

# Linen warp etamine

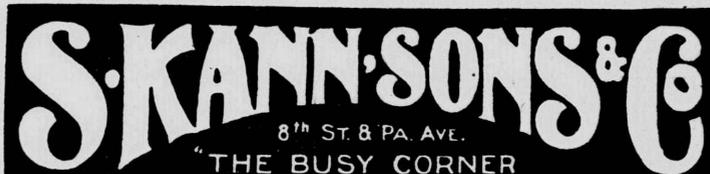

The scarcest fabric in the market today

And regularly sold at 59c a yard - - - **48c yard**

The favorite for three-piece coat suits. We have natural tan, gray, cadet, black, old rose, mulberry, light blue, lilac, wistaria, lavender, navy. Only 21 pieces, and it is mere accident we have them. We accidentally discovered the goods in the importer's receiving room and got them solely because he was under obligations to us. And this after we had searched the whole New York market for these goods and failed to find them.—First Floor—Wash Goods Section.

300 beautiful TRIMMED HATS in big purchase AT \$5, HATS worth \$7.50 and \$8.50

Delayed warm weather and timidity of manufacturers resulted last week in purchases by us of nearly 2,000 New Suits at prices much below regular. These will be displayed tomorrow, and the opportunity offers not only a comprehensive view of the season's styles, but bargain chances for Easter suits. A regular fashion show. There is everything in Spring Suits that fashion has demanded for her subjects to wear from the plain tailored model to the elaborate three-piece costumes. At the prices named there will be found suits of broadcloth, serge, satin stripe prunellas, panamas and fancy worsteds. The coats are fashioned very much after those worn by the men, inasmuch as they fit loosely from the shoulders down. The coats are lined in best quality plain color silks or satin, and some in fancy striped effects. Many of these suits are embellished with bands of silk, satin, braids or buttons, and are unusual value at prices quoted—\$18.00—\$24.75—\$29.75—\$35—\$39.75. All the staple, as well as the favored high colors, are represented, and we vouch for it that whatever your desire in a spring suit it can be satisfied from these. Test us Monday—Second floor.
