An Excellent RAIN-COAT.

The Kenreign Raincoat is acknowledged peerless. The process of rainproofing gives absolutely the best results.

But that isn't all. The style and finish of these coats make them as desirable for clear-weather wear as for stormy weather. They never look dragged out and shapeless.

Meetings to Discuss Bailey.

WACO, Texas, December 8.—Political circles in Texas are excited over the disclosures given out last night regarding the case of United States Senator Bailey and the Waters-Pierce Oil Company. His afternoon a call was issued for a mass meeting in this county with a view to instructing members of the legislature in connection with Mr. Bailey's candidacy for reelection. It is understood that mass meetings will be called in other counties of the state.

The Tribute of Silence.

David Warfield, in the Bohemian.

The greatest compliment to me after a scene is when it is followed by utter silence. Applause so often breaks the delicate thread of interest that connects the actor with his audience. When audience applaud, the technique has been excellent, but the actor did not get their souls as he should like.

Thousands of situations have been obtained through the want columns of The Star.
