Nervous Periodical Headaches

This trouble, commonly called "sick headache," is said to be due to the retention of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition, and in certain cases, no doubt, this is true.

Where treatment is demanded it is more for the pain than anything else, and Dr. A. F. Schellhammer of Louisville has found anti-kamnia tablets to give prompt and satisfactory relief. "Best should be insisted upon," he says, "and the patient should go to bed, darkness the room and all the attendants and family should be as quiet as possible. An emetic will sometimes abort the attack. The bowels should be kept open with 'Lactol'—a hot bath and a thorough rub-down with a coarse towel often give gradual relief. Two anti-kamnia tablets when the first signs appear will usually prevent the attack. During an attack one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also useful for nervous headaches, neuralgia and all pains.—Advertisement.

CAMPAIGN UNDERTAKEN BY CHAMBER OF COMMERCE TO BRING FEDERAL ARMOR PLANT TO WASHINGTON WARMLY INDORSED BY THREE CITIZENS' ASSOCIATIONS

Committee for Co-Operation Is Appointed by Mid-city Body.

MEMBERS URGED TO AID TO OBTAIN LOCATION HERE

Organization Would Limit Sale of Dangerous Weapons—Annual Carnival Postponed.

Indorsement of efforts being made to have the government armor plant located in Washington was given last night by the Midcity Citizens' Association at a meeting held in the United States Savings Bank building, 14th and U streets northwest.

The association passed a resolution appealing to the Secretary of the Navy to locate the plant in Washington, and authorized the appointment of a committee to work with the Chamber of Commerce to obtain a decision in favor of Washington.

President Driscoll said he thought Washington had a good chance to obtain the location of the plant.

Joseph Berberich said that the location of this plant here would be a big thing for Washington. He urged the members to do anything they could to assist in getting a decision to locate the plant here, and said that the people would be mighty well pleased.

The association also went on record in favor of limiting the sale of dangerous weapons. President Driscoll, in offering a resolution appealing to the District Commissioners to take action which would restrict the sale of these articles, called attention to the epidemic of murder and suicide of last week.

To Visit City Post Office. A letter from Postmaster Merritt O. Chance, Washington city post office, expressing regret that he could not address the association last night, was read.

Postmaster Chance invited the association to visit the post office and inspect it, and the association accepted the invitation. The members will go in a body following the October meeting.

In view of the belief that the improvements of 7th street north of R street could not be completed this fall, the association decided to put off its annual carnival until spring, when it is expected the improvements will have been completed.

The following were elected to membership: Isadore Small, L. D. Cahoon, L. M. Haakins, Charles M. Spector, Karl Klein, A. Solomon, J. B. Thomas, Louis De Marca, Joseph A. Myers, P. McCarty, Lawrence C. M. Siebel, J. B. Robinson, Karl Shaffer, E. Brewster, R. C. Brown, J. T. O'Day and Charles J. Schloer.

PROMOTION FOR PERSHING; TO BE MAJOR GENERAL

Col. Swift, French, Greble and Treat to Be Brigadier Generals.

Official announcement is made that Brig. Gen. John J. Pershing, commanding the punitive expedition in Mexico, will be promoted to be major general and that Col. Eben Swift of the general staff, Francis H. French of the 21st Infantry, Edwin St. John Greble of the 4th Field Artillery, and Charles G. Treat of the general staff will become brigadier generals.

Gen. Pershing is advanced to the vacancy in the higher grade caused by the death of Maj. Gen. A. L. Mills, chief of the military bureau of the War Department. The four colonels will fill vacancies caused by the promotion of Gen. Pershing and the prospective early retirement for age of Brig. Gen. Granger Adams, Montgomery Macomb and F. W. Sibley.

It is said that Gen. Pershing's promotion does not affect his assignment as commander of the expeditionary force in Mexico.

PASS OTHER PROPOSITIONS FOR CIVIC BETTERMENTS

Uniform Bread Law Proposed—Discussion of Sale of Eggs by Pound Instead of Dozen.

The Central Citizens' Association began its fall work last night by indorsing practically every one of the big civic betterment projects recently agitated for Washington.

It approved the proposition to establish the government armor plant here, and passed resolutions calling upon the District Commissioners to restrict the sale of revolvers, establish a uniform bread law and publish the result of an investigation as to the desirability of establishing a municipal dairy.

Sale of Eggs by Pound. It also discussed at length a motion to recommend to the Commissioners that a law be passed requiring eggs to be sold by the pound instead of by the dozen.

The armor plant matter carried unanimously. After considerable discussion of the municipal dairy proposal the members decided that they did not know enough about it to warrant their taking action.

There was slight opposition to a uniform bread law and restriction on the sale of such laws would be impracticable. The resolutions carried with several votes to spare.

To replace Belgian roadway with asphalt on 19th street from Pennsylvania avenue to K street.

That the fire apparatus at No. 23 end of the house on G street between 21st and 22nd streets, be motorized.

Resolutions of regret for the death of Hugh F. Harvey, former vice president of the association, were passed. Reports of committees were read.

Carl Egolf, W. P. Lockwood, Harry J. Jackson, Edward J. Keefe and J. O. Kidder were elected to membership. President Mark F. Finley presided.

West End Organization Approves Plan and Efforts of P. T. Moran.

COMMUNICATION SENT HIM COMMENDING HIS STAND

Great Falls Power Project Is Also Given Assent—Would Restrict Pistol Carrying.

The campaign undertaken by the Chamber of Commerce to have the federal armor plant located in the District of Columbia was heartily indorsed by the West End Citizens' Association at its meeting last evening, at Hotel Powhatan.

The secretary of the association was instructed to send a letter to the president of the Chamber of Commerce, P. T. Moran, commending him for the stand he has taken to bring the plant here.

The Great Falls power plant project also was indorsed. The association also voted to renew its request to the board of Commissioners that it do all in its power to restrict the sale and carrying of pistols.

Some recommendations for improvements to be asked of the Commissioners are: That the improved electric lighting system now in use on Pennsylvania avenue from 1st to 17th streets be continued from 17th street and Pennsylvania avenue to Rock Creek bridge.

Repairs on the sidewalk on 20th street, east and west side, from Pennsylvania avenue to K street, substituting asphalt for present material.

The substitution of vitreous brick for the present material in alleys in square No. 86, between I and K and 19th and 20th streets.

Memorial Resolutions. Resolutions of regret for the death of Hugh F. Harvey, former vice president of the association, were passed.

Reports of committees were read. Carl Egolf, W. P. Lockwood, Harry J. Jackson, Edward J. Keefe and J. O. Kidder were elected to membership. President Mark F. Finley presided.

OOL C. E. MAY DIES.

Collateral Descendant of a Signer of Independence Declaration.

SPECIAL DISPATCH TO THE STAR. CAMDEN, N. J., September 26.—Col. Caesar Rodney May, a collateral descendant of the Caesar Rodney who signed the Declaration of Independence for Delaware, has died here after an illness of a month. He was in his seventy-fifth year.

Col. May was born in Illinois. His father defeated Lincoln when the latter first ran for Congress. The families were very friendly and when Lincoln became president, May had free access to his private room. President Lincoln wrote to Secretary Stanton urging him to give the young man a captaincy. Stanton was somewhat slow to respond and May raised his own company, returning home as the colonel of his regiment.

For many years he practiced law at New Orleans and was a member of the Louisiana legislature. He came to Camden about a quarter of a century ago.
