Nurse Hubbard---

Demonstrating Vanta Baby Garments

—Is one of the special attractions of the week. —Many Washington mothers have become thoroughly acquainted with the wonderful advantages of these garments through demonstrations held in the past, but we want All Mothers in this city and vicinity to realize their value to the healthful dressing of the child. —VANTA GARMENTS have been approved by leading physicians, careful mothers, nurses, teachers of Mothercraft, University and other Domestic Science experts everywhere as the best garments for infants' wear ever made.
