UNIVERSITY OF G. S.

Fess Files Report Giving Scope of Proposed Graduate Institution. PLAN TO MAKE IT CENTER OF RESEARCH OF WORLD

"What we need in Washington is an institution not so much to multiply scholars as to develop scholarship. ... The bill provides for the establishment of a national university, to be the center of research in all the world, to be located in the District of Columbia and to be in the care of the federal government. ... Representative Fess' report explains the measure. It says, in part: "Such an institution will not interfere with nor supersede the hundreds of institutions already existing, but it will supplement them, as it will indeed depend upon them for its supply of students seeking the rank of special expert."

OF PROVEN WORTH.
