RUSSIANS' LOSSES ARE "APPALLING"

German Correspondents Tell of Sacrifices on the Eastern Front.

BERLIN, March 27, by wireless to Sayville, N. Y.—"War correspondents on the Russian front state unanimously that the losses of the Russians in their new offensive are appalling," says the Overseas News Agency. "On several occasions Russian artillery directed a curtain of fire behind the Russian troops in order to push them forward."

"The correspondent of the Frankfurter Zeitung forwards declarations of Russian prisoners of war, who state that their officers employed brutal methods to compel them to move to the fighting lines. Of one regiment barely 250 men returned from the attack."

"The 1st Siberian Corps may be said to have ceased to exist."

Austrians Claim Victory. Victory for Austro-Hungarian forces in an engagement in eastern Galicia is reported in the official Austrian statement of Saturday, which says: "Northwest of Burkanow, on the Stripa, Howald detachments entered Russian trenches, after parrying successfully a strong Russian attack, and destroyed defensive positions of the enemy."

Russians Report Gains. PETROGRAD, via London, March 27.—The sudden development of a Russian offensive on the Dvinsk front, which has taken the Germans by surprise, has during the past week resulted in a considerable advance by the Russians over two of the most important sectors—at Jacobstadt, which protects the northern flank, and in the Narock lake region, which defends the southern position.

At neither point, although they brought all available reserves into action and contested the onslaught step by step, were the Germans able to stay the Russian advance.

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters give without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for sore throat, tonsillitis, toothache, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Bruises, Burns, Scalds, Fossil Feet, Colic of the Chest (not over potent), Paronychia.

At your druggist's. In 25c and 50c tins, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations get what you ask for. The Mustersole Company, Cleveland, Ohio.

Sheridan's Wit.

Sheridan was once staying at the house of an elderly man, a body in the country, who wanted more of his company than he was willing to give. Proposing one day to take a stroll with him, he excused himself to her on account of the badness of the weather. Shortly afterward she caught him sneaking out alone.

"So, Mr. Sheridan," said she, "it has cleared up."

"That's a little, ma'am—enough for one, but not enough for two."

TWO VESSELS LOST IN FIGHT, REPORT

Combined Sea and Air Raid by British Against a German Base.

LONDON, March 27, 5:10 a.m.—A German torpedo boat is missing since the sea fighting which followed the British air raid Saturday morning on German aviation sheds in northern Schleswig-Holstein, according to an official German statement received here by wireless.

The statement is as follows: "The English naval aeroplane attack on the north Frisian coast failed completely. Two armed fighting steamers on outpost service fell victims to English vessels. Our naval aeroplanes attacked the English naval fighting force and succeeded in scoring a number of hits and in seriously damaging a torpedo boat destroyer. Of the naval fighting force which we sent immediately only a few torpedo boats came in. The German fleet was very busy during the night of March 25-26. One of these torpedo boats has not yet returned."

Battle at Sea Reported. Dispatches from Esbjerg, Denmark, to the Berlingske Tidende, says Reporter's Copenhagen correspondent, report a great naval battle between the German and British fleets some three miles off the Grandsyde lightship at midday Sunday. The dispatch adds that Tondern, in Schleswig-Holstein, has been bombed by five aeroplanes.

Three British aeroplanes which took part in the German air raid on Esbjerg, in Schleswig-Holstein Saturday are missing.

Destroyer May Be Lost. An official statement says the British destroyer Medusa was in collision with the destroyer Laverock and it is feared that in the stormy weather which prevailed last night the Medusa may have been lost. But no missivings are felt as to the safety of the crew. Two German armed patrol vessels were sunk by our destroyers.

HOPE TO IDENTIFY WOMAN BY TORN PIECES OF CARD

Investigation Reveals That Selma Thomas Committed Suicide at Local Hotel.

Torn pieces of a card of Uvalde Burns, a Houston, Tex., attorney, may be the means of bringing about the identification of the young woman who Saturday afternoon, was found dead in a room at the New Ebbitt. On the reverse side of the card written in Spanish was "I have lost my heart."

Inspector Grant, chief of detectives, wired the chief of police of Houston a request for information about a Selma Thomas, the name under which the woman registered, and requested that Mr. Burns be asked if he could tell anything about the torn card or the woman.

A response to the message gave the information that Mr. Burns had been in this city and that he was on his way home. The Houston chief wired that he was unable to learn that a woman named Selma Thomas was known in or about Houston.

Examination of the contents of the stomach of the young woman showed that her death was due to poison. The police were told that the hotel guest received no callers during the time she was there and nothing was found to suggest where the poison had been purchased.

Copies of a photograph of the dead woman had been sent broadcast for the purpose of getting the body identified.
