White Hats Are the Latest Wrinkle in Millinery

Fashion has made another change in millinery. Now it is the WHITE HAT trimmed in white or black, and the BLACK HAT with white trimming is next in popular favor.
Tomorrow we invite you to the special sale and display of "Summer" Hats, with White Hats mostly in evidence. Choice is offered of tulle, milan, leghorn and split straws, some with crowns of flowered or plain chiffon, others with chiffon facings.
Wings are used largely in the new millinery fashions, on some hats being used on front, back and sides. We are showing the new MME. PRESIDENT ROSE, in white only, on some of the new summer hats, and this rose is destined to be the most popular flower trimming of the season. Glace fruits are also much in evidence. These are the hats you will see at the Horse Show. See the window of All-white and White-and-black Trimmed Hats. Prices are very low, ranging

\$5.00 to \$15.00

And they are the best values to be found in Washington.
