Washington's Greatest Ever Sale

Warranted. Cut Glass. Not Seconds. Once-in-a-Lifetime Bargains

When before or again? The first coming of the war cloud cast a shadow, most depressing of a lifetime. The demand for things of luxury, such as diamonds and cut glass, fell to almost nothing. The coming sale—it begins tomorrow morning—was born of this war cloud. The Palais Royal proprietor saw the sunshine behind that cloud and anticipated the present clear sky.

Cut Glass \$2.98 and \$1.98

Pieces Worth \$10, at \$2.98—Pieces Worth \$4.50, at \$1.98.

Two leading makers of America—the world's best cut glass is made in this country—were approached and a contract concluded to keep them busy when orders were being eagerly sought without any result. Thus we have today many thousands of pieces of best cut glass, guaranteed best cuttings and absolutely flawless, at less than the prices of inferior cuttings, "seconds" or otherwise inferior pieces.

Cut Glass Every Connoisseur Will Pronounce Perfect

As with diamonds so with cut glass—it must be cut by experts and it must be free of flaws. The connoisseur condemns all other. The connoisseur's ideal—very large pieces, values to \$10.00—are here at \$2.98. Less large but equally superior pieces—values to \$4.50, at \$1.98. All warranted perfect.
