**MEMBERS OF CONGRESS TO ADVANCE THE CAUSE OF SUFFRAGE**  
 Support in Appeals From the Stump.  
 Suffrage workers are planning for an active campaign, and have received the pledge of many members of Congress, more than half of them from non-suffrage states, that they will support the stamp for "votes for women" after March 4, if an extra session does not prevent. This was announced today by the congressional committee of the National American Woman's Suffrage Association. Among the senators and representatives who are to be suffrage "spellers" are:  
 Senator Clapp of Minnesota, who has promised to speak wherever he is needed during the month of March.  
 Senator Shreve of Missouri has promised to enter the campaign some time immediately after March 4, and has already arranged to speak several times in New Jersey and possibly New Hampshire. Mrs. Shreve will accompany her husband and will also appear on the platform.  
 Other Senators Enlisted.  
 Senator Borah of Idaho will speak at a big mass meeting in Boston this month, and will also be called upon for New Jersey. Senator Sheppard of Texas, unless he is detained at home, will give his services to New York and Pennsylvania. Senator Walsh of Montana has promised his help in the month of October.  
 Representative Stevens of New Hampshire, member of a non-suffrage state, who will speak in the New Jersey campaign as well as work for suffrage in his own state, has two engagements in New Jersey this week, but after March 4 will go back to New Hampshire, where there is still presidential and municipal suffrage before the legislature. The measure, it is expected, will be passed in the next few days.  
 Representatives Bryan of Washington and Mondell of Wyoming are two others in the suffrage states in coming campaigns.  
 Representatives Enrolled.  
 Besides these men there are many others who are counted upon for help. Among these are Representative Baker, who will speak in New Jersey, and Representative Porter of Pennsylvania, who will speak in his own district.  
 Representative Manahan, who is going back to Missouri to practice law, will leave Washington immediately after the close of the session, and expects to arrive in St. Paul in time to help toward the passage of the suffrage bill which is now before the Minnesota legislature.  
 Representative Abernethy of Alabama, who made a strong speech in favor of suffrage in the House, though he voted against the amendment, is planning to fulfill his promise to help win suffrage in Alabama, where a suffrage amendment is now before the legislature.  
 Representative Hobson, long regarded as the suffrage champion of the south, is another Alabamian who will aid the cause in the next few months.

**SCORES HUNTING AT FRONT.**  
 London Newspaper Severe on English Officers With Sporting Instincts.  
 Correspondence of the Associated Press.  
 LONDON, February 18.—The inability of a certain type of Englishman to repress his sporting instincts when "Sympathetic imagination is never engaged in the greater business war is severely condemned by the Daily Chronicle in an editorial dealing with the front. A number of officers have even imported packs of beagles, the species of hound used in the chase of small animals. The editor of the Englishman's strong point; and for lack of it some of our officers at the front have made a rather serious mistake," says the Chronicle. Then, after quoting a newspaper description of a hunt behind the trenches, it continues: "It does not need much reflection to see how jarring such conduct must be in what is not a conquered but a beleaguered country, while its mourning inhabitants, in presence of the great calamity of the war, are refraining from every sport of the kind. It is likely to give—and we happen to know that it has given—great offense to our French allies. Shooting parties have been organized behind our lines and pleasant preserves fenced. All game shooting in France is prohibited since the war, so that the French see English officers indulging in sport which is not only unbecomingly frivolous, but also actually illegal so far as they are concerned. We feel sure that this sport is not indulged in with the knowledge or consent either of the commander-in-chief or of Lord Kitchener, and it should certainly be prohibited in the future."

**FEAR CRISIS AT WAR'S END.**  
 British Trades Unions Opposed to Putting Women in Factories.  
 Correspondence of the Associated Press.  
 LONDON, February 20.—The proposal to let the trade unions made by H. J. Tennant, M. P., undersecretary of war, that the men help recruiting by allowing women to take their places, is not received with cordiality by the labor leaders. To give women temporary jobs, they reply, would result in serious industrial trouble when the men were discharged from the army. Already the encroachment of women upon the work of men has caused the trade unionists considerable uneasiness. If women were given the jobs, another crisis, say the unions, would arise at the end of the war, because of their natural objection to being turned out; or what is worse, the men having holds in the factories would let them remain as the supporters of the households.  
 Workmen have not hung back in the present war, and while no exact figures are available for all the trades, the percentage of enlistments is known to be high. The dock laborers have a quarter of their numbers in the army, and out of 40,000 steam engineers, 4,000 are now wearing khaki.

**INVADING FORCE DROWNED.**  
 Two Hundred of Gen. Obregon's Men Meet Death in Water Main.  
 Correspondence of the Associated Press.  
 MEXICO CITY, February 24.—Two hundred men of Gen. Obregon's command were drowned in the water main leading out to the suburban town of Mexico City's water supply in a recent attempt to get to the rear of the Zapatista forces.  
 When the Zapatistas were compelled to evacuate the capital, a few weeks ago, they retired to the suburb of Xochimilco and seized the sources of the city's water supply, making the capital dependent on a small reservoir and a small reservoir in a park near Chapultepec Castle.  
 The city's water supply, due to the fact that a scarcity of water made it unwise to use for anything other than drinking purposes, seriously menaced the health of the city. Gen. Obregon made many attempts to recapture the main sources of the water supply in the old Indian town of Xochimilco, but all of them were repulsed by Zapata's men. A daring raid was finally decided upon, for which Gen. Obregon detached 200 of his men. He ordered them to drop into the mains, which had long been dry, and to attempt to travel through them to an opening at the rear of the Zapatista's main position. A spy informed the latter general of the ruse, and the men had been allowed to travel some distance in the mains the full force of the water was turned on, drowning the invading force to a man.

**BOYCOTT REACHES ALL BUT TWO COAST CITIES**  
 Chinese Refuse to Buy Japanese Goods Because of Country's Demands on China.  
 SAN FRANCISCO, March 1.—The Japanese boycott instituted at the discretion of the Chinese Six Companies, and the European war was adopted by the emergency peace federation last night, and plans were made for the organization of a permanent society, to be known as the National Peace Organization. A resolution protesting against any increase in armament in the United States also was adopted.  
 The organization committed itself to the following principles:  
 1. Favoring a concert of nations instead of alliances providing for a balance of power.  
 2. Abolition of armament and prohibition of the manufacture of ammunition for sale.  
 3. Protection of private property at sea.  
 4. Self-government and universal adult suffrage.  
 5. Prohibition of the transfer of provinces, except by consent of the people.  
 6. No alliances to be entered into by nations, except after approval of people.  
 The resolution addressed to President Wilson expresses the belief that the principle of neutrality by a conference of neutral nations.  
 "The organization of modern society," it continues, "has made nations so interdependent that it is no longer possible for nations to wage war without imposing suffering on all other nations."  
 Miss Jane Addams was named permanent president of the newly organized society, and Louis F. Lochner, secretary of the Chicago Peace Society, was chosen secretary.

**LABOR DISPUTES WILL GO BEFORE MEDIATION BOARDS**  
 Plan of U. S. Industrial Relations Commission for Watertown, Mass., Arsenal Put in Effect.  
 Brig. Gen. Crozier, chief of ordnance of the army, has issued orders putting into effect a plan suggested by the United States commission on industrial relations, for the settlement through mediation boards of labor disputes arising from the enforcement of "scientific shop management" rules at the Watertown, Mass., arsenal.  
 In announcing the fact the industrial commission said that if the plan "succeeds it will prove that a democratic shop organization can be maintained side by side with so-called scientific management, and in an industry where safeguards against interruption are of prime importance."  
 All grievances of the arsenal's working force under the proposed plan would be adjusted by joint boards, consisting of representatives of the employees and of the arsenal management. "First hearings would be given by a board appointed from the shop wherein the grievance arose, and appeals would be taken from board to board until brought before the War Department for final decision."  
 Thirty-one Priests Killed.  
 Correspondence of the Associated Press.  
 PARIS, February 15.—The Rev. Frere Jean Baptiste Jeanmarie, who died of wounds received in the battle of Verdun November 12, was the thirty-first of the Redemptorist brothers killed in this war. "I am not afraid to die; I shall only regret not to have been able to say mass," were his last words.

**SOLDIERS ARE RELIGIOUS.**  
 War Working Regeneration in England, Says F. Herbert Stead.  
 NEW YORK, March 1.—National religious regeneration is in progress in England, and the Puritan spirit has seized the British army, according to F. Herbert Stead, of Browning Hall, London, who arrived here as passenger on the steamship Baltic. Mr. Stead, a brother of the late W. T. Stead, the noted British journalist, is in this country as minister in residence at Auburn Theological Seminary at Auburn, N. Y.  
 "The result of this war from the religious point of view," said Mr. Stead, "promises to be a real national regeneration. The British army, particularly the new army being organized by Lord Kitchener, is now filled with the Puritan spirit, as no army has ever been since Cromwell's time. A common expression, even of the old hand, is that the men are 'even soldiers' have become religious."  
 "Rarely do the men go into the trenches until they have said their prayers, and a host of different companies that would not go into battle until after prayer, the men even insisting on their colonel leading them in prayer."  
 GETS AN ICE CREAM FLEET.  
 Secretary Daniels Distributes Vessels to Raleigh Newspaper Force.  
 Special Dispatch to The Star.  
 RALEIGH, N. C., March 1.—Joseph Daniels, Secretary of the Navy, wrote an editorial in his own office here Saturday and while at his desk received from a local admirer ice cream battleships enough to feed the whole Daniels newspaper family.  
 The Secretary's becoming was celebrated by the Raleigh manufacturer, who opened his factory here and made Daniels' ice cream. The Raleigh dealer froze ship for ship and sent the fantastic fleet to the Daniels office late in afternoon, the Secretary calling his office force and making them presents of his unexpected gift.

**CHILD LABOR BILL SIGNED.**  
 Alabama Now Has Drastic Law for Protection of Juveniles.  
 MONTGOMERY, Ala., March 1.—Gov. Henderson has affixed his signature to the child labor bill, which has been passed by a legislature in any state. It prohibits the employment of children under fourteen years in any occupation after October 1, 1915, and the employment of children under thirteen years before that date. The bill is a compromise measure, having been agreed to by cotton mill operatives.

**PROVIDES FOR REFERENDUM.**  
 INDIANAPOLIS, March 1.—A limited initiative and referendum bill has been passed unanimously by the state senate here. The bill now goes to the house for action. The measure provides that on petition of 10 per cent of the voters of the state the legislature shall be called to vote on the voters at a general election.

**ASKS WILSON TO CALL NEUTRAL PEACE BODY**  
 Emergency Federation Adopts Principles and Organizes a Permanent National Association.  
 CHICAGO, March 1.—A resolution asking President Wilson to call a conference of neutral nations to attempt to end the European war was adopted by the emergency peace federation last night, and plans were made for the organization of a permanent society, to be known as the National Peace Organization. A resolution protesting against any increase in armament in the United States also was adopted.  
 The organization committed itself to the following principles:  
 1. Favoring a concert of nations instead of alliances providing for a balance of power.  
 2. Abolition of armament and prohibition of the manufacture of ammunition for sale.  
 3. Protection of private property at sea.  
 4. Self-government and universal adult suffrage.  
 5. Prohibition of the transfer of provinces, except by consent of the people.  
 6. No alliances to be entered into by nations, except after approval of people.  
 The resolution addressed to President Wilson expresses the belief that the principle of neutrality by a conference of neutral nations.  
 "The organization of modern society," it continues, "has made nations so interdependent that it is no longer possible for nations to wage war without imposing suffering on all other nations."  
 Miss Jane Addams was named permanent president of the newly organized society, and Louis F. Lochner, secretary of the Chicago Peace Society, was chosen secretary.

**NEW OWNER OF THE DACIA TO DEMAND HIS RIGHTS**  
 Confident the United States Will Ask Reparation for Seizure of the Vessel.  
 NEW YORK, March 1.—Official notification of the seizure by the French government of the steamship Dacia, formerly of the Hamburg-American line, has not been received by E. N. Breitung, new owner of the vessel. In a statement published here today Mr. Breitung said: "I know our government, if necessary, will ask for reparation due to any American citizen acting within his rights."  
 "I know of no correct statement of international law that can be invoked against the Dacia, and I purpose to demand my rights."  
 Expected Respect to Flag.  
 "The American government would not have granted this vessel the right to fly the Stars and Stripes if it had meant that it would be recognized and respected by every foreign power. The Dacia is an American vessel as our laws can make her, and I expect her to sail from foreign ports once more for our shores, flying the American flag."  
 "I have no interest in the cargo of the Dacia. The vessel is insured in England, through private insurance companies. I have recently purchased an English vessel, and I am now in the market for two more. I don't care whether they are French or German."

**AMBULANCE DOG GOES 100 MILES.**  
 Correspondence of the Associated Press.  
 PARIS, February 15.—Among the ambulance dogs sent to the front recently by Mme. Kressler, president of the Ambulance Dog Society, was "True," a French shepherd, who was captured by the Germans and kept in captivity several weeks. He managed to escape and find his way back to his kennel in Paris, a distance of over 100 miles.  
 Ex-Representative Lilly Dies.  
 TOWANDA, Pa., March 1.—Mal E. Lilly, a member of the Fifty-ninth Congress from the fourth (Paw-sy) district, died at his home here Saturday night. He was sixty-five years old.

**REHEIMS CATHEDRAL CAN BE REBUILT.**  
 Correspondence of the Associated Press.  
 PARIS, February 15.—Guillaume Tronchet, chief architect of the government, declares that it will be possible to restore the Cathedral of Rheims. Casts have been long ago taken of nearly all the details of ornamentation that were destroyed, he says, and mathematically precise documents exist from which the jewel of architecture may be reconstructed in every detail.

**HOUSE & HERRMANN**

**POLICEMAN W. R. GAWEN SERIOUSLY HURT IN FALL**  
 Thrown From Bicycle on Q Street, He Sustains Fractured Skull. Joined Force in 1911.  
 Bicycle Policeman Willie R. Gawen of the second precinct was thrown from his bicycle at 7th and Q streets north, west about 12:30 o'clock this morning and sustained a fracture of the skull. He was unconscious when picked up and sent to Emergency Hospital.  
 A pile of chairs left on the street by a fire engine company, it is stated, caused the accident. Gawen was accompanied at the time by Bicycle Policeman E. A. Sutton, also of the second precinct.  
 Sutton stopped and cared for the injured man until the arrival of Dr. William Kelly from Emergency Hospital. A quick run was made to the hospital, but the patient did not regain consciousness on the way and was in a critical condition when the institution was reached.  
 Police Surgeon Brandenburg, Dr. Charles S. White and surgeons connected with the hospital held a consultation and reached the conclusion that the patient's condition was too serious to undertake an operation.  
 "Gawen, who was born in Virginia November 4, 1884, was a salesman when appointed to a position on the police force January 12, 1911. Three years ago he was promoted to class 2 and mounted on a bicycle. Mrs. Gawen was summoned from the family home, 219 A. P. street northwest, early this morning and she reached the hospital before the surgeons held their consultation.

**WILL CURB SALE OF LIQUOR.**  
 Amendments to West Virginia Prohibition Law Now Effective.  
 WHEELING, W. Va., March 1.—Amendments to the West Virginia prohibition law which became operative Saturday are expected to decrease the consumption of intoxicating liquors in the state. Under the law as it now stands no more than half a gallon of liquor can be brought into the state by one person unless the quantity and quality are marked in large black letters on the package, and alcoholic beverages shall not be kept in any bowling alley, poolroom, beachhouse, public building, park, road or alley.  
 It also is provided that county, municipal or district officers who neglect or refuse to enforce the law may be removed by circuit judges on written charges without jury trial, and when it is shown that the state cannot be given a fair trial in liquor cases, jurors may be called from another county. Officers of corporations violating the law are in future to be held personally responsible.

**KENTUCKY DISTILLERS QUIT.**  
 LOUISVILLE, Ky., March 1.—The Mattinye & Moore Distilling Company and the F. G. Walker Distilling Company, two of the oldest concerns of the kind in the state, have filed voluntary petitions in bankruptcy in United States district court.  
 Joseph Sonneheim of Havre de Grace, Md., attempted suicide by shooting himself through the right temple. Doctors say he will die.

**LABOR DISPUTES WILL GO BEFORE MEDIATION BOARDS**  
 Plan of U. S. Industrial Relations Commission for Watertown, Mass., Arsenal Put in Effect.  
 Brig. Gen. Crozier, chief of ordnance of the army, has issued orders putting into effect a plan suggested by the United States commission on industrial relations, for the settlement through mediation boards of labor disputes arising from the enforcement of "scientific shop management" rules at the Watertown, Mass., arsenal.  
 In announcing the fact the industrial commission said that if the plan "succeeds it will prove that a democratic shop organization can be maintained side by side with so-called scientific management, and in an industry where safeguards against interruption are of prime importance."  
 All grievances of the arsenal's working force under the proposed plan would be adjusted by joint boards, consisting of representatives of the employees and of the arsenal management. "First hearings would be given by a board appointed from the shop wherein the grievance arose, and appeals would be taken from board to board until brought before the War Department for final decision."  
 Thirty-one Priests Killed.  
 Correspondence of the Associated Press.  
 PARIS, February 15.—The Rev. Frere Jean Baptiste Jeanmarie, who died of wounds received in the battle of Verdun November 12, was the thirty-first of the Redemptorist brothers killed in this war. "I am not afraid to die; I shall only regret not to have been able to say mass," were his last words.

**SOLDIERS ARE RELIGIOUS.**  
 War Working Regeneration in England, Says F. Herbert Stead.  
 NEW YORK, March 1.—National religious regeneration is in progress in England, and the Puritan spirit has seized the British army, according to F. Herbert Stead, of Browning Hall, London, who arrived here as passenger on the steamship Baltic. Mr. Stead, a brother of the late W. T. Stead, the noted British journalist, is in this country as minister in residence at Auburn Theological Seminary at Auburn, N. Y.  
 "The result of this war from the religious point of view," said Mr. Stead, "promises to be a real national regeneration. The British army, particularly the new army being organized by Lord Kitchener, is now filled with the Puritan spirit, as no army has ever been since Cromwell's time. A common expression, even of the old hand, is that the men are 'even soldiers' have become religious."  
 "Rarely do the men go into the trenches until they have said their prayers, and a host of different companies that would not go into battle until after prayer, the men even insisting on their colonel leading them in prayer."

**GETS AN ICE CREAM FLEET.**  
 Secretary Daniels Distributes Vessels to Raleigh Newspaper Force.  
 Special Dispatch to The Star.  
 RALEIGH, N. C., March 1.—Joseph Daniels, Secretary of the Navy, wrote an editorial in his own office here Saturday and while at his desk received from a local admirer ice cream battleships enough to feed the whole Daniels newspaper family.  
 The Secretary's becoming was celebrated by the Raleigh manufacturer, who opened his factory here and made Daniels' ice cream. The Raleigh dealer froze ship for ship and sent the fantastic fleet to the Daniels office late in afternoon, the Secretary calling his office force and making them presents of his unexpected gift.

**CHILD LABOR BILL SIGNED.**  
 Alabama Now Has Drastic Law for Protection of Juveniles.  
 MONTGOMERY, Ala., March 1.—Gov. Henderson has affixed his signature to the child labor bill, which has been passed by a legislature in any state. It prohibits the employment of children under fourteen years in any occupation after October 1, 1915, and the employment of children under thirteen years before that date. The bill is a compromise measure, having been agreed to by cotton mill operatives.

**PROVIDES FOR REFERENDUM.**  
 INDIANAPOLIS, March 1.—A limited initiative and referendum bill has been passed unanimously by the state senate here. The bill now goes to the house for action. The measure provides that on petition of 10 per cent of the voters of the state the legislature shall be called to vote on the voters at a general election.

**NEW OWNER OF THE DACIA TO DEMAND HIS RIGHTS**  
 Confident the United States Will Ask Reparation for Seizure of the Vessel.  
 NEW YORK, March 1.—Official notification of the seizure by the French government of the steamship Dacia, formerly of the Hamburg-American line, has not been received by E. N. Breitung, new owner of the vessel. In a statement published here today Mr. Breitung said: "I know our government, if necessary, will ask for reparation due to any American citizen acting within his rights."  
 "I know of no correct statement of international law that can be invoked against the Dacia, and I purpose to demand my rights."  
 Expected Respect to Flag.  
 "The American government would not have granted this vessel the right to fly the Stars and Stripes if it had meant that it would be recognized and respected by every foreign power. The Dacia is an American vessel as our laws can make her, and I expect her to sail from foreign ports once more for our shores, flying the American flag."  
 "I have no interest in the cargo of the Dacia. The vessel is insured in England, through private insurance companies. I have recently purchased an English vessel, and I am now in the market for two more. I don't care whether they are French or German."

**AMBULANCE DOG GOES 100 MILES.**  
 Correspondence of the Associated Press.  
 PARIS, February 15.—Among the ambulance dogs sent to the front recently by Mme. Kressler, president of the Ambulance Dog Society, was "True," a French shepherd, who was captured by the Germans and kept in captivity several weeks. He managed to escape and find his way back to his kennel in Paris, a distance of over 100 miles.  
 Ex-Representative Lilly Dies.  
 TOWANDA, Pa., March 1.—Mal E. Lilly, a member of the Fifty-ninth Congress from the fourth (Paw-sy) district, died at his home here Saturday night. He was sixty-five years old.

**REHEIMS CATHEDRAL CAN BE REBUILT.**  
 Correspondence of the Associated Press.  
 PARIS, February 15.—Guillaume Tronchet, chief architect of the government, declares that it will be possible to restore the Cathedral of Rheims. Casts have been long ago taken of nearly all the details of ornamentation that were destroyed, he says, and mathematically precise documents exist from which the jewel of architecture may be reconstructed in every detail.
