

### ARKANSAS EXHIBIT OF CHIEF PRODUCTS

#### Special Train Bearing Delegation and Specimens to Tour Thirteen States.

#### IS COMING TO WASHINGTON

"Arkansas on wheels," a special train carrying 125 citizens of the state, together with exhibits of all the chief products of Arkansas, is scheduled to reach Washington October 23, and will remain here two days. H. M. Gregory of the Arkansas railroad commission, acting as advance agent for the train and exhibits, was in Washington yesterday for a few hours, and consulted with E. B. Meritt, deputy commissioner of Indian affairs, who is president of the Arkansas Society of the District, in regard to a program for the reception and entertainment of the Arkansas delegation in this city.

The party will be headed by Gov. C. H. Brough of Arkansas, and a number of other prominent speakers will be aboard. The train is operated to show the possibilities and opportunities that exist in the home-section and investor in Arkansas. It will tour thirteen states, including Tennessee, Mississippi, Alabama, Georgia, Florida, South Carolina, Virginia, Maryland, West Virginia, Pennsylvania, Ohio, Indiana and Illinois.

#### Program in Washington.

A tentative program for the two days' stay in Washington was arranged by Mr. Meritt and Mr. Gregory. There will be a reception at the Union station Monday morning, October 23, at 9 o'clock; a parade to the hotel headquarters at 2:30; the exhibition cars of the train to be open to inspection from noon Monday until 9 o'clock p.m.

The Washington Chamber of Commerce has issued invitations to the Arkansas delegation to a reception and buffet supper at its headquarters, 12th and F streets, at 9 o'clock Monday night. The exhibition train will leave from 13th Street Tuesday morning, October 24, until 12 o'clock that night.

Special invitations to visit the train Monday afternoon will be extended to school teachers and to students. The Arkansas train will bring with them many products of their state, which they will distribute among those who visit the train, among them fifty bushels of Arkansas black cotton, many small packages of rice and other articles produced in the state.

#### Excursionists From Other Cities.

The train will be met here by excursionists from Baltimore and other eastern cities, as this is the most easterly point which will be visited.

One of the most interesting exhibits will be a two-hundred-thousand-dollar collection of Arkansas diamonds from the Pike county diamond fields. Another will be the reproduction in zinc ore of the Red Cloud mine on Buffalo river.

The reception committee, composed of members of the Arkansas Society, is as follows: E. B. Meritt, president; N. B. Williams, James K. Jones and James L. Wilmett, chief clerk of the Treasury Department.

The exhibition train brings with it its own band and a party of singers of negro melodies.

#### Hearing on Fishing Structures.

The board of engineer officers at Baltimore will conduct a public hearing there November 10 on proposed modifications of existing regulations for fishing structures in the Chesapeake bay and tributaries. Those interested in fishing and navigation in these waters are invited to present their views in writing in addition to appearing before the committee and making oral statements. Written communications from those unable to attend the hearing also will be considered, it is announced.

### ANNOUNCES PROGRAM FOR PRESENT SEASON

#### Twentieth Century Club Lists Speakers and Dates for Coming Meetings.

The Twentieth Century Club, which held its first meeting since last spring Thursday at All Souls' Church, has announced its program for the present season, together with the names of the speakers who will address the club at its general meetings, the names of the leaders of the various sections of the club and the times and places at which these sections will meet.

#### Program of Meetings.

The program for the general meetings of the club, all of which will be held in All Souls' Church the first Thursday in each month at 10:30 o'clock in the morning, is as follows: November 2, "Education for Citizens," Arthur W. Dunn; December 7, "Contemporary American Painting," Miss Leila Mechin; January 4, "Russia the Dominant Factor," Dr. Edwin A. Grosvenor; February 1, "A Near View of Congress in Action," Representative Simeon D. Pess of Ohio; March 1, annual meeting, reports of officers, election of officers, miscellaneous business; April 5, "Camera Notes of a Nature Lover," J. Edward Tyler; May 3, original productions by club members; Mrs. O. F. Cook, a story; Mrs. W. F. G. Swann, music; Mrs. Benjamin E. Smith, "The Unsecured One," and Mrs. Ernest P. Bicknell, rhymes.

#### Club Sections.

The sections of the club include those on archeology, art, civics, conservation, education, French, Italian and Spanish, parliamentary law and travel. These sections will meet at the homes of the various leaders of sections, and subjects for these meetings have been selected in a large number of cases selected.

The officers of the club are: President, Mrs. Edward B. Clark; vice president, Mrs. Gilbert H. Grosvenor; recording secretary, Mrs. Lyman B. Swornstedt; corresponding secretary, Mrs. Frank E. Butler, and treasurer, Mrs. Joy L. Webster.

#### Two Killed in Train Crash.

DANVILLE, Ind., October 7.—Two trainmen were killed when an east-bound Cincinnati, Indianapolis and Western freight train crashed into a westbound freight, which was switching cars onto a siding at Manleswood, near here, today. The dead are J. Owen, thirty-eight, engineer, of Indianapolis, and G. K. Carpenter, twenty-three, fireman, of Hume, Ill. The dead were on the engine which pulled the eastbound train.

### Tired, Aching Feet and Limbs

are promptly relieved by applying Absorbine, Jr., the antiseptic liniment. It is soothing, sealing and invigorating—puts vim and energy into jaded muscles. One of the many enthusiastic users writes: "I received the first bottle of Absorbine, Jr., at all sight and at that time was unable to walk without a cane, just around the house. I used it freely and inside of two days could walk without limping, something I had not done in two months. I went to the drug store and purchased a \$1.00 bottle and today can walk as good as ever. I'll never be without it. I am recommending it to every one I can, for I am a living witness."

Absorbine, Jr., should always be kept at hand for emergencies.

At drug stores, \$1.00 and \$2.00 a bottle, or sent postpaid. Liberal trial bottle for 10c in stamps.

W. F. YOUNG, P. D. E., 278 Temple St., Springfield, Mass.

### GEMS VALUED AT \$780 STOLEN IN APARTMENT

#### Wife of Maj. W. T. Johnston Suffers Loss—Other Thefts Are Reported to Police.

The biggest robbery in Washington for some time was committed within the past two weeks at the apartment of Maj. William T. Johnston, the Bangalow, 1767 K street northwest, when jewelry valued at \$780 was stolen. The robbery was not discovered until yesterday afternoon, when Mrs. Johnston wanted to wear the jewelry.

Detectives Evans and O'Dea were assigned to investigate the disappearance of the articles. A diamond ring, of about two karats, valued at \$200, and a diamond pin and pendant, with center stone of about one and one-quarter karats, surrounded by four smaller diamonds, valued at \$480, the detectives were told, were stolen.

Mrs. Johnston wore the jewels two weeks ago to a theater party. Upon her return to the apartment she placed them in an envelope, placed the envelope in a drawer in a trunk and locked the trunk. How the jewelry disappeared from the place is a mystery.

### MISS FARRALL PASSES AWAY

#### Prince Georges County Woman Dies at Providence Hospital.

Miss Margaret Farrall, a lifelong resident of Prince Georges county, Md., died Friday morning at Providence Hospital, following an attack of paralysis. She was sixty-eight years old. Funeral services will be held at Gasey's chapel, Bladensburg, Md., at 10 o'clock tomorrow morning. Interment will be in the Hadesburg cemetery.

Miss Farrall was a descendant of one of the oldest Maryland families. During the civil war members of her family sympathized with the south. She leaves two brothers, Thomas and James Farrall, both veterans of the Confederate army.

Ten persons were injured in a collision of two trains on the Northwestern elevated railroad in Chicago yesterday. The motorman of one train suffered serious internal injuries. Most of the injured passengers were bruised. Some were removed to hospitals.

A gold watch valued at \$25 was stolen from the home of Mrs. Bessie M. Bower.

### BRINGING PHOSPHATE ROCK.

#### Steamer Jean of Bull Line on Way to Alexandria Fertilizer Plant.

Laden with more than 3,000 tons of phosphate rock from Boca Grande, Fla., the steamship Jean, of the Bull line of New York, is on her way to Alexandria. The Jean left Boca Grande last Wednesday, and is expected to reach Alexandria tomorrow or Tuesday. She will dock at the pier of the Alexandria Fertilizer and Chemical Company, to unload. The material she brings will be used in the manufacture of commercial fertilizer.

These big steamships of the Bull line of New York are the only ones that now regularly visit the Potomac. About every two months the Jean or one of her sister ships comes to Alexandria with several thousand tons of the fertilizer material aboard, but the stay is short, the unloading equipment at the Alexandria Fertilizer Company pier taking the material out in a little over twenty-four hours.

The shortage in ships is compelling the Alexandria fertilizer plants to bring phosphate rock from Nova Scotia to Alexandria by rail, and not in ves- outbreak of the European war.

### MISS LESLIE OSBORNE ROBBED

Mrs. Leslie Osborne of 113 Heckman street southeast told the police of the fifth precinct her home was entered Friday and a watch valued at \$15, a bracelet valued at \$10, a coral brooch valued at \$15 and a vanity case valued at \$10 were stolen. Entrance was gained to the house through the front door. The key to the door had been left in the vestibule, the police were told.

An automobile tire valued at \$15 was stolen from the rear of the automobile of Dean Caldwell of the Woodward building yesterday afternoon, while the machine was on Pennsylvania avenue between 15th street and Madison place.

Mrs. Emma Payne of 2023 J street attended a "movie" theater on 9th street yesterday afternoon, and while there some one stole her pocketbook, containing \$4.49, she told the police.

A gold watch valued at \$25 was stolen from the home of Mrs. Bessie M. Bower.

### SUFFRAGE LEADER GOES TO SPEAK IN MONTANA

#### Miss Burns Will Help in Congressional Union's Fight Against Senator Myers.

Miss Lucy Burns, vice chairman of the Congressional Union for Woman Suffrage, left Washington last night to go to Montana, where she will work against the re-election of Senator Myers, democrat, because of the opposition of the democratic party to the amendment of the Constitution to provide national-wide woman suffrage.

Miss Virginia Arnold, national executive secretary of the Congressional Union, left for Chicago, where she will arrange for and direct a series of meetings to be held there during the next four weeks. Within the next few days Mrs. Minnie E. Brooke of Chevy Chase also will leave for Chicago.

Senators Myers of Montana could not claim to be acting in the interest of na-

### WARMER HEARTS FOUND IN HAWAII, SAYS ROCHA

#### Speaker at Catholic University Draws Comparison With U. S.—Has Praise for Washington.

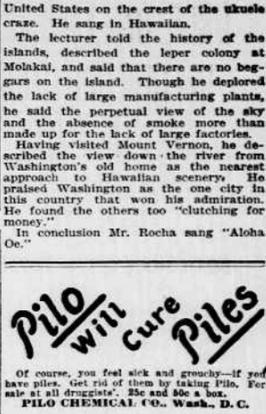

Both the climate of the United States and the hearts of the American people are cold in comparison with the perpetual sunshine that rests on Hawaii and the warm-hearted hospitality of the natives of the "Pearl of the Pacific," according to J. E. Rocha of Honolulu. Mr. Rocha addressed the students of the Catholic University upon "Hawaii, Its People and its Customs" in McMahon Hall Friday night.

Mr. Rocha sang native Hawaiian melodies to show his listeners how sweet the real Hawaiian music is in comparison with the syncopated imitation that has sprung up in recent months in the

### United States on the crest of the ukulele craze.

The lecturer told the history of the islands, described the leper colony at Molokai, and said that there are no beggars on the island. Though he deplored the lack of large manufacturing plants, he said the perpetual view of the sky and the absence of smoke more than made up for the lack of large factories. Having visited Mount Vernon, he described the view down the river from Washington's old home as the nearest approach to Hawaiian scenery. He praised Washington as the one city in this country that won his admiration. He found the others too "clutching for money."

In conclusion Mr. Rocha sang "Aloha Oe."

# Announcement Extraordinary!

## Hecht & Company

### Have Purchased the Entire Stock of New Pianos of The D. G. Pfeiffer Piano Co.

(1212 G Street N.W.)

#### Sale Starts Monday Morning Promptly at 8:30

In taking over the entire stock of new pianos of the D. G. Pfeiffer Piano Co., 1212 G street, our piano department has been crowded beyond its capacity. The deal was a big one, but we realized it involved the transfer of one of the world's greatest instruments—THE HARDMAN PECK & CO.'S line of pianos (the official piano of the Metropolitan Opera House, New York City). Mr. Pfeiffer has been in the piano business for the past twenty-five years, and during that time has sold the world's most famous makes of pianos.

This big deal naturally necessitates a change of merchandising policy in the piano department, as our entire attention in the future will be devoted to the sale of the Hardman line.

Our present stock will, therefore, be offered to the Washington public at prices far below its market value. There are many player-pianos as well as pianos involved in this sale, a few of which we mention in this announcement.

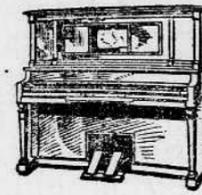

### Every Piano Is Registered

On every piano in this sale will be found the serial number to correspond with the instruments enumerated below. Every instrument is plainly marked with a price tag, and a child can come here and do business with the same safety as the shrewdest buyer.

### A Guarantee That Protects

And do not overlook that a double guarantee goes with every instrument—the maker's guarantee and our own. You are told in plain language the condition and what you can expect from every instrument.

Every piano is guaranteed for a period of ten years.

### Do You Dare to Smile?

Smiles vary—some are half smiles, keeping neglected teeth out of sight, lest their ugliness offend; others are wholesome, winning smiles, showing the flash of well kept teeth—the smiles which spread joy, which make friends, which help to success. The secret of such a smile is simple—GOOD TEETH. In front teeth and attention see me now before it is too late. My charges are reasonably small, my work of the highest character.
