

100-FOOT DROP; NEARLY DROWNED ABOUT CURED HER OF AIR GAME

Woman Aviator Has Miraculous Escape From Death Three Weeks After Learning How to Fly.

Mrs. Florence Seidell.

It isn't often that a woman falls 100 feet, while strapped to the seat of an aeroplane, plunges into the ocean and after being held under the water three minutes, is rescued and lives to tell the tale.

Mrs. Florence Seidell did all this and it has just about cured her of aviating. Mrs. Seidell had been flying for three weeks when a gust of wind and a "dead" engine sent her plunging into the ocean. She was practically
