

## "TEN-CENT BREAD" KEYNOTE AT MASTER BAKERS' MEET

Salt Lake City, Utah, Aug. 8.—Ten-cent bread was the keynote sounded at today's session of the National Ass'n of Master Bakers by C. N. Power of Pueblo, Colo.

"The overhead expense on the jitney loaf is out of all proportion to the value of the article," he said. "The interest of the consumer and producer alike will be better served by the dime loaf. It will be practically twice the weight of the present five-cent loaf, local standards prevailing. The baker cannot give the best value in nutritive, digestible bread for a nicked. Buyer has no right to expect the same value in two five-cent loaves as in one dime loaf."

Philadelphia, Aug. 8.—If there is any contemplated increase in the price of bread to 10 cents it is news to bakers in this city. The general manager for I. J. Kalb, one of the largest bakers in Pennsylvania, said:

"There is no need to raise the price of bread today or tomorrow."

New York, Aug. 8.—Increased cost of flour, lard and labor is given by New York bakers as ample reason for either reduction in weight or raising in price of ordinary 5-cent loaf of bread. Discussion at the annual convention of National Ass'n of Master Bakers, which is being held in Salt Lake City, Utah, to double price of bread, greatly interested New York bakers.

Cleveland, Aug. 8.—There is no likelihood of 5-cent bread being raised to 10 cents here. This is almost unanimous opinion today of Cleveland bakers. Weight may be reduced.

Columbus, O., Aug. 8.—Columbus bakers today declared they soon will cut weight of 5-cent bread instead of raising price to 10 cents.
