

IS NOW IN DISFAVOR

Reported From Berlin That Czar Reprimanded Alexieff.

HE HAS NOW RESIGNED

JAPANESE OFFICIALS IN LONDON CREDIT THE WAR TO HIM.

Tokyo Reports That Military Headquarters Will Be Advanced—Buddhist Priest Only Jap at Song-Jin.

Special Dispatch to The Evening Star. NEW YORK, April 20.—A cablegram from Berlin says that the Morgen Post learns that the czar has telegraphed Viceroy Alexieff complaining of the inefficiency of the Port Arthur fleet and reprimanding him for incompetency. In Russian naval circles it is asserted that the loss of the Petropavlovsk is inexplicable, unless it was due to criminal negligence.

Might Have Been No War.

LONDON, April 20.—The Japanese legation here is greatly interested in the announcement of Viceroy Alexieff's resignation. The opinion is expressed that if he had resigned six months ago there would have been no war, but now that hostilities are in progress the Japanese would have preferred to see Alexieff in control.

NEW YORK, April 20.—A cablegram from Tokyo reports that the military headquarters will be advanced in the future, and the first contingent of foreign military attaches, including Colonel Crowder and Major March of the United States army, will proceed to the front. A brilliant court garden party that was planned for foreign military officers and distinguished visitors today was abandoned on account of rain.

Russian Scouts Destroy Town.

SEOUL, April 20, 9:30 p.m.—The Japanese consul at Won-Sun telegraphs that a Buddhist priest is the only Japanese who remained at Song-Jin, on Plakins bay, in the northeast of Korea, at which place the Russians are reported to have burned the Japanese residences and to have destroyed other property belonging to the Japanese.

JAPS LAND AT NEW CHWANG.

Russians Reported to Have 50,000 Men on the Yalu.

LONDON, April 20, 2:02 p.m.—A dispatch to the Central News from St. Petersburg says it is reported that a Japanese force has landed near New Chwang.

Four Regiments Remain.

TIENTSIN, April 20.—It is understood here that only four Russian regiments remain on the Yalu river, and that the Russians' first line of defense extends from Feng Huan Cheng to Mo Tien Ling pass.

During the last two days many Chinese refugees from Manchuria have arrived at Tien Tsin.

On the maps Mo Tien Ling pass is about thirty miles northwest of Chiu Tien Cheng, and the mouth of the Yalu river and about forty miles southeast of Liao Yang. Feng Huan Cheng is about half way between Chiu Tien Cheng and Mo Tien Ling pass.

Constant Skirmishing Reported.

SEOUL, April 20, 11:45 a.m.—The Japanese authorities here admit—between the Russian and Japanese forces—constant and frequent skirmishing is occurring between the opposing armies on the Yalu river, but they claim that no decisive action has taken place up to date, though news of such an engagement is expected at any moment.

It is estimated that the Russians now have 50,000 men on the Yalu river.

JAP CRUISER REPORTED SUNK.

Russian Contact Mines Found Floating seaward Off Shantung.

PORT ARTHUR, Tuesday, April 19.—All is quiet throughout this district. It is persistently asserted that the Japanese cruiser sunk off Port Arthur April 15, and that the Japanese armored cruisers Nishin and Kasuga were damaged, respectively, below and above the water line.

Find Floating Mines.

NAGASAKI, April 20, 11 a.m.—Contact mines have been found floating seaward, forty miles from Cape Shantung. Three of them were discovered and destroyed by the Japanese fleet.

Cape Shantung is a headland on the Chinese coast between two constant and constant about twenty-five miles distant from Wei Hai Wei, the British naval rendezvous on the China station.

Correspondents Freed.

NEW CHWANG, April 20.—The correspondents of leading French, Italian and British newspapers, of our American news paper and of the Associated Press have been permitted to proceed to Mukden. They left here today.

United States Consul Miller entertained the correspondents at the consulate previous to their departure. He is the first foreign newspaper man admitted to the Russian lines since the declaration of war.

RUSSIA'S WARSHIP PURCHASE.

Naval Authorities Still Discuss Loss of Petropavlovsk.

ST. PETERSBURG, April 20, 1:40 p.m.—In regard to the reported purchase by Russia of four ships in the United States, it is now said that the deal was negotiated at Constantinople by Gen. Williams, the agent of a Philadelphia shipbuilding firm, and the Russian ambassador to Turkey, M. Kinnovitch.

The admiralty still lacks definite information as to the cause of the Petropavlovsk disaster. The authorities at Port Arthur evidently are not yet convinced that they have the true explanation. The general staff here is divided between two opinions, a mine or a boiler explosion, although a few still cling to the theory that the battle ship was sunk by a submarine.

The explosion theory is based on the knowledge that the Petropavlovsk had been steaming at full speed and that her sudden slow down may have caused an accumulation of pressure which burst her boilers. Those who accept the mine theory, and they are the majority, believe that the explosion of the mine detonated the magazine, which blew up before the boilers. The main objection advanced against the mine theory is that the explosion was an catastrophe occurred too deep for anchored mines.

It is scarcely imaginable that Vice Admiral Togo would dare to turn loose a lot of floating mines," said one of the highest placed naval authorities. "The tides are high and the currents strong at Port Arthur, and those mines might easily be carried out to sea and endanger his own ships."

GRATEFUL FOR SYMPATHY.

Expressions of British Press Provoke Talk of Rapprochement.

ST. PETERSBURG, April 20, 5:25 p.m.—While accepting gratefully the world-wide expressions of sympathy which Russia has received as a result of the death of Vice Admiral Makarov and the Petropavlovsk disaster, the papers seem especially impressed with the sympathy shown by the British press, several using the text to argue on the opportunities of the discussion in favor of a Russo-British understanding. Such a rapprochement, the Novosti believes, could now be founded, not only upon interest, but on popular sympathy, and does not seem to be a paper advantage, only upon interest.

A sincere rapprochement with Great Britain would guarantee our future development."

ALEXIEFF'S WITHDRAWAL.

It is Thought to Indicate a Reversal of Policy.

The announcement from St. Petersburg by the Associated Press of the withdrawal of Alexieff from the direction of affairs in the far east, together with the lucid and interesting story of the rise and fall of the radical element in Russia, headed by the most intense interest in official circles here. The change just indicated is believed to portend a complete reversal of Russian policy in Manchuria, and it is believed that Russia save her face and pride before the civilized world by scoring some great and decisive victory on land.

It is not doubted that he would respond to the call of his imperial master, and it is said that his addition to the ministry would do much to strengthen Russian finances.

SUNG JIN FIGHT CONFIRMED.

It is Contributed to Perry Memorial Fund—Characteristic Letter.

TOKYO, April 20, 9:30 p.m.—Russian troops to the number of 1,000 are reported to be in occupation of Yong Gan, in northeastern Korea.

A detachment of forty Cossacks has appeared for a second time at Sung Jin (about 150 miles north of Gensan), where they burned the Japanese settlement and took possession of the post and the telegraph offices. There were no Japanese troops present: the Korean officials at Sung Jin were friendly to the Russians.

Another detachment of seventy-five Russian soldiers has advanced as far south as Pung Chong, about seventy-five miles down the coast from Sung Jin.

Marquis Ito today contributed \$700 to the Perry memorial fund. In a letter accompanying the contribution the marquis said: "Permit me to express my warmest sympathy with this work, which will not only benefit the nation, but will also be a memorial to the noble and heroic spirit of the Americans toward our countrymen."

"This enterprise, to a certain extent, is interpreted as an endeavor on the part of those who first introduced us to western ideals to lead us farther toward a universal community and humanitarian principles. Before the national frontiers should vanish, and they will vanish."

"I sincerely hope that this work will be crowned with successful success."

The Perry memorial relief fund was organized in Tokyo on March 31, on the occasion of the fiftieth anniversary of the signing of the national friendly feeling of Americans toward our countrymen.

The purpose of the fund is to bring aid to the destitute families of Japanese soldiers and sailors. A number of prominent Japanese and American subscribers to the fund as soon as the movement was organized.

Interment at Annapolis Today With Full Honors.

Special Dispatch to The Evening Star. ANNAPOLIS, Md., April 20.—The remains of Passed Midshipman William E. T. Neumann and Thomas Ward, Jr., who were killed in the Missouri disaster last Wednesday, were brought here today at 1:30 p.m. over the Pennsylvania railroad, for interment in the Naval Academy cemetery.

They were met at the station by the commanding officer, accompanied by the Naval Academy Band, which, with a detachment of seamen, formed the escort, and conveyed direct from the railroad station to the Naval cemetery, where a short funeral service was held by Chaplain Clark of the Naval Academy.

IN MEMORY OF HANNA.

Ohio Legislature Listens to Memorial Addresses Today.

COLUMBUS, Ohio, April 20.—For the third time since the present session began the legislature paused in its work this morning to pay honor to Marcus A. Hanna, late senator from Ohio. The second week in January it elected him to second term in the Senate. A month later it adjourned out of respect to his death and to attend his funeral, and today the two branches met in joint session to hold formal memorial exercises and to pay honor to his memory.

The joint session was held in the hall of the house. Lieutenant Governor Warren G. Harding presiding. After prayer by Rev. S. S. Palmer, Governor Herrick made a few brief introductory remarks. The principal memorial address was delivered by Senator Charles Dick, who is Senator Hanna's successor.

WEATHER MAN SOUTHWEST.

Establishing Flood Observation Stations—Danger at Kansas City.

KANSAS CITY, April 20.—H. C. Frankendorf of Washington, chief weather forecaster for the United States, is here establishing flood observation stations in the Kansas river valley.

"Kansas City is in greater danger of flood damage today than it was a year ago," said Dr. Frankendorf. "The last flood filled the river bed with sand and debris, and it would take a volume of water much smaller now to equal the record of the flood of last June. Dig out the channels and keep uniform the banks and there will be no floods."

ROESKI SENTENCED FOR LIFE.

Verdict at Chicago in the Last Car Barn Case.

CHICAGO, April 20.—The jury in the case of Emil Roeski, the last of the car barn bandits, returned a verdict of guilty today. The penalty fixed is penitentiary for life.

Hundreds of streams of water are still being poured into immense deposits of glowing embers, but the fire has spent its force and all danger has passed.

The President had so many visitors today to shake his hands that he deferred a number of his appointments with congressmen and others until afternoon, when visitors are not, as a rule, received. There was little opportunity for discussing business with him, due to the crowded condition of his offices, and congressional call made appointments to call after lunch.

The fact that the President is now shaking hands with many parties of out-of-town people has become generally known, with the result that the demand on his time for this purpose is growing greater and heavier each day. At 2:30 o'clock this afternoon the President and Mrs. Roosevelt shook hands with the delegates to the D. A. R. convention, which were in the east room, and being largely attended.

Short conferences with Attorney General Knox about midday and a morning talk with Senators Beveridge and Spooner constituted the bulk of the business the President transacted today. He also met the ambassador, who presented George De Szogyen, the commissioner general of Austria to the Louisiana purchase exposition.

The President also had a farewell talk with Count Hirokichi Mutzu, the first secretary of the Japanese legation. Count Mutzu will sail from this country for Yokohama about May 1, and desired to say farewell to the President, whose personal acquaintance he has had since he was a young man. The President gave Count Mutzu one of his latest photographs, on which was his autograph. The Japanese diplomat said he was greatly pleased to receive this from the President, who was held in high esteem in Japan.

Representative Hamilton of Michigan, chairman of the House committee on the bill creating two new states out of the four territories, was in the White House today. He presented to the President the new states were half made, anyhow, and the Senate is now responsible for the failure to put through the bill. He also presented to the President a bill for the purpose of the reorganization of the office of governor of Porto Rico which will be determined at future conferences with the President and Secretary Taft.

Want a Place for Col. Urell.

Maj. F. C. Hodgson, corps commander of the Spanish War Veterans, accompanied by Lee M. Lipscomb, past corps commander, and L. C. Dyer, past adjutant general, called at the White House recently to urge that the President give some good place, preferably in the military service, to Col. M. E. Urell of this city, past commander-in-chief of the Spanish War Veterans. It was pointed out that Colonel Urell is a medal of honor man, a veteran of the civil and Spanish-American wars and a military instructor of young men for forty years. The contemplated promotion of General Fielding to major general, called on in the statement, cause some promotions which would leave a majority to which Colonel Urell would be eligible. If this position cannot be obtained for him he feels that he has given something else commensurate with his services. The matter was left in the President's hands.

Democracy Suggest Marshall Field of Chicago as Available.

Around the Hoffman House in New York last night there was a good deal of talk about Mr. Marshall Field of Chicago for second place on the democratic presidential ticket. The talk seemed to be a revival of the suggestion which was made several weeks ago to the same effect.

It was recalled that at that time Mr. Field had rejected the suggestion that he be nominated for the vice presidency, and had said that he did not want it. Democracy thought last night, however, that Mr. Field might be induced to change his mind if Judge Parker should head the ticket and the interior, for certain payments made for the Government Hospital for the Insane; for extending building for cold storage and providing necessary machinery for the same; and for doubling the present output of ice, \$62,800.

Personal Mention.

Secretary Taft will leave here this afternoon to attend the dinner of the Pal Union in Philadelphia this evening. The next day he will go to New York to attend the dinner of the chamber of commerce, and expects to return to Washington Friday.

Mr. Weston Brown Flint of the graduate school in Harvard University, is at home during vacation, visiting his parents, Dr. and Mrs. Weston Flint, at the Cecil.

Mr. A. Maurice Low was among the visitors to the chamber of commerce from New York today.
