Her audience was entirely made up of women. Both Mrs. Sayre and Miss Wilson are expected to return in a day or two to the White House.

Chandler, in Concord, N. H., for the summer.

## Throw Away Your Eyeglasses!

### A Free Prescription

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eye-strain or other eye-weakness? If so, you will be glad to know that there is a reason for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man said after trying it: "I was almost blind, could not see to read at all. Now I read anything I wish to read without glasses, and my eyes do not water any more. At night they would pain dreadfully, now they are clear and bright. It was like a miracle to me." A lady who used it says: "I had to wear glasses, but after using this prescription for fifteen days everything seems clear. I can now do my work in a reasonable time, and multitudes more will be able to strengthen their eyes so as to get rid of their glasses. Eye troubles of many descriptions may be wonderfully relieved by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Oplon. Fill a two-ounce bottle with warm water, drop in one Oplon tablet and stir. Use one drop in each eye a bare the eye two to four times daily. Repeat this treatment every day. If you are ceptibly right from the start and inflammation will quickly disappear. If you are not better after two or three days, stop to save them now before it is too late. Many hopeless blind might have been saved if they had cared for their eyes in time.—Advertisement
