

# SENATE TOIGHT WHAT TO DO WITH GOVERNMENT'S \$106,000,000 PLANT TO BE DECIDED ON FLOOR.

## TWO PROJECTS COMING UP Minority Reports of Committee That Rejected Ford Offer Awaited.

Disposal of the government's \$106,000,000 nitrate and dynamite plants at Muscle Shoals, Ala., has been left for decision on the floor of the Senate. The Senate committee on agriculture has "passed the buck" after months of hearings, personal inspection of the gigantic development and strenuous committee controversy. The committee yesterday refused to report favorably any plan for development and decided to put the problem up to the Senate for decision in open session.

Each and every proposal submitted to the committee, including those of Henry Ford, the Alabama Power Company and the committee for government ownership and operation were rejected by a majority of the committee.

Henry Ford's tender came the nearest to receiving a favorable report. It was rejected 9 to 7, while the Ford proposal was voted down, 9 to 5. The other offers were disposed of without a record vote.

**Minorities to Report.**  
The plans of Senator Norris and Mr. Ford, however, will be submitted to the Senate by their proponents in the form of minority recommendations. The committee report on the Ford offer will make a report urging acceptance of the government ownership bill, which Senator Ford has introduced. It will present the bill he has already introduced providing for unconditional acceptance of the Ford offer.

Failure of the committee to favorably report one of the proposals submitted by the committee's leaders as tending to bear out their predictions that the Senate would not take final action before the close of the session. Had the committee approved one of the plans and a majority of its members voted in the affirmative, it would have been more reason to expect the Senate to act quickly.

Senators Norris and Ladd said they would offer their reports at an early date. Senator Norris' report will be ready for the Senate tomorrow and Senator Ladd said the preparation of his report would require only a week and would be ready for publication at the same time.

**"Fertilizer Trust Victory."**  
The committee's action was discussed briefly in the Senate yesterday. Senator Caraway of Arkansas declared that through the committee's votes the "fertilizer trust" had been broken up. He was "presumed to be sympathetic to the needs of the farmer" by a very narrow margin to permit the fertilizer trust for years to come to take its toll, said Senator Caraway.

Senator Caraway also criticized the committee's action in approving the "fertilizer trust" bill. He declared a certain senator had telegraphed a refusal of a proxy a few days before the vote, and he knew enough about the matter to have his vote cast either way, and against the Ford proposition.

## RESISTS ARREST, IS SHOT Constable Kills Man for Whom He Had Peace Warrant.

Special Dispatch to The Star. — Joseph Rando, an Italian, was shot and killed here last night at his home, 161 1/2th Street, by Constable Floyd H. Proudfoot, who had been waiting since in the afternoon to serve a peace warrant, sworn out by Rando's sister-in-law, Mrs. Rando, who resisted the officer, biting him on the thumb, face and arm.

Rando was shot in the chest and was taken to the hospital, but he died a short time later.

Rando was regarded by the police as a dangerous character, and he was suspected of being a moonshiner. It is said he was wanted for several offenses as a key man.

## CLEARED, IS REARRESTED Ball Player, Exonerated by Coroner, Held in Child's Death.

Special Dispatch to The Star. — RICHMOND, Va., July 15.—A ball player, who was exonerated by a coroner's jury, the chief of police and the prosecuting attorney, was rearrested today on a charge of manslaughter in the death of a child.

Alexander A. Heaster, four-year-old son of P. H. Heaster, was run over by an automobile driven by Ballagee, which had accompanied his team there for a game at a local club. Ballagee claims he did not see the little chap until he was under the wheels.

## LODGE'S VICTORY TO BE WALKOVER, SAY SUPPORTERS

ad governors annually. Then the change was made to biennial terms. Gov. Coe is alleged to have declared when he was elected that he would ask but one term, but now he thinks one more term desirable and he has been promoted to a second term by a general election in which he was defeated by a republican and a Protestant, to be played no favorites, he contends.

Gov. Coe has behind him all the conservative newspapers of Boston and the machine of the party, while Mr. Allen is going out after the independent vote. Considerable bitterness is being engendered among the republicans over this contest, and many are predicting a walkover for the republican.

## HOOVER SAYS RUSS FAMINE IS IN HAND

President Informed in Preliminary Report on Grain Fund Relief.

## MILLIONS OF LIVES SAVED Secretary Says One of Worst Catastrophes Since War Probably Averted.

Famine and plague in Russia are under control, President Harding was informed yesterday by Secretary Hoover in a preliminary report on the use of United States Grain Corporation funds for relief work. The situation in Russia, Secretary Hoover said, is much better after the famine which has been averted, although it is too early to determine whether American relief work will be of any benefit.

**Yearly Supplies.**  
Mr. Hoover reported that to July 1 140 shiploads, totaling 788,573 tons of food and medical supplies, were procured for the relief of the famine-stricken Russian people. The supplies, valued at \$2,428,449, were purchased through the grain corporation and 360,439 tons through the American Relief Administration.

The simple ceremonies, which were consummated when Dean Caldwell, representing the former owners, presented the documents to L. Whiting Gates, acting for the trustees of the estate, and the purchase of the tract by the Masons, was completed.

**3,000 Attend Ceremony.**  
Fully 3,000 master Masons, with their families, and a large delegation from the Eastern Star order, assembled around the specially erected altar, conducting the ceremony.

## SAV BE BELIEVED WOMAN SLAYED NEAR ARREST

Fairmont, W. Va., Woman Believed Slain by Man She Prosecuted.

## SLAYER NEAR ARREST Baltimore Police Watching Suspect in Slaying Near Catonsville, Md.

Special Dispatch to The Star. — BALTIMORE, July 15.—The West Virginia police tonight are quite positive that the woman found murdered here on Thursday near the Rolling Road Golf course, Catonsville, was Bella Leman, a Fairmont woman.

Meanwhile, the Baltimore police, it was said, have under surveillance the man whom they believe to be the murderer. The police are waiting only for an undeniably positive identification of the body at the morgue before making an arrest.

The motive for the murder by the man under surveillance is seen in the fact that the Leman was a material witness against him in a white slave case in Baltimore in January, 1921.

**Believed at Road House.**  
There was a report at police headquarters that the woman had been seen Wednesday night at a road house. The report was that she was seen with three men. The police are making an effort to run down this information.

## ONE KILLED IN BATTLE. Ten Wounded in Fought Fight at Benham, Ky.

KNOXVILLE, Tenn., July 15.—One man was killed and ten wounded in a pitched battle at Benham, Ky., tonight when armed guards attempted to stop striking coal miners or sympathizers from interfering with strikebreakers, according to reports reaching here. John Cooper, thirty-two, a miner, was killed.

## PATRIOTIC COUNCIL TO BEGIN SERVICE Will Be Clearing House for All Protestant Bodies of Nation.

The National Patriotic Council, an organization combining the foremost fraternal orders of the United States, representative of several million members, will begin functioning in this city tomorrow at a clearing house for all Protestant bodies. The local organization was made permanent at a meeting yesterday, held by representatives from various sections of the country at the office of the Fellowship Forum, 616 12th street, where that weekly Masonic publication is printed. The offices of the new organization will be opened in the American National Bank building.

## HEADQUARTERS IN D. C. Fraternal Orders Representing Millions in Membership Embraced.

The officers of the national organization, whose headquarters will be here, were chosen as follows: George Fleming Moore, past grand commander of the Supreme Council of the Scottish Rite, Southern Jurisdiction, Washington, D. C. president; William J. Mahoney, D. W. L. I. D. of Atlanta, Ga., first vice president; William Parker of Branson, Mo., second vice president; Thomas E. Perkins, Trueman, third vice president; William McDougall, national vice president of the Order of Truemen, Washington, D. C., secretary; and James K. Vance, general manager of the Fellowship Forum, Washington, D. C., treasurer.

## Defense of Constitution. The purposes of the National Patriotic Council, according to its organizers, "shall be to maintain and defend the Constitution of the United States and of the several states, and the rights and liberties and free institutions secured thereby, to seek the cooperation of all patriotic societies and of individuals who believe in the American policy of government."

The council will oppose, by all lawful means, the appropriation of public funds to sectarian or denominational institutions, and will publish literature on the subject of true Americanism. It also advocates an amendment to the Constitution of the United States forever prohibiting any appropriations by either Congress or the states to any sectarian institutions.

## Wants Loyal Americans. At the meeting yesterday a resolution was unanimously adopted stating that the organization was unalterably opposed to any man being permitted to citizenship in the United States who was not a loyal American citizen. The resolution also provided that any foreign power, prince or potentate and that an amendment to the Constitution should be made to that effect.

It was also stated that, together with the clearing-house duties of the council, the organization will publish information on fraternal patriotic public schools and Protestant subjects through legislation will come within its province.

It could not be learned last night whether the proposed amendment, but few moments after the debate which began Friday and which led to the attacks on the Chemical Foundation, Incorporated, the I. O. O. F. Textile Alliance and the American Dyes Institute. As the Senate adjourned, the House adjourned. The amendment got busy marshaling their forces, with a result that on the floor of the Senate, the House adjourned, with a result that on the floor of the Senate, the House adjourned.

## OFFICERS GET \$10 FOR EACH ARREST Bootleggers Must Pay Fee to Man Who Apprehends Them.

Special Dispatch to The Star. — RICHMOND, Va., July 15.—The state is interested in the recent ruling that the men arrested for their form of violation of the liquor traffic law, upon conviction, must pay the arresting officer \$10. The first decision in the matter was made in the mayor's court in Danville, and it was at once passed up to the attorney general and to the law officers for the prohibition department. The ruling was a hurried reading of the law and the decision is that the law is valid, that the \$10 must be assessed as costs in every case, regardless of the character of the violation. Even a plain drunk must pay that cost when he gets afoot of the law.

**Fee Officers in the Villages of the state have been reaping a harvest since the new grade-crawling law became operative. Under its terms the act does not apply to cities, towns or villages of 1,000 population which are incorporated. If the villages have less than 1,000 population and are not incorporated, the law is effective. The fee officers read the law to apply to all places that had not been incorporated. The law has been made to take the consequences of their interpretation of the law. The fee officers received their fees for making arrests and the fines for the violation of the law. The law does not apply to incorporated villages of less than 1,000, which was the bone of contention.**

## Hot Weather Advice for Babies

It is a well known fact that babies are very susceptible to heat. The following are some of the things to be remembered when the weather is hot.

**Raw milk is hard to digest. Scalded or boiled milk is easily digested and does not constipate.**

**Milk poor in fat is best for babies. Pour off some of the cream when milk appears very rich.**

**Every baby should get small doses of orange juice or strained canned tomato juice, diluted in some water, between bottles, once or twice daily. These substances contain quantities of vitamins which help the assimilation of food.**

**Very delicate babies are often successfully raised by milk powder, such as is made by the cylinder process, dissolved in boiled water.**

**Do not worry the baby or fuddle it. It needs quiet.**
