SURE THING! YOU CAN GET 8-CENT MILK

**Health Commissioner Agrees To Give Anybody Name
of Nearest Milk Dealer Who Will Furnish Pure
8-Cent Milk—Call Main 447 and Ask
for Health Office**

An organization of milk dealers, headed by State Sen. Albert J. Olson, has set out to prove that the plea of the big dealers that milk cannot be sold at 8 cents a quart on a profit is bunk.

This organization, which is expected to reach approximately 500 Chicago dealers, has already announced that dealers can make a big profit on 8-cent milk and will continue to sell at that price.

Sen. Olson and Harriet Vittum, who is organizing a mass meeting of clubwomen to protest against the

rise in milk prices, are said to be working on data together with W. J. Kittle, sec'y of the Milk Producers' ass'n, to present to state public utilities com'n as an argument against the action of the Borden company, who were the first to boost the price.

Although there is opinion among other dealers that the Borden Company made itself the goat by being the first to boost to 9 cents, they occupied a large ad in the Trib this morning in which they boasted about acquiring new customers. A few pages away the Trib published an article by Dr. S. C. Duncan of th-
