Offerings in New Wash Fabrics

THERE'S a particular fascination about the fresh and airy Wash Fabrics as winter disappears and spring approaches. Larger and more varied assortments make our present stocks even more enticing than those heretofore displayed. According to usual custom, we should charge full value just at the beginning of the season, when the goods are in greatest request. But we are fond of doing the unexpected, and so give our friends the advantage of the low cost at which long-ago buying secured these dainty fabrics for us.

19c. Mercerized Batiste, 15c.

A very popular soft-finished material, in a beautiful array of colors, such as Lavender, Apple Green, Red, Navy, Light Blue, Pink, Gray, Royal Blue, Black and White; resembling the more expensive goods. These make very stylish dresses. Only a small lot, at, a yard, 15c.

Hydegrade Manchester Galatea Cloth, 15c. Yard.

In a large assortment of stripes, checks and dots; dark and light colors, for boys' blouse suits, children's dresses and women's skirts. Will launder without fading. 19c. value. For Monday, only, 15c. yard.

ARMY AND NAVY NEWS

Medals for Officers and Men of the Navy.

The Navy Department is making an extra effort to find certain officers and men of the navy, both of the regular establishment and volunteers, who took part in the war with Spain. There are many such who have left the service and whose addresses are unknown. All of them are entitled to battle medals for taking part in the West Indian campaign. There are some thirty-six or forty vessels which took part in the engagements in 1898, up to the fight off Santiago on July 3. The Navy Department has had these medals struck off at the Philadelphia mint, and is dis-

tributing them to the people now in service whose location is of record. The department is availing itself of the facilities of distribution and publicity afforded by the Post Office Department, and every postmaster will receive a bulletin which he is asked to display so that the people in all parts of the country who are entitled to these medals and others who know of those in that class may communicate with the bureau of navigation.
Artificial Lake for Coast Defense.
Some interesting recommendations have been made to the War Department respecting the proposed artificial island at the entrance to Chesapeake bay, if Congress will grant the authority. This island will be built up from a submerged ledge, and it was originally suggested that it contain a battery which would command the approach to the bay's entrance. It is now recommended that the island be made sufficiently large to contain quarters and barracks for men and a parade ground for drill, together with suitable storehouses for the provisions and ammunition required for a protracted period. It is also recommended that there be constructed an artificial harbor to accommodate the supply

of boats and submarines, the latter to form an adjunct of the coast defense system. These recommendations are the result of observations made abroad by Maj. Gen. John P. Story, retired, formerly chief of artillery, who is continuing some valuable work in connection with the development of the coast defenses of the country.
Reduced Forage Rations.
Because of the reduced state of the current appropriation for regular supplies it has been found necessary to reduce the rations of the four-legged members of the regular army. According to orders just issued horses will receive 9 pounds of grain and 10 pounds of hay a day, a reduction of 3 and 4 pounds, respectively, and mules will get 8 pounds of grain instead of 9, as heretofore.
At the same time an order went out that no extra issues of fuel will be granted to the post commanders, and that fuel consumption for the remainder of the fiscal year must be reduced to the lowest possible limit.
The Constitution Not to Go.
On account of the lack of the necessary funds the Navy Department has abandoned the plan of installing the frigate Constitu-

tion as part of the naval exhibit at the Jamestown exposition. The old warship is now undergoing extensive repairs at the Boston navy yard. The desire to have the Constitution in its restored state at the Jamestown exposition is appreciated as only natural under the circumstances, but the Navy Department possesses no fund which would enable the government to make repairs to the hull of the vessel necessary to fit her for the voyage down the coast. The naval constructor at Boston has reported that it would require at least \$20,000 and perhaps \$25,000 to do the work which would be necessary.
Trial of Capt. Low.
A general court-martial is in session at the navy yard, New York, for the trial of Capt. Theodore H. Low, United States Marine Corps. Col. Allan C. Kelton is president and Capt. Harold C. Snyder, United States Marine Corps, is judge advocate of the court. Capt. Low is charged with neglect of duty and culpable inefficiency in the performance of duty in his capacity as post exchange officer during the time from June 7 to August 14, 1906.
When Troops May Take Part.
Gen. Bell, chief of staff, has announced

the policy of the War Department with respect to the attendance of troops of the regular army on certain occasions as follows:
Whenever practicable troops will be permitted to participate with the organized militia in camps of instruction in local celebrations of a purely patriotic nature or in celebrations that commemorate important historical events, exhibitions to which government aid has been extended and in the annual military tournament at the Madison Square Garden, New York city.
Requests for troops to participate in any other tournament, unless it is to show that such tournament is a bona fide military affair, in state or country fairs, carnivals, festivals or in other celebrations of a purely local and commercial character, will be denied.
Sailing of the Logan.
The War Department is informed that the transport Logan has sailed from Manila for San Francisco with the 5th and 28th Batteries, Field Artillery, 198 enlisted men, 18 sick, 2 insane, 67 casuals, 30 general prisoners.
Graduation of Assistant Surgeons.
The assistant surgeons of the navy who

have been under instructions at the Naval Medical School in this city will be graduated March 30. Assistant Secretary Newberry will present the diplomas and an address will be made by Dr. J. Chalmers de Costa of Jefferson Medical College, Philadelphia, Pa.
Following is the list of members of the class: Abraham Herbert Allen, Pennsylvania; Matthew Howard Ames, Maryland; Maron Clarke Baker, Tennessee; Heber Butts, Missouri; Dow Holmes Casto, West Virginia; Frederick De Sales Chappeler, Maryland; Isidore Franklin Cohn, Pennsylvania; Elmer Eaton Curtis, Oklahoma; Henry Louis Dollard, New York; Martin Donelson, Tennessee; John Otto Downey, West Virginia; John Flint, Massachusetts; James Plummer Haynes, Kentucky; Earle Jones, Texas; Edward Lee Jones, New Mexico; John Brooks Kaufman, Virginia; William Solomon Kuder, Pennsylvania; Andre Edward Lee, California; James Morgan Linter, Georgia; Thomas Wrightson Bason, Kentucky; Robert Cathcart Hamilton, District of Columbia; Auser Hamilton Robnett, Texas; Harry Luther Smith, Pennsylvania; Willard George

Steadman, Jr., Connecticut, and Condie Knox Winn, Alabama.
Army Orders.
Maj. William B. Banister, surgeon, is relieved from duty at Jefferson barracks, Missouri.
Leave of absence for one month is granted Maj. John B. McDonald, 15th Cavalry.
By direction of the President, First Lieut. William H. Menges, Artillery Corps, is detailed as professor of military science and tactics at the Ohio Wesleyan University, Delaware, Ohio, to relieve First Lieut. Clarence M. Condon, Artillery Corps.
Leave of absence for one month is granted Contract Surgeon Samuel A. Greenwell, United States Army.
First Lieut. Clarence M. Condon, Artillery Corps, is attached to the 4th Company, Coast Artillery, and upon his return from duty at the Ohio Wesleyan University will join that company at Fort Hunt, Va.
Officers recently promoted have been assigned to regiments as follows: Maj. C. E. Dentler, to the 23d Infantry; Capt. E. G. Peyton, to the 17th Infantry, and Capt. E. W. Tanner, to the 11th Infantry.
