END OF THE MEETING

FEDERATION OF WOMEN'S CLUBS CONCLUDES ANNUAL SESSION.

The District of Columbia Federation of Women's Clubs closed its annual meeting yesterday afternoon with the election of Mrs. Charlotte Emerson Main as president for the coming year.

Mrs. Julia E. Blount, the retiring president, called the organization to order yesterday morning at 10:30 o'clock in the lecture hall of the Jewish Temple. The 6,000 club women of Washington who are affiliated with the federation were present in the persons of 200 delegates, representing thirteen organizations, each giving a report of the year's work done by individual clubs. A recess was taken at midday to enjoy a luncheon prepared by the Council of Jewish Women in an adjoining room, and afterward Mrs. M. Leonard Reed gave a talk on the subject of "Self-Expression," followed by a short program of songs.

A memorial tribute was paid to Mrs. Mero L. Tanner, past president, and wife of "Corporal" Tanner. Addresses were made by Mrs. Blount, Mrs. Mary S. Lockwood, Mrs. Laura V. McLoughlin, Mrs. Hannah B. Sperry, Mrs. Ada H. Weiss, Mrs. Fannie Pomeroy, Mrs. Joel Hillman, Mrs. Ella S. Knight, Mrs. Carlisle E. Kent, Mrs. Emily L. Hagan, Mrs. Catherine G. Bollinger and Mrs. C. E. Main.

Mrs. Mira F. Rosenau of the Council of Jewish Women, representing the Washington branch of the Inter-Municipal Public Health Research Committee, appealed to the federation to approve its crusade against the illegals of the city of Washington. The movement was approved by unanimous vote.

Miss Laura J. Graddick, secretary of the Women's Bindery Union, the Auxiliary of Local 2, International Brotherhood of Bookbinders, in speaking in the cause of the temperance cause, referred to a recent speech, in which he declared that they were necessary to maintain proper relations with capital.

The supreme feature of the session was the election of officers, which occupied three hours of the afternoon, and resulted in victory for Mrs. Main by a close vote. Others elected were: Mrs. McLoughlin, Mrs. Creery, first vice president; Mrs. Jessie L. Engle, second vice president; Mrs. Grace Foster, corresponding secretary; Mrs. Addie W. Foster, recording secretary; Mrs. Helen R. Tindall, treasurer; Mrs. A. L. Jackson, auditor; Mrs. Ellen S. Cromwell, general federation secretary.

A motion to have some of the elections made unanimous was ruled out. Mrs. Main, the new president, invited all past and newly elected officers of the federation to meet tomorrow evening at her home, 29 Massachusetts avenue northeast. Before adjourning the federation accepted the invitation to meet again next year in annual convention at the temple, extended by Mrs. Charles A. Goldsmith, president of the Council of Jewish Women.

Colored Non-Coms Retired.

Two colored non-commissioned officers have been placed on the retired list on their own applications and will receive three months pay and allowances amounting in each case to about \$30 a month. They are Barrington, Sgt. Major Logan of the 24th Infantry, and First Sgt. William H. Johnson, troop E, 10th Cavalry, each of whom have served thirty years in the army.

Seventh Day Adventists.

The Washington Training College, in connection with the Washington Sanitarium of the Seventh Day Adventists, is planning to begin a class in the nurses' course at the opening of the winter term in December.

The general conference committee of the same denomination has selected Thanksgiving day as the date to inaugurate the general movement in connection with the raising of \$150,000 for the advancement of the work in fields in this country and abroad.

Dr. and Mrs. H. C. Menkel, after a short visit in Takoma Park, sailed yesterday from New York for India. They will arrive at Calcutta in time to attend the India general meeting.

Mr. A. Wellman of the West Indies was a recent guest of friends in the park. He sailed several days ago for Port-of-Spain, Trinidad, where he will resume his work.

After visiting the park, in the interests of the West Indian school enterprise, Mr. George F. Enoch returned to Takoma Park last week. He sailed a few days ago from New York for Barbados.

Mr. Norman Johnston, secretary of the Jamaica conference, who recently underwent an operation at the Melrose Sanitarium, visited the headquarters in Takoma Park. He sailed on his return voyage a few days ago.

HIS ANNUAL REPORT

JAMES L. EWIN TALKS OF ANTI-SALOON LEAGUE.

James L. Ewin, president of the Anti-Saloon League of the District of Columbia, who is at present in attendance upon the national convention of the organization, which opened in St. Louis the 19th instant, made a report on the anti-saloon work in the District at the session held yesterday.

In his report Mr. Ewin said: "The work of the Anti-Saloon League of the District of Columbia during the past year has been along the same lines as during the previous years since June 23, 1882, but many novel difficulties have presented themselves and some new methods have been tried. Fifteen new churches, etc., were affiliated during the year, and the league now embraces delegates from 131

churches, temperance societies and other organizations, including nine District-wide bodies. It has always been an actual federation of this description, the representatives of the affiliated bodies constituting its active membership.

The anti-saloon revival of 1906 in Washington lasted eight days in October, with Rev. Albert H. Zimmerman and Ora Samuel Gray as the speakers, and George A. Fisher and Mrs. Zimmerman as singers. Dr. Chapman's great speech on "A Stained Flag" followed, October 31. Sunday, October 21, was observed as District of Columbia temperance Sunday, at least thirty-one churches of eight denominations throughout the District, and other dates by at least three more, and in something more than a score of the churches the pastors themselves, in connection with their annual sermons, distributed the league's subscription cards, in several cases with gratifying success. Previous agitation meetings had been held to the number of five or more, and speakers furnished for other occasions.

A necessary and leading part of its work has always been the enforcement of the prohibition law of the District with reference to limiting to the utmost the grant and renewal of licenses. This department is under the direction of A. E. Shoemaker, attorney. During the license year which closed October 31, 1906, the excise board rejected thirty applications for license, and twice as many more at least were defeated before they could reach the board.

"Five hundred and twenty-one bars, including hotels and clubs, and 139 wholesale stores were licensed, total 660, which was an increase of six over the previous year, but a per capita decrease considering the growth of population.

"Five licensees did not apply for renewal, and the present number of licensed places throughout the District is 655-517 bars, 139 wholesale stores—which is one to every 506 of an estimated population of 331,283, against one to every 218 of the then population in 1862, when the licensed places of temptation numbered 1,100. A portion of the District, officially estimated at 642 square miles, is still under consideration.

"Two threatened adverse acts were defeated for the time being, at least: Another attempt was made to prohibit the sale of the excise board in a bill to be recommended by the District Commissioners, which did not even reach Congress, and a liquor-club bill introduced by Senator Penrose of Pennsylvania, which was reported

Common sense is just as necessary (even more so) in medicine as in business or the affairs of every-day life. People are getting to know more than they used to. Not so long ago it was the fashion to make all sorts of claims for a medicine, and wind up by asking the reader to go to a drug store and buy a bottle. People won't stand for that kind of thing now. They want proof—tangible proof. They want to try the remedy first, and if they find it to be what they claimed they will be glad enough to go and buy it.

"Matter of Legislation. "District legislation by Congress has involved more work than usual the past year. Two bills were drafted by the league's legislative committee and introduced at its request through Mr. Dinwiddie, and are still pending. A prohibition bill was introduced by Judge A. R. Webber of Ohio without consulting the District of Columbia league or the national legislative superintendent, and is still under consideration.

on adversely by the excise board and the Commissioners, and is presumably dead.

"The District of Columbia league never had more hearty and general commendation by the members of the District than at present, and is equally appreciated by the several young people's societies and by nearly all the great temperance societies, including the I. O. G. T., the W. C. T. U., the S. of T. and the I. O. S. J. of the District, whose highest bodies are affiliated for aggressive interchurch, interparty and inter-society opposition to the anti-club and anti-temperance traffic in drunkard-making drinks."

New Boats for Local Use.

Plans have been prepared by J. R. Cumberland for a new 30-foot cabin launch to be built during the coming winter for Mr. Harry Holliday of this city. Work on the new craft will be started the coming week in the boathouse at the foot of 9th street. Messrs. J. R. and E. A. Cumberland will be the builders of the new craft, and she will be ready for service in the early spring. The new launch is to be a rooey craft, and in her cabin there will be sleeping room for about eight persons without crowding, although on daylight trips she will be able to carry a much larger number. The launch will be equipped with a grill which will be fitted with a cooking stove and other kitchen appliances, and she will have modern equipment to fit her for long cruises to the lower river. A nine-horsepower gasoline engine will furnish the power to drive her along, and the new craft will have a speed of nine or ten miles an hour.

Plans have also been prepared for the new trunk cabin which is to be placed on the power launch Marion R., belonging to Mr. W. J. Egan, and which will be ready for coming dull season in boating. The work is to be done at Cumberland's boathouse, at the foot of 9th street, and the launch will be ready for service in the early part of the next boating season. The new cabin of the Marion R. will be rooey, and will accommodate six persons on long trips. It is also to be modern in all its equipment for safety and comfort.

"Please excuse my delay in writing to you sooner in regard to your Pyramid Pile Cure has done for me. I consider it one of the finest medicines in the world for piles. I suffered untold misery for four months, when my wife begged me to send for a box. When it was half gone I knew I was better, and it didn't take any begging to get me to send for a second box. I think I am about well now, but if I feel any symptoms of a return I will order at once. I order it from the Pyramid Pile Cure, as I will come by return mail and the results will both delight and astonish you. Yours for a remedy like Pyramid Pile Cure, J. J. McEwee, Honey Grove, Tex., R.
