April Allotment at Old Price After May 1st, All Cars New Price

Last Chance for You to Own a "World's Non-Stop Record Champion Car" at the Old Price

Constant rise in cost of steel and other raw materials is forcing up the price of the Maxwell Car, because the Maxwell Company has refused to cheapen by a single penny anything that goes into the making of the "world's non-stop record champion car." The factory has agreed to let us have our April allotment cars (ordered in March) at the old price; that is why we can give you for a few days more the biggest bargain in a real automobile ever offered in the history of the automobile industry.

We can give YOU from now until May 1st to own this world's champion car at the old price.
After May 1st Identically the Same Car—But at the New Advanced Price
Not a particle of difference in the car itself,
—the same model and design in every detail,
—the same super-product of the best automobile experience, the finest engineering skill and craftsmanship, backed by one of the largest factories in the world,
—the same speedy five-passenger, roomy, comfortable, easy-riding, beautiful automobile,
—the same famous record-making Maxwell motor,
—the same powerful motor that "laughs at hills,"
—the same Maxwell car that by its many records of 150,000 miles actual running (which equals 20 years' regular service) has earned for itself everywhere the proud title, "The World's Greatest Motor Car Value."
A Car of Endurance, Economy and Amazing Mileage Per Gallon of Gas
For 22,022 miles—for 44 days and nights—a Maxwell car ran without once stopping the motor.
There is the world's non-stop record for endurance, as testified to by the American Automobile Association.
Monthly Expenses \$8.19
For 9,700 miles Mrs. Miriam Seeley, Professor at the Oregon Agricultural College, drove her Maxwell on a total expense account, including gas, oil and repairs, of 1 1/2 cents per mile, making an average monthly running expense of \$8.19.
There's a record expense performance—often lowered by hundreds of Maxwell owners every month.
When You Buy a Maxwell You Buy a Real Car
You don't have to figure up another two or three hundred dollars on "extras" when you buy a Maxwell car.
You get what you pay for and what you are entitled to—a thoroughly up-to-date automobile, complete in every respect.
You know the whole story now—the story of the increased price next month and the story of your last chance to buy at \$635.
If you buy in May you'll get the same car exactly. BUT the price will be \$665.
TODAY the Maxwell is \$635.
The difference is the premium for your prompt action.

All prices, f. o. b., Detroit.

Passing other cars sometimes is desirable. Surpassing other cars is somewhat more so. A National owner knows. His car does both!
