THIS WEEK WE WILL CONTINUE THE

## 56th Anniversary Celebration

Of This Institution With a Bedrock Foundation of 56 Years' Standing. Upon Which We Are Rearing "The Store of Greater Service"

The buyers prepared for this event, the fifty-sixth of its kind in the history of LANSBURGH'S, way in advance. In fact, it's the talk of local department store circles that this big store was one of the comparatively few throughout the entire United States that, anticipating a long conflict, went into the markets at the very beginning of the present European war, and protected themselves against the present high prices that prevail all about us.

We want you to remember this fifty-sixth anniversary. It marks the dawning of a bigger, better store and store service—and the past history of this institution has been a credit to the community, to say the least. Every offering for today has a value that we believe will cause the memory of the lowness of the price to linger long in your memory.

### Have You Seen the Beautiful Dresses Which We Are Offering in This Anniversary Sale

Exclusive Styles for Women and Misses

At \$18.80

Misses' Sizes, 14 to 20  
Juniors' Sizes, 13 to 19  
Misses' Sizes, 36 to 44

We are safe in saying you've never known such quality, such style, such workmanship at anything near the price. In order to appreciate the values you must see the garments, as it is impossible to give you an adequate description in type—suffice to say there is practically an unlimited assortment of stylish, up-to-the-minute models in every wanted color for fall and winter wear.

A faint idea of what you will find included, are—

Fourth Floor—Lansburgh & Bro.

### NOTE FROM BERLIN TO NORWAY STRONG

#### Germany Will Not Submit to Regulations Governing Submarine.

#### HOLLAND OUTLINES POLICY

By the Associated Press.

CHRISTIA, October 22, via London, October 23.—The German minister has presented to the Norwegian government a note protesting against Norway's embargo on the submarines of belligerent countries. The cabinet held a meeting and discussed the note, but its decision in the matter has not been made public.

The press unanimously supports the government in its right to issue such an ordinance, as Sweden has already done.

**Note Is Termed Serious.**

LONDON, October 23.—Dr. Alfred Zimmermann, the German undersecretary for foreign affairs, is quoted by the Norwegian correspondent of the Copenhagen Aftenposten, according to an Exchange Telegraph dispatch, as declaring that the German note to the Norwegian government is a serious one, contending that Norway's action conflicts with paragraph 13 of the Hague convention, and is incompatible with strict neutrality, and furthermore, that Germany will not calmly submit to such action.

During the continuance of the negotiations, the correspondent adds, many German submarines are operating off the Norwegian coast and are stopping and examining vessels leaving Norwegian harbors.

**Norway's Submarine Rules.**

The Norwegian ordinance with respect to submarines of belligerent powers forbids such vessels from traversing Norwegian waters except in cases of emergency, when they must remain upon the surface and fly the national flag. Mercantile submarines are to be allowed in Norwegian waters only in a surface position, in full daylight and flying the national colors.

Any submarine operating in violation will, according to its provisions, be attacked by armed forces.

**Holland Follows U. S. Lead.**

Reuter's Amsterdam correspondent sends the following concerning the Netherlands government's note on the use of Dutch waters by submarines:

"Replying to the entente allies' submarine note, the Dutch government intimates that in consequence of the agreement in Norway's submarine rules they will be treated as warships, and in accordance with the Dutch neutrality provisions, will not be allowed to enter or remain in Dutch waters except on well defined conditions."

"The government, however, will not intern merchant submarines, because upon the Netherlands coast there is no law which would justify such a course."

### U. S. SUPREME COURT HEARS EDENBORN CASE

#### Reargument Begun in Effort to Get Back Money Paid Promoter of Defunct Company.

Argument was begun before the United States Supreme Court today on two cases of unusual interest in financial circles—the suits of James Sim and Thomas P. Alder of New York against William Edenborn, New Orleans and New York capitalists, to recover subscriptions of nearly \$110,000 they gave Edenborn in his promotion of the \$2,500,000 Sheffield Coal and Iron Company in 1902. The corporation later became insolvent.

Obligation of syndicate promoters to divulge their personal interest in property being promoted and rights of subscribers to rescind subscriptions when ignorant of such personal interest were the questions involved. The Supreme Court heard the cases in May, 1915, but reached no decision and ordered them reargued.

Edenborn, a former associate of John W. Gates, organized the American Steel and Wire Company, and was connected with large steel interests in St. Louis, Chicago and New York. He is a former director of the United States Steel Corporation. Sim and Alder charged that they did not know he was managing the company, which was bought by the Sheffield Company when they subscribed to the syndicate.

Edenborn held that there was no actual fraud upon Edenborn's part; that any constructive fraud was done by the corporation, and not the syndicate subscribers, and that the latter were not entitled to recover their subscriptions.

### FORCE CHICAGO TEACHER TO RESIGN AND QUIT CITY

#### School Authorities Say He Confessed Maligning Woman Subordinate to Win Her Affections.

CHICAGO, October 23.—John Henry Heil, principal of the Morgan Park High School, yesterday resigned after he had been confronted by Mrs. Marie Moore, teacher in a night school, who charged that he had written more than 100 letters attacking her reputation in order to win her affection.

Heil resigned after an all-night session in the office of Jacob M. Loeb, president of the board of education. Representatives of Mrs. Moore, who was present at the session, announced that he had confessed to writing the letters.

Heil's resignation was accepted, and he is ordered to leave Chicago within twelve hours. It was agreed that he should not be prosecuted.

Heil has a wife and five children, and the woman to whom he wrote is married to Oliver C. Moore, a dental student at Northwestern University. She was teaching to pay his tuition.

Heil admitted, according to a detective, who worked up the evidence against him, that he hoped to cause Moore to obtain a divorce and to induce the school board to discharge her in order to force her to come to him.

### ENTENTE ALLIES MAKE NEW GREEK DEMANDS

#### Insist on Removal of Troops From Thessaly and a Press Censorship.

By the Associated Press.

LONDON, October 23.—The presentation by the entente allies of further demands on Greece, including the removal of Greek troops from the western part of the country and the handing over of Greek war supplies, is reported by Reuter's Athens correspondent.

**Must Give Up Munitions.**

The Athens dispatch, which is dated Friday, says the demands were presented to King Constantine by the French military attaché. Greece is required to transfer the entire military force in Thessaly (in the rear of the entente allied forces in Macedonia) to Morea (the peninsula forming the southern extremity of Greece). Delivery to the entente allies of war materials destined for the Thessaly forces also is required. Other demands were made, the nature of which is unknown.

**Press Censorship Demanded.**

ATHENS, October 22, via London, October 23.—The allied powers demand a censorship of the Greek press. This has brought about new complications, as all press censorship in Greece is unconstitutional.

After a cabinet meeting, which lasted all day, the Greek government decided to issue a stern warning to the anti-entente newspapers that any further violation of the entente measures by the press, despite the constitutional freedom of the press.

### ADOPT CARREL SYSTEM OF STERILIZING WOUNDS

#### Hospitals of the Entente Allies Have Yielded Their Earlier Prejudices.

PARIS, October 23.—A system of sterilizing wounds that has been successfully applied at the hospital at Compiegne under the direction of Dr. Alexis Carrel of New York has been extended to the American hospital at Neuilly, the American and Belgian hospitals in Belgium, and probably will be adopted in all the war hospitals of the entente allies.

Hugues Le Roux, editor of the *Matin*, describing a visit to the Compiegne hospital, quotes Dr. Carrel as saying: "Beginning in September, 1915, it would have been possible to suppress completely the suppuration of wounds in the hospitals, but our process encountered such resistance from the heads of the profession that it was, so to speak, applied nowhere, though the lives of a great number of wounded would have been saved by this means. The savants would not believe in the possibility of the complete sterilization of deep wounds, but we have succeeded in doing it."

The process as described by M. Le Roux consists in complete irrigation of the wounds by means of a rubber tube with numerous branches, perforated with many small holes. The sterilizing solution was perfected after experiments with 200 or more different substances in various combinations. The wound is thus rid of all foreign substances and every corner or possible pocket is thoroughly cleansed.

**HELD ON TREASON CHARGE.**

Dr. Bull, English Dentist, Convicted by German Court-Martial.

LONDON, October 23.—Reuter's Amsterdam correspondent says it is reported on good authority that Dr. Bull,

### LAKE STEAMER LOST AND 21 ARE DROWNED

#### Captain Only Survivor of Erie Vessel James B. Colgate in "Black Friday" Storm.

By the Associated Press.

CLEVELAND, Ohio, October 23.—Capt. Grashaw of the steamer James B. Colgate was picked up yesterday in Lake Erie on a life raft by the Marquette and Bessemer car ferry No. 2, after he had been at the mercy of the storm, without food or water, for thirty-four hours. He was taken to Conneaut. The Colgate went down at 10 o'clock Friday night off Long Point, Canada, opposite Erie.

Every one of the crew of twenty-one perished, nineteen of them sucked to death the instant the big steel boat foundered in the storm, and two added to the toll when exhaustion, exposure and the relentless waves washing over the raft that carried their captain, washed them off when their strength gave way.

The ferry steamer picked up the captain off Rondeau, Canada, opposite Cleveland. The Colgate went down the night of what has come to be known as "Black Friday" in marine circles. Earlier that morning the steamer Flier sank in Lake Erie Friday, only Capt. Madison being saved. Earlier that same stormy night the steamer Marshal F. Butters foundered, but its crew of thirteen men were saved.

Less than an hour after the Flier sank, the Colgate, by far the largest of the "Black Friday" vessels, went down. She was carrying 300 passengers and crew, and the lake held its secret until yesterday, when Capt. Grashaw was rescued in a hospital at Conneaut today.

**The Captain's Narrative.**

Capt. Grashaw's story follows: "We were passing Long Point about 6 or 7 o'clock Friday night when trouble began. The boat sprang a leak forward. We were all aft at the time, and immediately we could feel her tipping and settling at the head.

"Every man worked for his life then, but it was no use. By 10 o'clock the storm had increased so that the Colgate did not have a chance. The gale was terrific, rain was driving and the waves pounded. We got the life raft ready just as the boat was so far down that the decks were awash.

"When she sank everybody jumped into the water. I went down, and when I came up by some chance my hand touched the raft. I grabbed it and the coal passer reached it. What happened to the others I don't know. I never saw them again. They must have been sucked right down with the ship.

"Then our awful fight began—something I'll never forget.

"Twice the raft turned completely over and we were washed loose, but we managed our hold. I must have been unconscious half the time, for now I can't remember distinguishing from night and day, while the storm went on and our raft plunged with us. Never once in sight of a ship that might rescue us until this morning.

"First the coal passer was washed away. Then hours later Osman, too, was washed away, and washed to his death. How I managed to keep on the raft I do not know. Time and again it turned over with me. Each time I had to fight my way on top again."

The Colgate was built in 1892, was of whaleback construction, 3,300 gross tons, 305 feet long, 38 feet beam and 24 feet deep. She was fully insured.

**List of the Lost.**

The list of the lost crew of the Colgate follows:

Henry Larsen, George Coon, Milwaukee, Wis.; Charles B. Sutliff, Solon

### CONVENTION OF W. C. T. U. IS TO BEGIN TOMORROW

#### Sessions Will Be Held in John Marshall Place Presbyterian Church and Will Last Two Days.

Members of the W. C. T. U., from Alexandria county, Va., and Montgomery county, Md., are to be special guests of the local organization at the forty-second annual convention of the W. C. T. U. of the District of Columbia, which opens its two-day session tomorrow morning at 10 o'clock at the First Presbyterian Church, John Marshall place.

A feature of the opening day will be a reception to long-time members of the union following noon-day prayers. It is planned to send automobiles for these members not able to reach the church by the street cars.

Reports of officers and committees will be read. The opening session tomorrow morning, Rev. John B. Clark will give the address of welcome, and Mrs. Court F. Wood will give the response. At 2 o'clock Mrs. Emma Sanford Shelton, president, will read her annual address, William H. Delacy, former judge of the Juvenile Court, will make an address on "The Catholic Total Abstinence of America," and Mrs. S. C. Roberts, president of the National W. C. T. U., will bring the convention "A Message From Porto Rico."

At 2 o'clock Wednesday afternoon the prize banner will be presented to the union having made the largest gain during the past year.

Mrs. Emma S. Shelton, who represents the National W. C. T. U. at Chautauque, N. Y., for six weeks last summer, will speak of some of her experiences. At 3 o'clock Wednesday afternoon will be held a memorial service for members of the union who have died. This service will be conducted by Mrs. M. C. Hull, president of Northwest Union.

### NATION LICENSES PHYSICIANS. State Authorities Agree to Recognize Federal Certificates.

Five physicians from different sections of the country have been awarded licentiate certificates by the national board of medical examiners at the conclusion of the first of its examinations which are expected to provide a corps of medical men authorized to practice anywhere in the Union without state licenses. Ten applicants were examined.

The board, which is headed by Surgeon General Branstetter of the navy, and includes the surgeons general of the army and public health service and many distinguished physicians in private life, already has been assured by the medical boards of nearly all the states that its certificates will be accepted. The next meeting will be held at Chicago in February, and the next examination will be here in June, 1917.

### Investigation by Children's Bureau.

To determine the proportion of illegitimate children among those cared for by institutions, the children's bureau of the Department of Labor has instituted an investigation. The analysis of the findings will be completed within the next few months, it is announced, and it is believed that they will reveal new and interesting facts about the relation of illegitimacy to other findings, such as dependency and mental defectiveness.

### You want all-wool clothes

THE high cost of wool; the disorganized dye-stuffs market; the easy manipulation of cotton with wool in clothing fabrics; these may make your clothes-buying a matter of some uncertainty.

But we want you to know that our standards of quality and our guarantee of satisfaction are not changed when the market conditions change.

We use none but all-wool fabrics; we guarantee the complete satisfaction of every wearer of our clothes, on every ground.

But the clothes are going to cost more than formerly; under all the circumstances they're going to be worth more.

Our label is a small thing to look for, a big thing to find
