

to take their chances with the politicians and not with the people.

Col. Roosevelt then turned to the subject of tariff. He said that he stood for a protective tariff, but wished it to be so arranged that a proper proportion of the benefits from the tariff will go to the workers.

"I want Ohio," he continued, "to stand with us in this fight. I did not want Ohio to be a party to the tariff, but I want Ohio to share in the victory."

Roosevelt Says He Has Not Changed

STOUTSBURG, Ohio, May 14.—A crowd of several thousand persons gathered in front of the courthouse in Stoutsville to hear Col. Roosevelt.

"Our opponents contend against the bread and butter brigade," said the colonel. "We have to contend against the big bosses and the special interests. I wish to see Ohio take the lead, as it took the lead in its extraordinary vote in 1904, when I was running for President."

"I see that yesterday Mr. Taft alluded to me as a demagogue and an egotist. I wish to tell you that I have no egotism in my mind. But I want to point out that four years ago Mr. Taft had not yet learned these things about me. I stand now where I did then. I haven't changed my position. I preach exactly what I preached four years ago and Mr. Taft didn't change either."

Col. Roosevelt went on to say that four years ago "every big boss" was against Mr. Taft, but that now they were all for him.

Says Taft Has Changed.

"We who believe in the right of the people to rule," he said, "are against Mr. Taft. The bosses haven't changed. We haven't changed. Mr. Taft has changed. He has left the cause of the progressive and has gone over to the side for which the bosses fought."

"The bosses have studied Mr. Taft and have used his mind that he is just about their kind. He no longer stands for the cause for which Lincoln stood. He may call me every epithet he chooses, but I am just the same as I was four years ago, when he could not say enough for me."

"Mr. Taft can attack me for any of my past acts, but he cannot attack me on the record of my administration and he is estopped from assailing me on the record of my administration of which he was a part. He cannot now with honor turn and oppose acts of the administration while he was in the cabinet."

Y. W. C. A. CAMPAIGN FOR FUNDS CONTINUES

Plans for keeping up the work of raising funds for the Young Women's Christian Association building were laid at a meeting of the business men's committee, headed by Eldridge E. Jordan, at 1233 F street this afternoon.

The committee is the same as that which took part in the test day campaign which ended so satisfactorily yesterday with a total collection of more than \$120,000.

The members of the women's committee will also continue their work, it has been decided, and \$1,000 additional subscriptions not reported yesterday were added to the fund.

Tribute by Simon Wolf.

Yesterday afternoon, after the reports of the campaign had been made at the headquarters, Simon Wolf, whose wife has taken an active part on one of the teams, made an address, in which he said:

"To help the deserving, to relieve the destitute, to educate the ignorant, to aid the progress and to humanize, is not the privilege of any special class of men, but the sacred duty of all men. It is in this spirit of broad Christianity that the association has been created and it is for the fruitage of the non-sectarian vintage it is achieving. You have done much so far. Greater results are bound to follow."

"Civic pride, national enthusiasm has been the keynote of the campaign. The library is to architecture and literature the Young Women's Christian Association building will prove as a home and an asylum for the women of the land, who are brown and brain, reinforced by heart and soul, and find a spur for the highest development of moral, spiritual and physical womanhood."

"Continue your noble campaign, batter down the selfishness which is the unwilling. Remember that some of our 'uncle' rich are controlled by their money instead of controlling it. Impress upon others the best legacy to leave children is the enjoyment of their expected inheritance. Let us have a consoling thought that every one must give according to his means, but give willingly."

Now being presented at a year's time the new building of the Y. W. C. A. would be dedicated.

Thanked for Their Assistance.

Charles S. Ward, international Y. M. C. A. secretary and director of the present campaign, said:

"This has been a campaign of the people. Three thousand of them have subscribed \$120,000, an average of \$40 each. The business women have been the most conspicuous feature of the campaign. Their collections amount to \$90,000, which show the strong spirit of self-help that actuates those who make up a large part of the membership of the Young Women's Christian Association."

has proved its worth, and I am sure that the association in the National Capital will have a building for its growing and important work. Witnesses in Titanic Inquiry Before British Board. VARY ON DISTRESS CALL

Capt. Lord of the Californian First to Be Heard.

EVENTS OF DISASTER RECALLED

Skipper Does Not Remember Being Called During Night—Apprentice Seaman's Story.

LONDON, May 14.—In the expectation that J. Bruce Ismay, managing director of the White Star line, would be present, the hall and galleries were well filled today when the British court of inquiry into the Titanic disaster resumed its sessions.

Capt. Stanley Lord of the Californian, a vessel which was in the vicinity when the Titanic sank, was the first witness to undergo examination.

Sir Rufus Isaacs, attorney general, indicated that there would be a material difference between the reports of the captain and his officers in regard to the steamer seen from the deck of the Californian during the night of the catastrophe.

Capt. Lord said he was sure the steamer which had been seen by a vessel of about the size of the Californian. He said he had not been told that the deck lights of the vessel had disappeared. The second officer, however, he said, reported in the morning that the vessel whose masthead light had been seen from the Californian had started again at about 1 o'clock and went off to the southwestward, her stern light being seen at 2 o'clock.

Saw Only One Rocket.

"It was reported in the morning that the steamer which had been seen during the night had fired several rockets, but I saw only one. If they had been distress signals I should have heard the reports of the rockets, as the vessels were only five miles apart. I did not hear that the Titanic had fired any rockets at the time I thought, as she was reported to be nineteen miles away, we might have seen her rockets."

Allen Edwards, representing the Dockers' Union, asked Capt. Lord whether he had a present of \$200, because he said, reported in the morning that the vessel whose masthead light had been seen from the Californian had started again at about 1 o'clock and went off to the southwestward, her stern light being seen at 2 o'clock.

Mr. Baer will be asked about a sale of culm dump property negotiated by John Henry Jones through W. J. Richards, vice president and superintendent of the Philadelphia and Reading Coal Company.

Jones, out of his commission on this transaction, testified that he made Judge Archibald a present of \$200, because he had accommodated him in negotiating \$500 on a note. Richards also has been subpoenaed.

Others Summoned.

Other witnesses summoned to appear are Fred Warnke of Scranton, a promoter; James R. Dainty, Scranton; S. D. Conn, vice president of the Lehigh Valley Coal Company; and H. C. Jones, originator of the charges against the jurist.

The committee took a recess today, owing to the consideration in the House of the anti-injunction bill. Beginning tomorrow, it is planned to hold night sessions. A committee in order to expedite the inquiry.

Testimony of Apprentice.

Gibson, an apprentice on the Californian, who was on the bridge that night of the disaster, said that he could not see the outlines of the steamer which was lying nearby, but only the glare of her lights.

Witness said that while watching the steamer which was firing rockets, the second officer remarked that the steamer was not firing rockets at sea for nothing and that the captain was awake.

REPORT OF ALIENIST ON RICHESON SECRET

Executive Council Meets Tomorrow to Consider Clemency Plea.

BOSTON, May 14.—A meeting of the executive council, which alone has the power to save Clarence V. T. Richeson from paying the extreme penalty for the murder of Avis Linnell, was called today for noon tomorrow.

If Gov. Foss is satisfied with reports from alienists, state officials and others that there is a reasonable doubt regarding Richeson's responsibility, he has the power to refer a petition for commutation of sentence to the council with or without suggestions, but the council is not bound by anything the governor may say, and the governor has no power to order a reprieve or a commutation without the consent of the majority of the council.

Alienist's Report Secret.

In case a petition is referred by the governor to the council the matter first will be considered by the pardon committee of the council, which may hear testimony and consider what evidence the vacant slot above him. It should be noted that the report of the pardon committee is usually secret.

Upon receiving the report of the pardon committee the council usually acts upon it immediately in executive session and then lays its recommendations before the governor.

Up to noon today the report of Dr. L. V. Allen, who today continued his report, was kept well hidden.

It was understood that the other three alienists, Drs. Steadman, Tuttle and Frost, were at work on their reports and that they would be in the hands of the governor before the council meets tomorrow.

Mr. White Warmly Greeted.

The five hundred delegates gave Mr. White a warm welcome. He complimented the anthracite miners for their peaceful manner
