YOU CAN'T PICK 'EM!

By Jim Manee

If a fellow of family has got but one child—

A boy—and another one due,
It's perfectly natural for him to be wild

To have next a girl—wouldn't you?
But then Mr. Stork will do just as he thinks

Is best for this land of the free.
When our uncle needs boys he will bring one to you,
Today that's what happened to me.

P. S.—And then when it's all over you forget that you wanted a girl.

FOOD PRICES IN NEW JUMP

The first gun fired in the U. S.—German war has struck the pocket-book. All food necessities jumped in price yesterday. The jump in wheat on the Board of Trade brought flour up \$1 a barrel. Potatoes jumped 50 cents 100 lbs; beef leaped \$1 on 100 pounds. Further advances considered certain.

J. Ogden Armour came out with a statement urging congress to take steps to avoid world-wide food famine in future. He wants meatless days, rigid price control and greater production by the farmers.

Dr. Fabricius De Heukelum, J. C. Heldring, 1509 N. Clark, arrested on slander charge, Selma Gersten, 4949 Cullom av., complainant.

NEW YORK STOCKS.—Record business of U. S. Steel Co. scored another high mark today when monthly report showed unfilled orders amounting to 11,711,644 tons. Baldwin Locomotive sold off 4% after report of Eddystone explosion, but regained most of loss.
