LORD LONGBOW—HE DARINGLY SURPRISES A TIGER.

"A tiger got after me once, old chap, and a hollow tree afforded me shelter." "However, his scratching about set it roaring, and he dashed at me." "We finally lodged ova a gully, and I recovered from me dizziness to find the brute clawing at the log, old top." "I merely reached through a knot-hole and grasped his tail. My words such a yowl!" "He bounded straight for the bank, drawing me and me log along, ye know." "And would you believe it, he bolted right into me club's compound, and we might have had tiger for supper, only we didn't, old top, as he got away finally."

FREE AMUSEMENTS FOR ALL CHILDREN

Youngsters Interested in Street Safety Campaign to Be Guests at Glen Echo.

STREET SAFETY DAY, GLEN ECHO PARK

July 30, 1913—1 to 6 o'clock. This coupon properly filled out admits to one amusement at Glen Echo Park, Wednesday, July 30, 1913, between 1 and 6 o'clock p.m.

"Safety first. Always guard against accidents to yourself and others."

Work for the elimination of street accidents through education and the enforcement of the law."

Free amusements for all the boys and girls who are for street safety.

That is the slogan for next Wednesday, when street safety day will be observed at Glen Echo, under the joint auspices of the Street Safety Association of the District, the Glen Echo Park Company and the Star.

All that will be necessary will be for a child to present one of the coupons clipped from The Star. One coupon will be given for each amusement for each child. Therefore, the youngsters should get busy immediately collecting the "street safety coupons" in the paper, for the day at Glen Echo. The coupons will be recognized only between the hours of 1 o'clock and 6.

Opportunity for Enjoyment. William F. Penabody, president, is chairman of the committee which is arranging the program for the day.

It is hoped that 100 parents who take their children to the amusement park on this day will talk to them about the special need for using care while on the streets. "Make the day one truly for street safety," urge the members of the Street Safety Association.

Seeking Funds for Campaign. Members of the ways and means committee of the accident prevention organization are striving to raise the \$500 fund which is to be used for prizes.

One contest has already been held by the association. In this instance the money which was used for prizes was contributed by members of the association. It is hoped to conduct similar contests and essay writing contests in the near future, besides which it is hoped to distribute literature dealing with accident prevention.

Contributions to the five-hundred-dollar campaign fund will be received by members of the ways and means committee of the association or the secretary. Their

Inefficient Men

EAT GEORGIA MELON, SUH

Mr. Adamson Gladdens the Hearts of Newspapermen and Others.

Ever since Representative Bartlett of Georgia broke into print and into the hearts of his colleagues and the newspaper men by installing graphophones in his office, Representative Adamson, also of Georgia, suh, has been jealous.

Representative Adamson "got even" in a way which made Mr. Bartlett blush with shame yesterday, for he invited to his office Speaker Clark, Representative Oscar Underwood, Minority Leader "Jim" Mann, Champion Speller Willis of Ohio, "Judge" Hughes of Georgia, and other watermelon lovers, including members of the House committee on interstate and foreign commerce, of which Representative Adamson is chairman, and members of the House press gallery. They went, eager to find what was in store for them.

A glad sight met their eyes when they entered Mr. Adamson's office, for piled high were many luscious watermelons, straight from the banks of the Cheat-noochee river, and each was a yard long, suh—more or less.

The rest of the story can be told only by a series of long "ahs" and "um, ums," which came from the lips of the fortunate ones as they ate. The subject is it to relate that it was not long before there were heaps of "leavings," straight from the banks of the Cheat-noochee river, and each was a yard long, suh—more or less.
