The police have made several arrests today. But they refuse to say what these arrests were made for, where the arrested men are imprisoned, or when formal charges will be made against them.

Indianapolis, May. 3.—James M. Lynch, president of the International Typographical union, declared today there would be no strike of union printers or stereotypers in sympathy with the locked out pressmen at Chicago.

"We have contracts with the Chicago newspapers and we shall respect them," said Lynch. "It will make no difference whether the newspapers employ union or non-union men on the presses."
