**A Mothproof Wardrobe for \$3.50**  
It Will Hold 1 Fur Coat, 2 Fur Sets and 3 Tailored Suits.

The Greater Palais Royal Basement—Housekeeper's Paradise—has ever been first with the latest and best of home needs. Link the Palais Royal with "The Infallible Mothproof Receptacle." The housekeeper is in need of an effective receptacle for safe keeping of furs and such valuables.

**"THE INFALLIBLE MOTHPROOF RECEPTACLE"**  
NOTE ITS NAME.  
It solves your problem completely. It is designed by a practical furrier, whose life study has been the care of furs and woolen fabrics. Before submitting our receptacles to the public we have subjected them to the most rigid tests. \$25,000 worth of furs have been successfully stored in these receptacles last summer as a trial.  
They are built of heavy canvas, which is chemically treated with no unpleasant odor, as in the tarred bag.  
THE IMPORTANT FEATURES ARE THE POSITIVE PROTECTION. This fact is acknowledged by many well known Washingtonians, who stored their valuable furs last summer in our receptacles.  
THE DURABILITY—Instead of dwelling too much on this point, we offer a 15 years' guarantee with every receptacle.  
THE STORAGE CAPACITY—Four times as much as the ordinary paper bag holds.  
THE LOW PRICE—Cheaper than the paper bag, for the latter holds only one-fourth of the apparel that our smallest wardrobe will store.  
THE SIMPLICITY—A child can handle it. A detachable frame with a pole across to receive ordinary hangers is inserted inside the canvas, forming a perfect four-cornered wardrobe, with a side opening like a door, enabling you to arrange the garments with perfect ease.  
You can store in our single wardrobe 1 fur coat, 2 fur sets, 3 tailored suits. \$3.50  
The double wardrobe holds twice as much as the single. \$5.00  
Our tubular carpet receptacle is constructed of exceptionally heavy duck with a pressed steel closure. This will store from 10 to 12 Oriental Rugs. Built to last a \$9.00 lifetime. Price.  
The Palais Royal Basement Floor and "The Infallible Mothproof Receptacle" should be linked in your mind.  
The department chief, Mr. Cavanaugh, is very enthusiastic—and will be glad to personally demonstrate the merits of the "Infallible."
