The Cheapest Form of Health Insurance.

YOU can buy Health Insurance now. Several good "Accident" Companies sell it. Sixty dollars per year will bring you \$25.00 per week for every week you are sick.

But your time alone may be worth far more than that. And \$200 per week might not pay for your suffering.

That's why "Cascares" Insurance, which prevents sickness, is worth ten times as much money as other "Health" Insurance.

Yet "Cascares" Insurance will cost you less than Ten Cents a Week. That gives you a "Vest Pocket" Box to carry constantly.

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you. Because 90 per cent of these ills begin in the Bowels or exist through poor Nutrition.

Cascares don't purge, don't weaken, don't irritate nor upset your stomach. No—they act like Exercise on the Bowels, instead. They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food.

It's time to take a Cascares is the very minute you suspect you need one.

—When you have a touch of Heart-burn, Gas-bloating, Acid-venting-in-throat, or a Coming-or-Cold, Cascares the "Vest Pocket" Box ready for business where it belongs, just as you would your Watch, Pocket-knife or Lead-pencil.

It costs only 10 cents. At any drugist. Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "COO." 745

English of Indianapolis. Capt. English is a past commander-in-chief of the United Spanish War Veterans. He rendered distinguished service in the war with Spain in Cuba, and while serving as a staff officer in front of Santiago a shrapnel exploded in front of his horse, wounding the animal and causing it to rear and fall backward on its rider, severely injuring him. A fragment of the shrapnel slightly wounded the arm of Col. Theodore Roosevelt of the Rough Riders. The latter, however, paid little heed to the wound, but it is recorded, went actively ahead into the fight.

Grand Army Escort. General orders No. 7, headquarters Department of the Potomac, G. A. R., were issued yesterday afternoon by Department Commander E. P. Entrikin and countersigned by Assistant Adjutant General Edward Webster. H. Holbrook for assignment to place in line.

"The G. A. R. uniform, or park clothing with badge and white gloves, should be worn. By executive order all comrades who desire to parade will be excused from duty in the departments, and it is hoped that all who are physically able will respond to this call, thus showing respect for themselves by being honor to this association of young men who so gallantly followed in our footsteps, and shouder to shouder, followed Old Glory in the service of our common country."

No part of the United States is, however, free from the dread scourge, which saps vitality and exposes the system to the attacks of malignant disease. HOT WEATHER is coming on. If, instead of warming, invigorating you, there is a chill feeling of winter lingering in your blood, MALARIA is yours, and ELIXIR BABEK will cure it—taken in time will prevent it.

USED ONLY HALF A BOTTLE.

Washington, D. C., Oct. 15, 1906. Gentlemen: This fall my little girl was again attacked by malaria. I sent for a bottle of ELIXIR BABEK, and I must say it has raised my most anxious expectations. She has entirely gained her normal condition and has no signs of a return of the dread disease. One-half bottle only was used. Respectfully,
