COL. JONES DECLINES Governor of Maryland... Withdraws From Candidacy for Governor of Maryland... ISSUES A CARD TO VOTERS... Friends Say That He Has Been Unfairly Used... SELECTION OF THE DELEGATES... Said That Lack of Harmony Has Put the Democratic Party in Bad Shape... Special From a Staff Correspondent... ROCKVILLE, Md., July 11.—Col. Spencer C. Jones of this place has withdrawn as a candidate for the gubernatorial nomination to succeed Gov. Edwin Warfield. In a card announcing his determination he says: "I do not think it necessary in this card to review the beginning and progress of my candidacy for the nomination for governor of Maryland by the democratic party. I simply desire to acknowledge to my fellow-citizens my appreciation of the cordial and flattering support they have given me. Nothing in all my political life has given me more pleasure than the assurances I have received from all sections of the county that my past career has been such as to justify their earnest desire that I attain to the exalted position of governor of this state; but, owing to recent occurrences in our county, and after mature reflection and consultation with many friends upon whose judgment I confidently rely, I have concluded to withdraw from the contest. "The recent occurrences" referred to by Col. Jones are interpreted by his friends to mean the recent action of the state central committee of the democratic party in changing the method of selecting delegates to represent the county at the state convention. For this year it has been decided to carry the county for governor to name his own delegates, but the recent action of the central committee for the county is to change the method of selecting delegates to represent the county at the state convention. The biggest portion of the wheat harvest has been completed in this section of Montgomery county. The farmers are generally satisfied over the outlook for the year. The largest yield they have had for years. Hay harvesting began today, and a fair crop is to be realized. Dr. John Rome, veterinary surgeon, for the past six or seven years located at Germantown, near where he is milk and dairy inspector for the District of Columbia, is to be relieved of some of his duties, which is so large that it makes his work too burdensome. Dr. Rome has under his supervision nearly 600 different dairies in Montgomery and Frederick counties, from Randolph, east of here, to a few miles west of Frederick. Dr. Rome is now in Rome has under his charge for inspection nearly 13,000 milk cows, and the number is increasing each year. The loads of milk were shipped today from this point to Washington. One car contained 150 hogs, seventy-five of which were from the farm of Mr. Price, also thirty head of beef cattle, averaging 1,200 pounds. The local-option election in Madison district, Orange county, Va., which includes the towns of Gordonsville and Orange Courthouse, takes place July 20.

Latest Scheme for Comfort of Sick Jungle Folk. TO HAVE ALL ACCESSORIES Accommodations for All From Elephant to Monkey. SURGEONS IN ATTENDANCE Ambulance Will be Provided to Hurry Emergency Cases to New Institution for Treatment. A hospital for animals, birds, snakes and the other creatures on exhibition at the National Zoo will be the latest addition to Uncle Sam's aggregation of public institutions in Washington. Steps for the erection of such a hospital in the Zoological Park are now being taken by the authorities, it was learned today. "Should the big elephant, Dunk, or even the 'hellbender' from the marshes of Florida, be seized with a sudden attack of acute rheumatism, or the lower lakes and the polar bear be overcome by the heat of this latitude, or the bewiskered ring-tailed monkey from the tropics become the victim of the grip, they will find themselves placed in the emergency ambulance of the Zoo, for it is not mete and proper that any well-regulated hospital should be without a 'hurry-up wagon,' and whisked off to the combination animal-bird-snake hospital for treatment. Hereafter when any of these investigations will be carried on, it might be necessary for the attendants to give such amateur treatment as they could to the patient." Staff of Zoo Physicians. Hereafter when the hospital is completed there will be a staff of zoological physicians and surgeons at the institution to give immediate attention to the sick or hurt ones, be they animals, birds or reptiles. In this manner the authorities of the Zoo believe they will be enabled to save many rare and valuable specimens which might be lost in their checks" because of the lack of expert treatment. "It is a matter of fact that when the denizens of the jungle, the air or of the marshes and waters become ill it is necessary to remove them from the cages or cases in which they are now kept, and to give them quiet and rest, as well as medicine and the proper nourishment. That in cases where two or more ferocious animals become involved, and the attendants are injured, it is requisite that they receive prompt emergency treatment away from the institution, and that they be brought to fruition. An Important Improvement. The authorities of the Zoo stated today that the most important improvement to be made in the Zoological Park this year is the erection of the building for a hospital and laboratory. The building was officially described today as "a place where sick animals and those which have met with accidents and need of urgent treatment can be cared for under favorable conditions, and in which needed where certain kinds of animals can be kept for a while after they are received from the wild, and where it is ascertained whether they have any disease, that might be communicated to other and healthy animals if they were put immediately into exhibition cages or cases. In the case of some animals, and especially those from certain countries, the regulations of the Agricultural Department require quarantine before they can be put on exhibition. All of this calls for a building which is constructed with reference to sanitary requirements, and with convenience for medical and surgical work. "A building is now being planned to meet the requirements, and it is expected that the work will be completed in a few weeks before the end of the summer. It is intended to provide a hospital room for herbivora, carnivora and birds, and a room for monkeys, and another for small animals. Provision will also be made for birds. There will be a surgical and laboratory room, and a room for the use of animals that die can be examined to ascertain the cause of death. A place will also be provided for bacteriological examinations can be made." On an Isolated Site. It was further explained that a building for these purposes needs to be somewhat isolated from other animal buildings and away from the places most frequented by visitors. The site on which the building will be placed is high and well drained, and there are no other buildings in the vicinity. The Rock creek intercepting sewer, which is near by, will take the sewerage, and the building will be completely isolated as completely as possible. It is expected that in connection with the work here pathological and bacteriological investigations will be carried on, and comparatively little is known regarding the diseases of wild animals. KEMP'S SHORTAGE GROWS. Another Death Assessment is Found to Be Unpaid. Nothing has yet been heard by the police department with regard to the missing of James Arthur Kemp, the absconding chief clerk of the police department. Having so completely disappeared without leaving any clue upon which the detectives could work it is a matter of waiting until something is accomplished by the descriptive circulars. The police hardly believe that Kemp will make an effort to hide in a country place, realizing that it is usually much easier to escape notice in a big city. He is an expert stenographer, typewriter and telegrapher, and it would be an easy matter for him to find employment in a large city. The investigation of his accounts, it is reported, has brought to light the fact that there is an additional death assessment which has not been paid. It is the assessment in the case of Lee Blakey, a colored janitor, who died some months ago. Objection was made to the payment of the money, the claim being made in court that he had an heir who lived away from this city. It is stated that the money should have been turned over to the court, but that the missing chief clerk was not compelled to pay it. Today the police are selling tickets for the annual race meeting at the American League Park next week. The program will include a number of horse races, and a variety of sporting contests and races of various kinds. Castelnberg's National Jewelry Company has announced that it will present gold medals to the winners of the several events. Alleged Embezzler Held. Dudley Gordon, a driver and collector for the Home Ice Company, was arraigned in the Police Court today on a charge of embezzling his employer's funds. Judge Mills held him for the action of the grand jury, and in default of \$500 bond Gordon was ordered to be committed to jail. Gordon worked for about three weeks as a driver and collector for the ice company, and at the end of that time, it is alleged, he was about \$50 short in his accounts. Jumped From Window. Lena Johnson, colored, twenty-four years of age, was treated at the Emergency Hospital this morning for a severe injury to her right knee. She said she received the injury by jumping from the second-story window at 717 Brown court southwest while engaged in an altercation. Her home is at 447 King court northwest.

Va., July 11.—The Shenandoah is clear and the Potomac very cloudy. ARREST OF LAUNDRY EMPLOYEES. Larceny of Property of Columbia Hospital Alleged. Policemen Pat Creagh and Joe Grant of the third precinct arrested seven employees in the laundry of the Columbia Hospital, 25th street and Pennsylvania avenue, last Tuesday afternoon. Charges of larceny were filed against them in the Police Court today. Annie Johnson was ordered committed to jail for three months, and Nellie Hall and Lizzie Spriggs for one month each. Isabel Johnson forfeited \$10 collateral, and Lucy Garnett and Rebecca Smith each forfeited \$5. Annie Green demanded trial by jury. Her arrests were the result of a quarrel between Isabel Johnson and a girl named Mamie Pope. Isabel told Policemen Creagh that Mamie had some clothes belonging to Isabel, but would not return them. Policemen Creagh went to interview Mamie on the subject. "She said I had some clothes belonging to her, did she?" Mamie shouted. "Did she tell you about the seventeen sheets she has that belong to the hospital?" "Yes, she told me about a couple of times and started to run down the clue. The arrests followed, and visits to the laundry were made. The Virginia street northwest, 833 25th street and 23d and G streets revealed a quantity of linen and instruments with the hospital marks on them. The hospital was compelled to engage a new staff for the laundry after Policemen Creagh and Grant became busy. BUT LITTLE CHANGE. Local Lockout Situation Remains About as It Was Yesterday. There was no apparent change in the local building trades lockout and strike situation today. Large placards were posted today in the shops of all members of the Master Sheet Metal Workers' Association, which is the workers' declare in an open-shop declaration. The placards bear the resolutions recently adopted by the Master Sheet Metal Workers' Association, signed by A. S. Johnson, president, and J. A. Pierpont, secretary, as follows: "Whereas, the Builders' Association has proved through their experience that arbitration is not a solution to the labor problem, and in their opinion the only permanent solution is to be found in the direct employment of employ such men as are competent to do their respective work, irrespective of their union or non-union status, it is resolved, that this association reserves the right to employ any competent men who will faithfully perform their work, and will not be deterred by any union or non-union status, and that such men as may be employed on the same operation. "Inclusive sessions of committees representing the journeymen bricklayers and plasterers were held last night, but the committee failed to discuss the nature of the matters considered. "Not much change is expected in the situation of affairs for ten days. The President of the bricklayers expresses, it is said they will go on a general strike unless all non-unionists are dismissed from work on the construction of the District at the expiration of that time. CHANGE IN THE PLAN. Naval Battalion Not to Cruise Aboard U. S. S. Puritan. In connection with the coming out of the National Guard of the District of Columbia it is announced that the Naval Battalion will not use the U. S. S. Puritan, as was intended, but will cruise aboard the U. S. S. Oneida. The latter craft will make four trips of ten days each, carrying a division each time. As a result of the change of plan the fire battery and the Naval Battalion in the coast defense exercises in the Potomac river from July 18 to July 27, inclusive, with land forces, but the division first to cruise will engage in that work. Bicycle Boy Hurt. Herbert Ramsey, twelve years of age, whose home is at 621 F street northeast, was knocked off his bicycle this morning and seriously injured. The accident occurred at 5th and I streets northwest, and the boy was taken to his home in an automobile by Elliott Morse of 148 G street northwest. Building Permit Issued. Inspector Ashford issued a building permit today to F. G. Purner to erect a second story over the present one-story frame and brick store at 3317 Brightwood avenue, estimated to cost \$1,800. Architect, E. C. Cowell. Builder, F. G. Purner. Great damage was done by storm Tuesday at the town of Brydon, six miles from Grafton, W. Va. Two houses occupied by families of miners, and the houses of Harrison were overturned. Trees were torn down and the town presents a dilapidated appearance.
