84 1/2 in his credit.

Troops E and H of the 2d Cavalry, stationed at Fort Myer, did not go to Ordway, Md., yesterday, as was expected. The beginning of the tour of duty at that range has been postponed until Monday. The postponement was made necessary by the unfavorable condition of the ground at the range as a result of the severe rains that have fallen during the past two weeks. The camp equipage was sent to Ordway today, however, and will be in condition for the troops when they arrive Monday.
