

AMERICAN GIRL WHO WON MANY  
FRIENDS IN CAPITAL

Madame  
Riano

A dozen years ago Miss Alice F. Ward was married to Senor Don Juan Riano y Gayangos, who became the Spanish minister to this country later.

She is the daughter of Brigadier-General Henry Clay Ward, U. S. A. Her army associations, together with her husband's position and her own personality, created for her a great group of friends at the capital in this country.

WHAT DO YOU MEAN CIGAR?

The Spanish householder of Columbus' time wasn't half as much worried about the shape of the earth or the discovery of a new world as

he was about the destruction of his garden by cigarra, or grasshopper. When Columbus discovered America and brought tobacco back to Spain it was planted in the gardens or cigarrals, so called because that's where the cigarras swarmed. When offering a smoke to a friend the Spaniard said, "Es de mi cigarral," or, "It is from my garden." Foreigners misunderstanding the use of the word cigarral, believed it meant the tobacco they smoked, and the rolled leaves were called cigar, and finally cigar, and so it is the cigar takes its name from the Spanish grasshopper.

FISHIN'

By Jim Manes.  
With hook and line  
And can of bait,  
For fishin' I  
Can hardly wait.  
I'll cast my worm  
And trust to fate.  
One lonely bite  
Will sure feel great.

P. S.—Go on, you couldn't catch cold.

TODAY'S HEALTHOGRAM

In feeding a baby it is just as important proper attention be given to the regularity of nursing as it is that grown people should eat their meals at regular times. There are three things necessary if the health and development of a baby are to be regularly maintained. These are the amount of food given, the quality or kind of food given and the regularity with which this food is given.

WEATHER FORECAST

Generally fair tonight and Saturday; probably light frost Saturday morning; slowly rising temperature Saturday; diminishing northwest winds tonight becoming variable Saturday. Temperature Thursday—Highest, 51; lowest, 43.
