SON OF MURDERED MAN A WHITE SLAVER; ORDERED DEPORTED THREE MONTHS AGO

**Police Investigating His Dealings With White Slave
Organization While Clinging to Theory Mansfield
Was Slain by Thief He Cheated.**

"We believe that Max Mansfield was murdered for revenge by a thief with whom he had dealings.

"We believe that Mansfield was a fence, a receiver of stolen goods. A fence is outside the law; his 'clients' are outside the law. When a fence cheats a 'client,' the client has only one recourse, violence, murder!

"We want to find Ex-Convict Rattenberg, who was seen near the Mansfield store the day before the murder, who is a thief, and who answers the description of the man who fled from the store after the murder.

"We want to know what house on Aberdeen street gave shelter to the murderer when he was being run down by Firemen Ernst and Taube.

"We want to know what other secrets that house may hold, how

many other thieves and murderers it may shelter.

"We want to know if there is an organized band of metal thieves on the West Side with whom Mansfield had unlawful dealings and who believed he was cheating them out of a fair share of their ill-gotten gains.

"We want to know how much truth there is in the report that Mansfield was a miser, who stored gold away in hidden places.

"But we also want to know about Maurice Mansfield, son of the murdered man, and his connections and dealings with white slaves."
