Mrs. Grant is in deep mourning for the death of her father, Mr. Honore, in Chicago last summer, and her winter with her aunt will be one of seclusion. While here Mrs. Grant will arrange her Washington home for lease to Representative Samuel E. Winslow of Worcester, Mass., who, with Mrs. Winslow, is arriving early for the winter.

The Secretary of War and Mrs. Baker are taking possession today of 2017 N street, the home of Capt. and Mrs. W. E. P. French, which they have leased for the season.

For the first time in many years Georgetown will be the scene of a cabinet New Year reception, when on New Year day they receive the army officers in and near Washington and others.

Mrs. Richard H. Townsend is at her home on Massachusetts avenue, arriving from the White Sulphur Springs, W. Va., Saturday.

Before settling for the season Mrs. Townsend will visit New York, and be for a time with her son-in-law and daughter, Mr. and Mrs. Peter Goelet Gerry, at Warwick, R. I.

Mrs. Nicholas L. Anderson has returned to her home, 1520 K street, after spending the summer at Bar Harbor.

MOVIE SUBMARINE SEIZED BY BRITISH WARSHIPS

Wireless Message States Private-Owned Vessel Was Mistaken for a German U-Boat.

NEW YORK, October 2.—A wireless message from "H. H. Van Loan," a passenger bound here from Nassau on the steamer Monterey, declares that British warships in the vicinity of the Bahamas Islands have seized a "submarine" owned by a moving picture company while on its way from New York to Miami, Fla., under the belief that it was a German craft. The submarine was off Abaco Island in tow of a yacht when it was captured last Tuesday.

Those in command of the yacht and submarine, messengers, were compelled to return to Nassau, where the British officials took control of the submarine and warned Mr. Van Loan, who was in charge of the expedition, not to move her without permission. The American controlling the submarine is taking the matter up with the State Department at Washington to obtain the release of the property submarine.

GINNING OF COTTON CROP BREAKING ALL RECORDS

Census Bureau Shows Output Prior to September 15 Aggregated 4,062,991 Bales.

Ginning of the cotton crop is breaking all records. Announcement today by the census bureau that 4,062,991 bales had been ginned from this year's crop prior to September 15 disclosed that all former totals for ginning to that date had been exceeded, even that of 1914, when the country's largest cotton crop was grown and 3,393,752 bales were ginned to September 25. Heretofore the largest quantity ginned prior to September 25 was in 1911, when it was 3,676,594 bales.

Ginning to September 1 this year amounted to 3,618 bales and from that date to September 25 the quantity ginned was 3,212,179 bales. The extreme activity in ginning indicates that the crop this year is much earlier than in former years, but it is pointed out by officials that the quantity ginned to certain periods is no gauge of the country's total production, which, this year, from all indications thus far, is below the average.

Ginnings by states follow:

Alabama, 145,621; Arkansas, 287,986; California, 2,989; Florida, 16,938; Georgia, 744,202; Louisiana, 173,935; Mississippi, 193,055; North Carolina, 50,275; Oklahoma, 215,032; South Carolina, 255,120; Tennessee, 55,525; Texas, 1,596,529; all other states, 10,732.

Sea Island—Florida, 8,619; Georgia, 22,694; South Carolina, 47.

Liquor Embargo Not Retaliatory.

It was explained at the State Department today that a recent order by the Department of Agriculture limiting importation of liquors merely was an administrative detail of the pure food act and in no sense a retaliatory measure. Secretary Lansing said there was no foundation for a published story that the department had decided to take some of the retaliatory trade steps authorized at the last session of Congress.
