**GET INTO PARTIES,
WOMEN ARE TOLD
BY LEAGUE'S HEAD**

Mrs. Catt Urges Entry Into "Inner Circles"; Partisan Feeling Shown.

By the Associated Press.
CHICAGO, February 14.—After her election as permanent convention chairman of the congress of the League of Women Voters, meeting in connection with the last annual gathering of the National American Woman Suffrage Association, Mrs. Carrie Chapman Catt today outlined the policies of the new organization and declared women should affiliate with the political parties.

Mrs. Catt's keynote address came at the conclusion of the first session of the new league, at which the work of organization was begun.

Today's meetings were concluded with a ratification celebration banquet tonight, at which prominent suffrage workers addressed the 2,000 delegates.

"There seems to be some misunderstanding regarding the League of Women Voters," Mrs. Catt declared, in addressing the new body. "There is evident opposition, largely political."

Must Get Into Politics.
"Persons interested in enrolling members in their political parties are making rather cutting criticisms. They think the league will keep women out of politics. That must not be. For sixty years we have been working for political parties to give us the vote. No state has given it until the political parties had consented."

"Are we going to continue to petition them as we always have done? If so what is the use of getting the vote?"

"The only way to get things in this country is from the inside of the political parties. More and more the parties have become the agencies through which powerful things have been accomplished. It is not a question of whether it is right for us, but rather a realization of the fact. They are powerful."

"Why have the governors in the west acted so independently of the woman voters? We expected that they would call special sessions immediately after the amendment had passed. The reason is this: That the woman voters have been a sort of ladies' auxiliary. There has been no common body to exert an influence."

"Women must get into the parties. Without, we should continue to be auxiliaries. We've been sixty years urging men to confer in the abilities of women. Prove your capacities in the parties."

Would Invade Inner Circles.
"You have a struggle ahead. There are inner circles in the parties where you will not be wanted, but it is just there that you must go. There is a danger, too, that you will be too timid, too conservative. If you are going to trail along five years behind the parties, it would be better that you never take up politics. Go five years ahead."

Affairs of the league, it was decided, should be in charge of the directors elected for one year. Seven of the directors would represent divisions of the country and would be elected at large. The board of directors would elect a chairman, vice chairman, secretary and treasurer and would meet annually in each of the seven districts.

A national manager also will be chosen by the board "at a sufficient salary to get the best available talent in the country." An executive committee also was provided for, to be composed of the presidents of state auxiliaries and chairmen of the standing committees.

Partisan Spirit Evident.
Evidence of partisan activity was given repeatedly today. Four women, although declared out of order by the chairman, rose to insist that the word "non-partisan" be kept in sight, and another delegate asked that "unpartisan" be used in the permanent name of the league, which is yet to be chosen.

Following the morning session, at which a resolution praising Will H. Hays, chairman of the republican national committee, for aid rendered the suffrage cause was adopted, democratic adherents, especially delegates from the southern states, complained openly that the convention had been packed with republicans.

Democratic women later introduced a resolution thanking Homer Cummings, democratic national chairman, for help he rendered their cause, and it, too, was adopted.

ANTIS THREATEN FIGHT.

Opponents of Woman Suffrage Say They May Delay Election.
NEW YORK, February 14.—Granting woman suffrage "over the heads of the people" by legislative act "cannot stand the tests in the courts that will inevitably ensue," is the declaration made in a statement issued here tonight by the National Association Opposed to Woman Suffrage.

"These cases," the statement continued, "should ratification" be obtained in time for women to vote this year, will not only hold up the election result, as did the Hayes-Tilden conflict, but possibly necessitate a second election. Republican and democratic chairmen, working under the suffrage whip, are leading the country straight for political chaos."

The statement was amplified by Miss Mary G. Kilbreth, the president, who declared two suits would be instituted to test the constitutionality of the Susan B. Anthony amendment if it becomes operative before the presidential and state election next fall. Miss Kilbreth declined to give details of the legal action contemplated or to name the counsel retained, but said preliminary steps already had been taken.

Attached to the statement, which was signed by Miss Kilbreth, was a copy of a telegram sent to Gov. Hart of Washington congratulating him upon his refusal to call a special session of the legislature to act upon the suffrage amendment.

TAILORS HOLD BANQUET.

Spring Styles and Sectional Shop System Are Discussed.
The annual banquet of the Merchant Tailors' Designers was given Friday night at the New Ebbitt Hotel. C. E. Bloomquist, president, spoke on spring styles, and outlined the sectional shop system. P. J. Foley spoke on the trade school plan as a means of relieving the shortage of tailors. C. E. Lightfoot discussed the school of tailoring as conducted in the United States Army. James D. McConville traced the history of the local organization, and pointed to the fraternal feelings existing among the members.

A committee consisting of P. J. Foley, C. E. Lightfoot and J. Heiberger was appointed to further the trade school plan and conduct a publicity campaign to induce American boys to learn the tailoring trade.

F. J. Heiberger and J. W. McGarry were elected members of the organization.

The officers of the association are: P. J. Foley, president; J. M. Stein, first vice president; C. E. Lightfoot, second vice president; L. E. Reed, financial secretary; L. P. Grady, recording secretary; H. B. Thiel, treasurer; J. Gross, master of practical work; P. J. Heiberger, assistant master of practical work; D. S. Margolis, librarian, and S. D. Vignor, J. D. McConville and L. P. Grady, trustees.

CABINET WANTS NORWAY IN LEAGUE OF NATIONS

CHRISTIANIA, Norway, February 14.—The cabinet decided today to ask the consent of parliament for Norwegian participation in the league, while objections might be raised. It was pointed out that against the statutes of the league, which do not abolish war and thereby make it possible for Norway to be drawn into a war, the cabinet believed it to be Norway's duty to join the league.

The cabinet expressed the hope that future amendments to the league covenant would make possible the settlement of international differences without the necessity of war.

BUTLER PRESIDENTIAL BOOM GAINING LITTLE

No Real Demonstration of Sentiment for Candidate Has Been Given So Far.

ALBANY, N. Y., February 14 (Special).—Friends of Nicholas Murray Butler, president of Columbia University, are still busy booming him for the republican nomination for the presidency. While much consistent and hard work is being performed in Dr. Butler's behalf, the boom, so far, does not seem to gain much ground.

With the exception of Charles E. Hughes, former justice of the United States Supreme Court, New York republicans have no other candidate to offer than Dr. Butler. The early talk of having Mr. Hughes seek the nomination has died out completely.

At this time there has been a great deal of disconnected talk about presidential possibilities, but no real demonstration of sentiment has so far been given. Whatever efforts have been made up to this time have rather than the nature of elimination rather than selection. Among those to whom the vacuum cleaner has been applied is Senator Hiram Johnson, as well as a lot of the lesser lights of the "native son" caliber.

The rank and file of both parties are anxiously looking toward their leaders for indication which direction they are to follow, but the leaders themselves seem in doubt just who, if any, of the candidates now in the field are to be selected as the standard bearers.

New York state sentiment for candidates for the nominations may be given expression next week, when presidential and democratic will meet in unofficial conventions to select delegates at large to the national conventions of their respective parties.

The following delegates will be selected by the republicans: Elihu Root, Senator James W. Wadsworth, William Boyce Thompson and Senator William M. Calder.

The democratic quartet will consist of Gov. Alfred E. Smith, Norman Mack, Miss Elizabeth Marbury and probably Charles F. Murphy, head of the Tammany Hall organization, or former Gov. Martin H. Glynn.

FOUR ENTER RACE FOR SENATOR GAY'S SEAT

Frank J. Looney Is Elected Chairman of Democratic Committee in Louisiana.

NEW ORLEANS, La., February 14 (Special).—Organization of the democratic state central committee, following the nomination of John M. Parker for governor, which resulted in the election of Frank J. Looney of Shreveport as chairman and T. Arthur Edwards of Lake Charles vice chairman, and the rapidly with which candidates are enlarging the race for the sixth district of Louisiana, Edwin S. Broussard of New Iberia, brother of the late Senator Robert F. Broussard, whose unexpired term Senator Gay is now serving; Doneison F. Caffery, New Orleans lawyer and reform leader of long standing; and James J. Bailey, just renominated for a second four-year term without opposition.

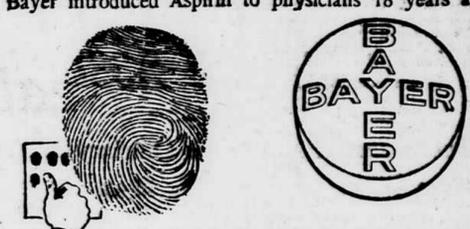

Although Senator Gay has made no announcement, his friends in Louisiana are inclined to regard him as a candidate to succeed himself.
