APPROPRIATION BILL

PROVIDES 2 1-2 PER CENT LEVY HERE
(Continued from First Page.)

Water Service.
The expenses of the water service are recommended to be paid entirely from the revenues of the water department, which has been the practice for many years. The amount carried in this bill for the water service is \$846,110. The estimated water revenue for 1920 is \$808,000, a deficit for the ensuing year of \$38,110. This sum will be cared for, however, by the balance of the appropriation expected to be carried forward from the fiscal year 1920 of approximately \$120,000.

The committee has eliminated from the bill extensions of the water distribution service aggregating \$100,000. These improvements have been postponed but cannot be postponed indefinitely, and as they are of the character of betterments which heretofore have been paid from the water revenues, the committee has recommended a provision increasing the existing water rates by not less than 2 1/2 per cent per annum so as to provide a water fund adequate for the continuance of the extension of the system of water distribution and at the same time provide a rate that will not be excessive to the consumers in comparison with the rates paid for water in other localities. On the basis of the estimated revenues on present rates (\$808,000) the increased rates should raise the water revenues to \$1,010,000 for the fiscal year 1921, the committee estimates.

Eliminated Certain Projects.
The appropriations committee eliminated from the estimates submitted by the District Commissioners certain projects authorized and appropriated for in 1916 and 1917. Although appropriations of \$427,500 already had been made for these projects, they were never undertaken, because the cost has so increased that it was found impossible to undertake them with the amounts so appropriated and authorized.

These projects, with the amounts estimated for the fiscal year 1921 by the Commissioners and omitted by the appropriations committee, are: Wharf, \$200,000; public convenience station (8th and F streets), \$15,000; Wheatly School, addition, \$58,000; Takoma School, addition, \$30,000; Gage School, addition, \$57,000; police station house, \$40,000; Industrial Home School for Colored Children, \$15,000; barn, \$15,000; municipal lodging house, \$30,000. Total, \$291,500.

Other items in the estimates not previously appropriated for or carried in this bill, but deemed urgent by the committee, are as follows: Site for new refuse disposal plant, \$350,000; new site for Industrial Home School, \$50,000; additional school sites, \$84,500; twelve street improvement projects, \$381,700; water service extensions, \$355,000. Total, \$1,222,000.

The sum of \$2,270,000, requested by the Secretary of War for beginning the work of providing additional sources of water supply for the city, was not submitted to Congress for consideration in connection with this bill.

Contingent and Miscellaneous.
The appropriation for motor vehicles is increased from \$30,700 to \$35,400, or by \$5,700. This sum will provide for six new automobiles to replace horse-drawn vehicles at present in use and also will allow the exchange of six old automobiles for their replacement by new machines, as well as provide for the maintenance of thirty-four automobiles. Five motor trucks and ten motor cycles.

Coroner's office—The appropriation for the coroner's office is increased by \$4,000. This sum provides \$1,000 additional for contingent expenses, \$3,000 additional for the erection of a cold-storage plant at the morgue, for which an appropriation of \$5,000 has already been provided for by the purchase of an auto truck for removing bodies to the morgue to replace the present horse-drawn vehicle.

Recorder of deeds—The appropriation of \$6,000 for rent of offices for the recorder of deeds is omitted, the committee believing that it may be possible to provide space for that office in property now owned or otherwise rented.

Buildings injured by fire—An appropriation of \$10,000 is recommended for the reconstruction of buildings owned and used by the District of Columbia when injured by fire. This item represents an increase of \$10,000 over the total of the bill, but is not a new appropriation, as work of this character has heretofore been provided for by the reappropriation of a previous fund for similar purposes.

Weights, measures and markets office—The appropriation for the weights and measures office is increased from \$50,000 to \$55,000, or by \$5,000. The sum of \$380 is recommended for its maintenance.

Surveyor's office—A new appropriation of \$2,000 is recommended for making surveys to mark permanently on the ground the permanent systems of highways for the District of Columbia and to facilitate the work of surveying and marking the same. The total cost of completing such work for the entire District is estimated at \$120,000.

The appropriations under the heading of "contingent and miscellaneous expenses" is increased from \$184,229 to \$208,250, or by \$24,021.

Improvements and Repairs.
Assessment and permit work streets—The appropriation for assessment and permit work upon streets is increased from \$200,000 to \$285,000.

Street improvements—The committee recommends the improvement of thirty-four street projects aggregating \$485,000, with the improvement of twenty-three projects aggregating \$454,500 for the current fiscal year. The committee requested the improvement of forty-three street projects, aggregating \$877,300.

The principal items of improvement recommended are as follows: Grading Conover street north-west, Pierce Mill road to Chapel road, \$39,000; reconstructing the canal wall, northwest, \$45,000; paving Nichols avenue southeast, Sheridan road to St. Elizabeth's Hospital, \$43,000; paving New Hampshire avenue north-west, 27th street to 28th street, \$40,000; paving Potomac avenue southeast, 11th to 12th street, \$20,000; paving 14th street north-west, K street to Virginia avenue, \$21,000; paving Belmont road north-west, Massachusetts avenue to Connecticut avenue, \$18,000; paving Louisiana avenue north-west, Pennsylvania avenue to 10th street, \$60,000; and paving 12th street southeast, Pennsylvania avenue to 16th street, \$19,000.

Street repairs—The appropriation for repairs of streets, avenues and alleys is increased from \$500,000 to \$575,000, or by \$75,000. The appropriation for repairs to suburban roads is increased from \$200,000 to \$250,000. The combined total of repair appropriations is aggregated \$700,000 for the current fiscal year and are increased to \$825,000 for the ensuing fiscal year, or by \$125,000.

Sidewalks and curbs—The appropriation for sidewalks and curbs is increased from \$200,000 to \$250,000.

Other items of \$10,000 is recommended for painting the floors, beams, stringers, etc., under the roadway of the Highway bridge. A paragraph is recommended transferring the jurisdiction and control of the Highway bridge across the Potomac river from the officer in charge of public buildings and grounds to the Commissioners of the District of Columbia on and after July 1, 1920.

The total of appropriations under the heading of "Improvements and

Repairs" is increased from \$519,160 to \$1,173,560, or by \$254,400.

The appropriation for cleaning and repairing sewers and basins is increased from \$50,000 to \$90,000, and provision is made for the purchase of two motor trucks at not to exceed \$3,000 each. The appropriation for the operation and maintenance of the sewage pumping service is increased from \$107,000 to \$100,000, and the appropriation for main and pipe sewers and receiving basins is reduced from \$107,000 to \$100,000, and the appropriation for suburban sewers is increased from \$10,000 to \$20,000, and provision is made for the replacement or exchange of two motor trucks or field wagons at not to exceed \$500 each.

The appropriation for assessment and permit work in connection with sewers is increased from \$50,000 to \$100,000, and a paragraph is recommended elsewhere in the bill increasing from \$1 to \$2 per linear foot the rate of assessment for the laying of service sewers.

The appropriation for continuing the construction of the upper Potomac Interceptor between 27th and K streets and Chain bridge is reduced from \$200,000 to \$100,000.

The total of appropriations under the heading of "Sewers" is increased from \$483,000 for the current year to \$612,000 for the next year, or by \$129,000.

Streets.
Street cleaning—The appropriation for cleaning and sweeping streets is reduced from \$400,000 to \$375,000.

Disposal of city refuse—The appropriation for disposal of city refuse is increased from \$656,000 to \$750,000, the increase being due to the installation of equipment in the garbage-disposal plant and to the collection of miscellaneous refuse by the municipal government. The miscellaneous refuse contractor having failed and the work having been taken over by the Commissioners, a paragraph is recommended repealing the provision of existing law which authorizes any person, under regulations prescribed by the Commissioner, to transport refuse from the place of origin to places outside of the District of Columbia for the feeding of live stock.

Playgrounds—An additional guard or swimming teacher, to be employed for four months, at \$60 per month, is recommended.

Public convenience stations—The appropriation for maintenance of public convenience stations is increased from \$17,500 to \$20,000.

Police Department—The appropriation for maintenance of the heading of "Streets" is increased from \$1,227,880 to \$1,299,720, or by the sum of \$71,840.

Electric Department.
The appropriation for general supplies and other general expenses of the electrical department is increased from \$20,000 to \$25,000, principally on account of increased telephone rates.

Provision for the allowance for maintenance, at not to exceed \$30 per month, of an additional automobile.

The total of appropriations for the "electrical department" is increased from \$209,990 to \$209,940.

A new appropriation of \$2,000 is recommended for construction of a coach for the crematory.

The total of appropriations for the health department is reduced from \$209,990 to \$209,940.

Courts.
Supreme Court—The compensation of the probator officer is increased from \$2,000 to \$2,400 and of the assistant probator officer from \$1,200 to \$1,400.

Juvenile Court—A new appropriation of \$250 is recommended for transportation and travel expenses for laying water mains from \$1.25 to \$2.50 per linear foot and increasing the rate of assessment for sewer service from \$1.15 to \$1.25 per linear foot for water mains and sewers hereafter constructed.

The total of appropriations for the "water service" is increased from \$751,210 to \$846,110, or by \$94,900.

The additional appropriation for holiday leave for the per diem employees is recommended to be made permanent at \$1,200.

The appropriation for repairs to the Police Court building is increased from \$1,500 to \$5,000, or by \$3,500.

Municipal Court—The compensation of the five judges is increased from \$3,500 to \$4,000, or by \$500. A clerk and messenger at \$840 is recommended in lieu of a messenger at \$600.

The total appropriation for "courts" is increased from \$131,805 to \$145,045, or by \$13,240.

Courts and Prisons.
Courthouse, District of Columbia—An additional watchman at \$720 and six charwomen at \$2,400 each are recommended. The firemen at \$720 each are omitted.

The appropriation of \$8,750 for repairs in connection with the occupancy of temporary quarters by the Supreme Court of the District of Columbia is omitted.

The total of appropriations for "courts and prisons" is reduced from \$245,470 to \$239,720, or by \$5,750.

Charities and Careless—A board of charities—A clerk and stenographer at \$1,200 is recommended in lieu of a clerk at \$840. An appropriation of \$1,200 is recommended for the purchase and equipment of two motor ambulances and an additional sum of \$1,200 is recommended for their maintenance.

Washington Asylum and Jail—An additional resident physician at \$480 and a janitor at \$600 are recommended. The appropriation for repairs to buildings is increased from \$5,000 to \$6,000, or by \$1,000. The appropriation for the purchase of furniture for the nurses' home and \$1,200 for the repair of appliances for the X-ray machine.

The appropriation for payment to persons abandoned or neglected is increased from \$75,000 to \$90,000, and the appropriation for the maintenance of an automobile, for the purchase of which an additional appropriation of \$7,500 is recommended.

The appropriation for the transportation of prisoners is increased from \$2,500 to \$3,200, to provide for the purchase of a motor van, at a cost not to exceed \$2,600 and for the maintenance and driving of same.

Six attendants at \$60 each and a janitor at \$600, are recommended.

An appropriation of \$2,500 is recommended for furniture and other necessities for the ward and an additional appropriation of \$1,500 is recommended for the purchase of a motor truck.

The provision authorizing the Commissioners to sell the surplus products of the home and to tax the proceeds of such sales into the Treasury in the proportions authorized by law is recommended to be made permanent.

National Training School for Girls—A resident clerk at \$800 is recommended in lieu of a treasurer at \$800.

An appropriation of \$20,000 is recommended to complete the building for the National Training School for Girls, to be added to the appropriation of \$15,000 made therefor in 1917.

A paragraph is recommended providing that on and after July 1, 1920, appropriations for this school shall be disbursed by the disbursing officer of the District of Columbia in the same manner as other appropriations for the District are disbursed.

Contract hospitals—The total of appropriations for care of indigent patients in various hospitals under contract with the board of charities is reduced from \$185,000 to \$187,000.

Tubercular Hospital—The appropriation for maintenance of patients in the Tubercular Hospital is increased from \$50,000 to \$52,000.

Gallinger Municipal Hospital—The limit of cost of the Gallinger Municipal Hospital is increased from \$603,500 to \$1,000,000, and the sum of \$100,000 is appropriated in addition to the appropriation of \$603,500 already available therefor. The plans for this hospital were authorized in 1914 and the construction of the hospital was authorized in 1917.

Board of Children's Guardians—The

amount which may be advanced by the disbursing officer of the District of Columbia to the agent of the board of children's guardians for expenses in connection with the placing and visiting of children is increased from \$500 to \$400.

The appropriation for maintenance is made available for the upkeep of an automobile and the sum of \$750 is appropriated for its purchase. The total of appropriations for the maintenance of children under contract is to be made by the board of children's guardians is reduced from \$21,000 to \$15,000.

The appropriation of \$5,000 for the National Library for the Blind and the appropriation of \$1,500 for the Columbia Polytechnic Institute for the Blind are omitted.

The appropriation for care and maintenance of inmates of the District of Columbia in St. Elizabeth's Hospital is increased from \$500,000 to \$700,000.

Workhouse and Reformatory—The compensation of the superintendent of the workhouse at Lorton, Va., is increased from \$3,500 to \$4,000.

Workhouse—The appropriation for maintenance is reduced from \$120,000 to \$110,000 and the combined appropriation for the workhouse and reformatory is reduced from \$27,240 to \$24,740, or by \$2,500.

Disposal of permanent buildings is reduced from \$50,000 to \$50,000. The appropriation for maintenance of equipment in the garage-disposal plant is reduced from \$12,000 to \$10,000, or a total reduction of \$17,000.

The paragraph authorizing the Commissioners to sell the surplus products of the workhouse and reformatory is recommended to be made permanent law.

Parks.
A paragraph is recommended reappropriating for the fiscal year 1921 the appropriation of \$25,000 made for the year 1920 for the acquisition of small park areas at the intersection of streets, avenues or roads.

Water Service.
Washington Aqueduct—A new appropriation of \$90,000 is recommended for the installation of additional pumping facilities to supply water to the filters.

Water Department—The compensation of employees in the water department is recommended to be increased for the fiscal year 1921 in order to make their compensation equivalent to the amounts received by them during the current year, from the increase in the District of Columbia act and in the sundry civil appropriation act, as follows:

One master mechanic, from \$2,000 to \$2,250, increase, \$250; 2 steam engineers, \$1,200 to \$1,750, increase, \$1,120; 3 assistant steam engineers, \$1,000 to \$1,450, increase, \$1,380; 4 others, \$720 to \$950, increase, \$260; 2 firemen, \$900 to \$1,150, increase, \$750; total, increase, \$4,500.

The appropriations for maintenance of the water service and extension of the water service carried for the current year in three paragraphs aggregating \$500,000 are recommended to be carried for the ensuing year in five paragraphs aggregating \$510,000. The paragraphs in the current law are subdivided in order that the items of maintenance and new improvements may be separated and easily ascertainable.

A paragraph is recommended increasing the rate of assessment for sewer service from \$1.15 to \$1.25 per linear foot and increasing the rate of assessment for sewer service from \$1.15 to \$1.25 per linear foot for water mains and sewers hereafter constructed.

The total of appropriations for the "water service" is increased from \$751,210 to \$846,110, or by \$94,900.

The additional appropriation for holiday leave for the per diem employees is recommended to be made permanent at \$1,200.

The appropriation for repairs to the Police Court building is increased from \$1,500 to \$5,000, or by \$3,500.

Municipal Court—The compensation of the five judges is increased from \$3,500 to \$4,000, or by \$500. A clerk and messenger at \$840 is recommended in lieu of a messenger at \$600.

The total appropriation for "courts" is increased from \$131,805 to \$145,045, or by \$13,240.

Metropolitan Police.
The compensation of the chief clerk of the police department is increased from \$2,000 to \$2,400.

The officers and members of the metropolitan police are provided for in the same manner as for the current year and at the rates of compensation fixed by the act approved December 5, 1919. The total increase in salaries of the metropolitan police is \$1,200,000. The total increase in the current District of Columbia appropriation act is \$263,293.87, and the increase over the current year is \$1,200,000.

House of Detention—The following additional employees are recommended: Two attendants at \$1,200, two attendants at \$1,000 each, one attendant at \$800, one cook at \$500, one janitor at \$600 and one janitor at \$600.

The following employments are omitted: Six attendants at \$60 each, one janitor at \$600 and three matrons at \$720 each.

The appropriation for miscellaneous expenses is made available for clinical supplies, food, upkeep and repair of buildings, electricity, supplies and equipment, and is increased from \$7,000 to \$14,340.

Fire Department.
The officers and members of the fire department are provided for in the same manner as for the current year, and at the rates of compensation fixed by the act approved January 1, 1920. The total increase in salaries of the fire department is \$1,200,000. The total increase in the current District of Columbia appropriation act is \$263,293.87, and the increase over the current year is \$1,200,000.

The following employments are omitted: Six attendants at \$60 each, one janitor at \$600 and three matrons at \$720 each.

The appropriation for miscellaneous expenses is made available for clinical supplies, food, upkeep and repair of buildings, electricity, supplies and equipment, and is increased from \$7,000 to \$14,340.

Health Department.
Two additional sanitary inspectors at \$1,200 each and three food inspectors at \$1,400 each are recommended. The monthly compensator for laborers is increased from \$60 to \$70.

Headaches From Slight Colds.
ALEX. LEITCH'S Tablets relieve Headache by curing the Cold. A tonic, laxative and germ destroyer. Look for signature, W. GROVE on box. 30c. Advertisement.

FUND FOR IMMEDIATE SCHOOL BUILDING IS URGED

(Continued from First Page.)

amount of such increased compensation does not make the total compensation of the teacher in excess of \$2,740 per annum.

Longevity Appropriation.
The amount of the longevity pay is increased from \$450,000 to \$520,000 and longevity pay not heretofore granted is authorized as follows:

One assistant principal, McKinley Manual Training High School, \$100 per annum for five years on a base pay of \$2,400; ten principals of normal high, manual training high and junior high schools, \$100 per annum for five years on a base pay of \$2,700; and one assistant principal (dean of girls) Dunbar High School, \$100 per annum for five years on a base pay of \$2,400.

A provision is also recommended prohibiting the payment of any part of the appropriation for longevity pay to any person who, in the opinion of the board of education and the superintendent of schools, has an unsatisfactory efficiency rating.

A paragraph is also recommended applying the present rates of longevity pay and those provided for in the bill to the increased basic salaries provided in the bill in the same manner as such longevity rates apply to the basic salaries authorized by existing law.

Salaries for Night Schools.
The appropriation for salaries for night schools is reduced from \$75,000 to \$60,000.

The following additional employees are recommended to be employed in the care of school buildings and grounds:

One electrician, Central High School, \$1,200; skilled laborer, Central High School, \$500; Business High, Wilson Normal, Jefferson High, Franklin High, Miner Normal, Eastern High, Stevens and M Street High schools, at \$720 each, and matrons, junior high schools, at \$600 each.

The compensation of 108 employees is increased as follows: Two assistant engineers, \$500 to \$600 each, Western High; two coal passers, \$540 to \$600 each, Central High; fifteen laborers, from \$500 to \$600 each, Central High; nine laborers, from \$500 to \$600 each, Dunbar High School; four laborers, \$500 to \$600 each, Western High School; two laborers, \$500 to \$600 each, Franklin School; two laborers, \$500 to \$600 each, Miner Normal School; one laborer, \$500 to \$600 each, Eastern High School; one laborer, \$500 to \$600 each, Stevens School; four laborers, \$500 to \$600 each, McKinley Manual Training School; three laborers, \$500 to \$600 each, Armstrong Manual Training School; three laborers, \$500 to \$600 each, M Street High School; thirty-three laborers, \$500 to \$600 each, graded school buildings; nine matrons, \$500 to \$600 each, in normal high schools.

Janitors and Laborers.
Laborers at \$50 each at the Western High, Franklin High, Miner Normal, Eastern High, Stevens and M Street High Schools are omitted.

The total appropriation for janitors and laborers in school buildings is increased from \$202,380 to \$219,270, a net increase of \$16,890. The rates of pay for the care of smaller rooms and rented buildings are increased from \$72 to \$80 per annum and the total appropriation is increased from \$12,500 to \$13,500.

A special appropriation of \$7,600 is recommended for remodeling the Hamilton School, a building used of specially segregated tubercular children. The appropriation for special school buildings is reduced from \$18,230 to \$6,540, due to the elimination of the item for equipment of school buildings.

The appropriation for text books and school supplies is increased from \$25,000 to \$35,000 and the amount increased enrollment in public schools.

A paragraph is recommended authorizing the board of education to use all necessary room and floor space in the Franklin School building for office purposes. The appropriation for community forums and civic centers in school buildings is increased from \$25,000 to \$35,000 and the amount increased enrollment in public schools.

For School Buildings.
Appropriations and authorizations for school buildings are increased \$340,000 over those for the current year, to total \$425,000, as follows:

The limit of cost for the eastern High School is increased from \$700,000 to \$1,500,000 and \$50,000 is appropriated in addition to the \$1,000 already available. This appropriation of \$340,000 now available for that purpose and unexpended. The building was authorized and the limit of cost fixed in 1916.

The limit of cost of the addition to the Potomac School is increased from \$192,000 and the sum of \$85,000 is appropriated in addition to the sum of \$107,000 already available for that purpose. This addition was authorized originally in 1916.

The limit of cost of the addition to the DeWitt School is increased from \$50,000 to \$100,000 and the sum of \$40,000 is appropriated in addition to the \$60,000 already available. This addition was authorized in 1917.

The limit of cost of the addition to the Burrville School is increased from \$60,000 to \$100,000 and the sum of \$40,000 is appropriated in addition to the sum of \$60,000 already available. This addition was authorized in 1916.

The limit of cost of the new building between 15th and 20th streets and Monroe and Newton streets northeast is increased from \$125,000 to \$190,000 and \$65,000 is appropriated in addition to the \$125,000 already available. This building was authorized in 1916.

The limit of cost of the addition to the Phelps School is increased from \$75,000 to \$120,000, and an appropriation of \$20,000 is recommended in addition to the sum of \$60,000 already available. This addition was authorized in 1917.

Classifiers. \$900 to \$1,000; one shaf classifier, \$1,100 to \$1,120; one cataloger, \$450 to \$460; one cataloger, \$780 to \$900; two catalogers, \$660 to \$730 each; one stenographer, \$1,000 to \$1,100; one stenographer, \$840 to \$1,000; one attendant, \$780 to \$900; six attendants, \$560 to \$780 each; five attendants, \$600 and Careless, one collector, \$660 to \$750; four messengers, \$600 to \$720 each; four janitors, \$600 to \$720 each; one attendant, \$80 to \$600; one janitor at \$500 and one janitor at \$600.

The following employments are omitted: Six attendants at \$60 each, one janitor at \$600 and three matrons at \$720 each.

The appropriation for miscellaneous expenses is made available for clinical supplies, food, upkeep and repair of buildings, electricity, supplies and equipment, and is increased from \$7,000 to \$14,340.

Fire Department.
The officers and members of the fire department are provided for in the same manner as for the current year, and at the rates of compensation fixed by the act approved January 1, 1920. The total increase in salaries of the fire department is \$1,200,000. The total increase in the current District of Columbia appropriation act is \$263,293.87, and the increase over the current year is \$1,200,000.

The following employments are omitted: Six attendants at \$60 each, one janitor at \$600 and three matrons at \$720 each.

The appropriation for miscellaneous expenses is made available for clinical supplies, food, upkeep and repair of buildings, electricity, supplies and equipment, and is increased from \$7,000 to \$14,340.

Health Department.
Two additional sanitary inspectors at \$1,200 each and three food inspectors at \$1,400 each are recommended. The monthly compensator for laborers is increased from \$60 to \$70.
