

## THINGS NOT OF THIS EARTH!

In the circle Hamlin Garland and (below) a picture of the seance in which the piano "played itself."

Hamlin Garland, Famous American Author, Following Sir Oliver Lodge's Remarkable Declaration That Science Can Prove "A Life After Death," Relates Especially for Readers of The Day Book Some of His Own Astounding Experiences in the Occult—The "Piano That Played Itself!"

"Personality does persist after death—a scientific examination of facts has now completely and perfectly convinced me that memory and affection are NOT limited to that association with matter by which alone they can manifest themselves HERE and now!"

— Sir Oliver Lodge, famous savant
