ARTS FEDERATION MEETS TOMORROW

Organization Formed in Year 1909 to Hold Its Annual Convention.

SESSIONS WILL BE HELD AT NEW WILLARD HOTEL

Reception by Smithsonian Regents Wednesday Evening and Dinner Friday Evening Features.

The American Federation of Arts is to hold its seventh annual convention in this city for three days, beginning tomorrow. The sessions will all be held in the small ballroom of the New Willard Hotel and will be open to the public.

Robert W. de Forest, president of the federation, first vice president of the Red Cross and president of the Metropolitan Museum of Art, is to preside. The speakers in almost every instance are men and women of experience and distinction.

At the opening session tomorrow morning Dr. Charles D. Walcott, secretary of the Smithsonian Institution, will make the address of welcome. He will be followed by Senator Newlands, who will speak on "Art and the People," which subject has been made the general topic for discussion at this convention. Two other short papers will be given at this session, one by Mrs. Herbert Adams, wife of the sculptor, and the other by E. R. Borsavage of the Carnegie Institute of Technology.

The afternoon session on the same day will be given with the American Association of Museums, which is at the same time holding its annual meeting in this city. Mr. Robinson, director of the Metropolitan Museum of Art, will preside and the subject under discussion will be "The Art Museum in Its Relation to the People." Miss Margaret E. Sawtell of the Art Museum of Worcester, Mass., will explain the story method of instruction, resolving her audience into a group of children and telling a story as she tells it to such audiences in Worcester.

A second paper will be given by J. G. Butler, Jr., of Youngstown, Ohio, who will tell of the value of the "Small Museum to a Community." Youngstown is a typical American manufacturing city and the fact that a small museum of art has recently been established there and found of real value is specially worthy of note. Mr. Butler will tell how this was done and what results have accrued.

The third address at the afternoon session will be given by Henry Turner Bailey, who will describe a plan which he has originated for a "National Museum and School of Art," a plan decidedly unique and yet quite feasible. These papers will be followed by open discussion of the subject "How the American Federation of Arts Can Assist in the Establishment of Additional Art Museums."

The sessions Thursday will be devoted in the morning to the subject "People's Institute—public schools, public libraries, colleges and universities—and in the afternoon to Civic Art and City Planning in Relation to the People." Charles Moore, president of the St. Paul Institute, St. Paul, Minn., will preside at the morning session and Charles Moore, chairman of the federal commission of the fine arts, will preside in the afternoon.

The topic of the Friday morning session will be "Manufactories and Workshops." Reception by Smithsonian Regents. Wednesday evening the regents and secretary of the Smithsonian Institution will give a reception at the museum to the members of the American Museums Association and the delegates of the American Federation of Arts, marking the opening in the museum of the exhibition of American industrial art, which has been arranged by and is set forth under the auspices of the American Federation of Arts.

Thursday evening a meeting will be held in the auditorium of the Corcoran Gallery of Art in commemoration of the life and services of the late John W. Alexander, which will take the form of a musical tribute to one of the nation's greatest artists. To this meeting the President, members of the cabinet, members of the diplomatic corps and representatives of the art museums and associations have been invited.

The convention will be concluded Friday evening with a dinner at Rauscher's. The address will be on "The Arts," and the speakers will be Cass Gilbert, architect; Herbert Adams, sculptor; William M. Chase, painter; Alfred Hayes, poet; and Horatio Parker, musician.

Federation Formed in 1909. The American Federation of Arts was formed at a convention held in the city in 1909. It comprises in its membership all of the art museums in this country, together with the majority of the art associations and clubs.

During the past year the federation has sent out twenty-eight traveling exhibitions of works of art valued at more than \$200,000. These have been shown in 141 cities and towns in all parts of the United States from the Atlantic to the Pacific coast. They have been visited by upward of 5,000 persons. Other means used by the American Federation of Arts to increase a knowledge and appreciation of art are the circulation of illustrated lectures, the publication of an annual directory of art and a monthly magazine, the American Magazine of Art. Through its central office in the Octagon it serves as a general bureau of information and clearing house for art associations and individuals.

The president is Robert W. de Forest and first vice president, Charles L. Hutchinson, president of the Chicago Art Institute. Among its other officers and directors are such well known men as Elihu Root, Robert Bacon, John F. Lewis, Charles A. Murray, Archer M. Huntington and Edwin H. Blashfield.

FOUR GOVERNORS TO MARCH. SAN FRANCISCO, Cal., May 16.—Four western governors will march in a preparedness parade, which is to be held in San Francisco in June, under the auspices of the Pacific Coast Defense League, according to an announcement made here today. Ministers from ten states and local labor and fraternal organizations will also be in line.

The state executives who have accepted the invitations to participate are Gov. Hiram W. Johnson of California, Gov. E. D. Boyle of Nevada, Gov. James Withycombe of Oregon and Gov. Ernest Lister of Washington.

GOES TO YALE LAW SCHOOL. NEW HAVEN, Conn., May 16.—Prof. Walter Wheeler Cook of the University of Chicago and president of the Association of American Law Schools, has been elected professor at the Yale law school. It was announced at a meeting of the Yale Corporation today.

PRISONERS IN A REVOLT; ONE KILLED, OTHERS SHOT

Austrians Confined in Canadian Internment Camp Turn on Their Guards.

COCHRANE, Ontario, May 16.—An outbreak among Austrian prisoners of war in the internment camp at Kapuskasing last Friday was quelled by the military authorities after one of the prisoners was killed, nine seriously wounded, several fatally and four slightly injured, it is learned here.

The revolt is said to have been started by about 300 Austrian prisoners, who were removed from the camp at Peniarth, where they had refused to work and had turned on their guards. They were taken last Wednesday under heavy guard to the Kapuskasing camp, about six miles west of here on the Transcontinental railway. The new arrivals continued to manifest a spirit of insubordination at Kapuskasing. The smoldering unrest culminated Friday in a riot and the guards fired on the prisoners. Rifles and bayonets were used freely. It is said, and the outbreak, in which other prisoners participated, was not quelled for several hours. There were no casualties among the soldiers.

May Gen. Sir Sam Hughes, minister of militia, has sent Gen. Logie, commanding the Toronto military district, to Kapuskasing to take charge of the situation and report to him. The camp was reported to be quiet last night.

\$46,000,000 IS BURNED.

Filed in Court Yard of National Palace in Mexico City.

MEXICO CITY, May 16.—Paper currency amounting to \$46,000,000 was burned in the courtyard of the National Palace, with government officials and bankers interested spectators. The money was part of the old Vera Cruz issue, which is slowly being supplanted by the new unconvertible bills, and the outbreak of paper bills publicly burned up to date aggregates more than 100,000,000 pesos.

Diver Gets Medal From U. S.

KANSAS CITY, May 16.—R. L. Billings, attached to the United States Navy recruiting station here, was given the Navy Department's bronze medal for work as a diver when the United States gunboat Princeton was salvaged after it sank off the Samon Islands a year ago. Billings worked eight hours a day for eighty-four days, sometimes diving as deep as 150 feet.

9 KILLED, 22 HURT; BUILDING COLLAPSE

Restaurant in Akron, Ohio, Believed Wrecked by Blasting Operations.

AKRON, Ohio, May 16.—At least nine men were killed and twenty-two injured here last evening when the Crystal restaurant, at Main and Quarry streets, its foundations weakened by blasting in an excavation for the erection of a building just north of it, collapsed and slid into the huge hole in the ground.

Nine are known to be dead, all of them having been identified. Twenty-two are injured in hospitals. Rev. D. S. Thomas of Cumberland, Md., is among the dead.

Until late at night, firemen and police, surrounded by a packed mass of citizens, who flocked to the scene from every corner of the city, worked in the wreckage, hunting for other bodies or persons hurt.

Inquest to Be Held. Sensational reports of the nearby blasting were received by Coroner Lyson and County Prosecutor Kennedy. An inquest will be held today, and the grand jury, now in session, may begin an inquiry. The entire property loss in the disaster is estimated at \$25,000. Two hospitals were filled with the

Authorities to Fix Responsibility.

Mayor W. J. Laub, after a conference with the city safety director and building inspector, announced today that he would begin an immediate investigation to fix the responsibility. Word came from Columbus that state building inspectors would come here today to either assist in the mayor's investigation or conduct one of their own. Survivors told of hearing the sound of blasting on the adjoining site just before the building fell.

Searchers completed a hunt of the wreckage early today without finding any more bodies, and all of the missing have been accounted for. None of the injured died during the night.

DON'T LET WORMS "GET" YOUR DOG

Protect him against the deadly worms which sap his strength and vitality. Few dogs escape worms, and in some instances they can scarcely be detected by the usual manifestations, some of which are vomiting, flatulence, and loss of appetite, abnormal appetite, etc.

Leading dog experts and breeders administer a treatment of Vermil Worm Remedy every ten days or two weeks to protect their animals against the worm menace. Vermil Worm Remedy not only prevents but positively removes round, tapeworm and all other stomach or intestinal worms, but in 24 hours.

Sold by O'Donnell's, People's Drug Stores, Adcock's, Riker-Hegmann's, F. A. Tschudy, J. S. Christian Drug Co., and other druggists. Also Schmidt's Pet Shop.
