**ANTI-LYNCHING BILL PASSED BY HOUSE**

Vote 230-119 on Dyer Measure, Which Had Been Debated a Month.

The Dyer anti-lynching bill passed the House late yesterday by a vote of 230 to 119, after weeks of bitter partisan debate.

Seventeen republicans joined 102 democrats in voting in the opposition, while eight democrats and one socialist, London, New York, voted with 221 republicans in favor of the measure.

Republicans who voted in the negative were: Bureau, California; Brown, Tennessee; Clouse, Tennessee; Curry, California; French, Idaho; Herck, Oklahoma; Hersey, Maine; Jones, Pennsylvania; Kelley, Michigan; Layton, Delaware; Luce, Massachusetts; Nolan, California; Parrett, New Jersey; Robertson, Oklahoma; Sinnott, Oregon; Slomp, Virginia; Stafford, Wisconsin.

Democrats who voted in the affirmative were: Campbell, Pennsylvania; Cochran, New York; Cullen, New York; Gullivan, Massachusetts; Johnson, Kentucky; Mead, New York; O'Brien, New Jersey; Rainey, Illinois.

**Provisions of the Bill**

The bill provides life imprisonment or lesser penalties for persons who participate in lynchings and for state, county and municipal officials who fail through negligence to prevent them. The measure also stipulates that the county in which mobs form or kill any one shall forfeit \$10,000 to the family of the victim.

Democratic opponents of the bill, defeated in attempts to recommit it to the judiciary, declined a mob to strike out the enacting clause, made no concerted effort to have amendments adopted. The bill, however, the vicious principle of the bill "could not be changed by amendments, but expressed confidence that the measure never would receive Senate approval.

**Few Amendments Adopted.**

Except for a few perfecting amendments offered by Chairman Volstead of the judiciary committee, amendments proposed by individuals were rejected. One, by Representative French, republican, Idaho, would have eliminated the \$10,000 fine for counties to forfeit \$10,000 to families of mob victims.

One committee amendment approved removed from the bill the requirement that counties through which a mob passed should pay a \$10,000 penalty.

Another one accepted defined a mob as three or more persons acting together to take human life illegally. The bill originally defined a mob as five or more persons acting together.

**Declare Bill Unconstitutional.**

During debate, which continued intermittently for a month, opponents of the measure declared it would be an unconstitutional invasion of states' rights and would have a tendency to increase rather than decrease lynchings. They also charged that republicans were supporting the proposal for political reasons.

Proponents, however, contended that states, especially in the south, had failed to handle the situation and that to afford all racial protection guaranteed them under the federal constitution it was necessary for the federal government to take a hand.

**WANT HARP APPOINTED.**

Maryland Senators Recommend Lawyer for Fish Commissioner.

Senators France and Weller of Maryland and the republican members of Congress from that state called on President Harding to urge the appointment of Reno S. Harp, a lawyer of Frederick, Md., as United States fish commissioner. They pointed out that Mr. Harp is the unanimous choice of the republican leaders of the state and that they consider him especially well qualified for the duties of the position.
