ALEXANDRIA AFFAIRS

Annual Sunday School Parade Witnessed by Many Citizens.

CROWDS HEAR GYPSY SMITH

Twenty More Respond to Evangelist's Appeal, Making 220 Since the Services Began September 3.

Special Correspondence of The Star. ALEXANDRIA, Va., September 18.—A large portion of the city's population yesterday afternoon witnessed the third annual parade of the Alexandria Sunday School Association, which was participated in by 2,603 children and adults. The Methodist Episcopal Sunday School had the largest number in line, with 589, and next came the First Baptist with 503, and third on the list was the Second Presbyterian with 258. Others were: St. Paul's Episcopal, 190; Christ Episcopal, 185; Grace Episcopal, 145; Trinity Methodist, 140; Second Baptist, 133; Del Ray Methodist, 125; Methodist Protestant, 121; Payne Street Mission, 92; Del Ray Baptist, 88; Salvation Army, 34.

Among the officers of the state association attending were Frank T. Israel of Fairfax, superintendent of the secondary division of the Virginia Sunday School Association, who was accompanied by Mrs. Israel, who is in charge of the girls' work of that department.

After parading up King street from Fairfax street to West street, all of the participants in the parade, including the band and primary departments, entered the big gospel tent and heard an address delivered by Gypsy Smith, Jr., on "Obedience." A capacity congregation attended.

Sermon After the Parade. F. L. Slaymaker was marshal of the parade, which was headed by a platoon of police in charge of Sgt. W. H. Scott, and the American Indian Guard Band furnished music.

At the conclusion of the address by Gypsy Smith 161 persons came forward and signed their intention of becoming church members. They signed cards to that effect, giving their names in to the committee in charge of the affair.

Long before the evangelistic services being conducted by Gypsy Smith, Jr. opened last night every seat in the big tent was filled and several hundred persons stood on the outside.

Twenty persons last night professed faith. This brings the total to 220 persons who have professed faith since September 3. This campaign will be continued each night except Monday nights, ending October 1.

James R. Caton of this city, who was a delegate to the American Bar Association, which met in Chicago, was elected a member of the general council of that organization. Mr. Caton has also been chosen on several committees.

WORKERS IN HEALTH IS ECONOMIC WEALTH

Bureau of Mines Urges Industrial World to Provide Safeguards as Business Proposition.

Importance of prevention of conditions productive of illness among workers everywhere is urged upon industrial plants as a business proposition, in a report on health conservation at the mill, issued today by the bureau of mines.

"Importance of prevention of disease among workers can be realized," the report says, "from the fact that the average loss of time due to illness among approximately 50,000,000 workers in the United States is nine days a year. If medical attention be estimated at \$1 and earnings at \$2 a day, this loss amounts to nearly \$80,000,000 annually."

Containing that industrial efficiency depends on the men behind the machine, and that health is the workingman's capital and stock in trade, the report advocates a system of medical supervision to prevent introduction and spread of contagious diseases. It recommends an examination of all candidates for employment and all men already employed so that those physically or mentally defective may be detected and given medical attention.

LOOKING BACKWARD 60 YEARS

An Interesting Bit of History Everybody Should Know

One of the interesting places in Lowell, Mass., is the old apothecary shop on Merrimack street, established in 1827. This location is still a drug store, although of course modernized in many departments. The old prescription books, however, have been preserved and form an interesting record covering nearly a century.

Perhaps one of the most interesting books is that of the year 1855. On one of the pages of this book, that dated June 9th, 1855, is written the original prescription for Father John's Medicine. This prescription was compounded for the Reverend Father John O'Brien at the old drug store on that date, and was so successful in treating Father John's ailment, which was a severe cold and throat trouble, that he recommended the medicine to his friends and parishioners. In going to the drug store and calling for the medicine, they always asked for Father John's Medicine, and in this way the medicine got its name and was advertised.

Father John's Medicine is a safe family remedy for colds, coughs, throat troubles, and as a tonic and body builder, because it does not contain opium, morphine, chloroform, or any other poisonous drugs, or alcohol, but is all pure, wholesome nourishment.

ANSWERS WIFE'S SUIT.

H. A. Orme Says He Is Already Divorced by Maryland Courts.

Harry A. Orme today filed his answer to the suit for maintenance brought in 1912 by Thaddema W. Orme. Mr. Orme says that the suit should be abated, because two years ago he was granted an absolute divorce in the state of Maryland from the plaintiff.

The answer also sets up a defense to the merits of the bill and asks that the custody of the children be awarded him. In 1912, an order was taken in the absence of Mr. Orme requiring the payment of \$100 a month to her for the maintenance of herself and children. Upon motion of Mr. Orme, Justice Stafford recently reduced the amount to \$50, providing for the support of the children only.

Attorneys Hawken & Havell and George Taggart appear for Mr. Orme.

BANKS MUST REDEEM MONEY.

The decree also takes away the monopoly of issuing bank bills from banks, as the government is preparing to open a bank for the issuance of this form of money.

FIVE KILLED IN AUTO.

NEW YORK, September 18.—Five persons were killed, two probably mortally injured and four others less seriously hurt yesterday, when an automobile in which they were riding crashed through a guard rail on a bridge across the Harlem river.

The dead are Mrs. Mary Newman, Miss Lilla Wilson, Hyman Hankin, Carl Spangenberg and Thomas Hair, all of New York city. Miss Max Hart and Francis Kane are not expected to live.

The five who lost their lives were hurled from the bridge to the roadway twenty-five feet below, while the others were crushed under the wreckage of the car.

According to the police, Hair, a chauffeur, took the automobile from a garage without permission of the owner and invited his friends for a drive, in which many places of amusement were visited before the accident occurred.
