

84, succeeding James A. Garfield, who was assassinated.

Roosevelt was elected vice president in 1900; he was president 1901-04, succeeding William McKinley, who was assassinated, and was elected president in 1904.

HAMMER-THROWING COP IS LUCKY

New York, May 27.—Matt McGrath, champion hammer thrower, who is expected to be a big point winner on the Olympic team that represents the United States at Sweden, had a narrow escape from injury yesterday.

MacGrath, a policeman, was arresting an Italian on East River dock front at foot of 118th street when man fired point blank at him, bullet clipping uniform sleeve. MacGrath made Italian throw pistol overboard, and then took him to station.

KING OF SOLID COMFORT.

The new ruler of Denmark, King Christian, succeeds to the throne of a fine little country that minds her own business and finds it a paying proposition. Denmark has a foreign trade of \$108 per capita. Germany, with all her bluster, has only \$60.

Denmark's soil is settled in very small highly cultivated areas and her people carry co-operative trade and industry further than any other nation. A land without vaulting ambition, but with lots of solid comfort.

Speaking of impartial mothers, there's the incubator.

* HERE'S YOUNGEST *
* ENGAGED COUPLE *

Fannie Belle McVey Allen and Harvey W. Wiley, Jr., the "Pure Food Baby."

The parents of these two children have announced their engagement. Fannie is the daughter of Mr. and Mrs. R. M. Allen of Washington, 2 years old, and Harvey, son of the former government chemist, is 2 weeks old. The difference in ages ought to run the other way, but the Allens and Wileys agree that it makes no difference.

My dear dead husband never complained of my cooking.

Perhaps that's why he is your "dear dead husband."
