Leonard Refrigerators Keep Your Food Pure and Sweet

There's no danger of spoiled or tainted food if you have a Leonard Seamless Porcelain Refrigerator. Every food compartment is of one seamless piece of heavy steel porcelain, just like your bathtub. There are no seams or cracks in which dirt, grease or germs can hide and render your food unwholesome. They have a pure dry air circulation that removes all taint and odor, and will perfectly preserve your food. They have solid hardwood cases of either solid oak or ash and have ten walls of heavy Polar felt and a large dead air space for insulation, thus making the Leonard Cleanable the most economical as well as the best food preserving refrigerator made. We've over fifty styles to select from.

Four Points of Leonard Superiority

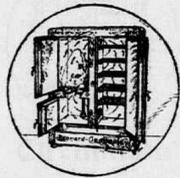

Insulation

10 walls of "Polar felt" and dead-air space insulation protect the ice and make the Leonard the most economical in the use of ice.

No Cracks or Seams

There are no cracks or seams in Leonard Refrigerators in which dirt or grease can hide and taint your food. The rounded corners are as easily cleaned as a china dish.

Circulation

There is a continuous circulation of cold, dry air in Leonard Refrigerators that purifies the air and removes offensive odors.

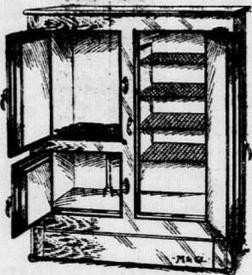

One-Piece Porcelain

Food Chambers of Leonard Refrigerators are of pure porcelain fused on heavy sheet steel. They will not crack, craze, break or peel, like cheaper imitations.

A Talk About Stearns & Foster Mattresses

Stearns & Foster Mattresses are built, not stuffed, of nine layers of pure cotton felt. Each layer is composed of 40 webs of cotton woven like a piece of cloth. There are 360 of these webs fitted into a full size mattress. Stearns & Foster Mattresses will never need remaking like hair mattresses, for they never get hard nor lumpy and cannot pack. Each mattress comes to your home in the bale that it leaves the factory, and you are assured of a fresh, clean mattress.
