RAILWAYS BURIED IN DRIFTS OF SNOW

Two Days of Precipitation in the Mississippi Valley the Cause.

STREET CARS ALSO TIED UP

St. Louis and Cleveland Report Great Inconvenience From the Recent Big Downfall.

Every railroad running into St. Louis, especially from the west, is today suffering as the result of the heavy fall of snow in the Mississippi valley during the past two days. Most of the trains are late. Some have been stalled, while others have been withdrawn for the time being because of heavy drifts that cover the tracks. Between Centralia and Mexico, Mo., the Wabash tracks are covered by drifting snow and two trains are stalled. Gangs of shovelers and snow plows are at work on all the lines of railroad and it is expected to clear them in a short time.

In St. Louis the streets are deeply covered with snow, and traffic is much impeded.

Last night, owing to the many prostrated and broken wires and the danger to life therefrom, the street lights were shut off in that section of the city in which the wires are not underground. The indications today are that the loss from broken wires and trees will be enormous.

A dispatch today from Cleveland, O., says: The most destructive storm ever experienced in this city prevailed throughout last night. The streets were blocked by hundreds of prostrated telephone poles and trees, carried down by the immense accumulation of ice. The entire telephone system of the city with the exception of the under ground lines was put out of service.

Practically every street car line was tied up, trolleys being carried down by falling poles and trees.

For several hours during the early morning Cleveland was entirely cut off from telegraphic communication with the outside world. The loss to the telephone and telegraph exchanges will be heavy.

RAILROAD NOTES.

H. M. Clay, of the Union Pacific, returned from California today. Local representatives of the Rock Island road have moved into their new quarters in the Masonic block opposite the postoffice.

At the Callahan grading camp near Green River, on the Union Pacific, Chris Terrison was killed last week by a fall of rock from a high bank under which he was at work.

A new schedule went into effect today on the Union Pacific. The changes are in competition with the improved service supplied by the Rio Grande Western and its connections.

People are becoming curious as to the outcome of the Union depot franchise matter in the city council. They think there is considerable bluff on the part of the railroad in the threat to reject the franchise as at present framed.

Commencing today the Southern Pacific has adopted a new schedule for trainmen on the Salt Lake division. Instead of making 3,800 miles a month's work, the schedule reduces it to 3,650 miles, over that number to count as overtime.

The San Francisco Examiner says that George Crocker has resigned as director and second vice president of the Southern Pacific Company, and as a director and president of the Southern Pacific of California. Mr. Crocker, who is now in New York, arranging to go on a prolonged tour of Europe, has sent a telegram to this city stating that he had resigned from the positions mentioned. This act on his part indicates that all the terms of the contract between the Spicers and the Crockers for the purchase of the latter's Southern Pacific stock holdings by the former have been fully complied with.

George Crocker's successor as a Southern Pacific company director, is to be John W. Mackay.

SALT LAKE ROMANCE.

Miss Margaret J. Daly and Mr. Roy Brown Secretly Married.

Lovers of romance need not turn to fiction for material to feed their interest in incidents of a prettily sensational nature. Salt Lake has furnished a number of details of this sort in the way of solid fact, and amongst the most interesting is the recently discovered marriage of Miss Margaret J. Daly and Mr. Roy Brown of this city, an event which took place secretly at Farmington last August.

Miss Daly or rather Mrs. Brown is the daughter of John J. Daly, the well known mining man, and capitalist, of this city, and one of Salt Lake's most popular young belles, and Mr. Brown is one of the best known and liked employes of the Rio Grande Western. For the past two years Mr. Brown has been known as a devoted admirer of the young lady and competing with him for favor in her eyes was Ed Maddox, the latter preferring for a time to have the lady's preference. Maddox, however, went away, and the scales turned in favor of Brown, who, however, did not seem to meet with marked approval from the family. Last summer it was decided that Miss Margaret should be sent east to complete her education at the convent of the Visitation West Washington, D. C.

Before her departure, however, the young couple planned a step which should make impossible their permanent separation.

On the 2nd of last August they took a Lagoon train for Farmington, and walking the streets, obtained a license from Clerk Palmer of Davis county, who, afterward, acting upon their request, united them in marriage. The ceremony over the bride and groom walked back to the Lagoon, spent a few hours there amongst the throngs and returned home, making no announcement of their marriage. Two or three weeks later the bride went away. Young Maddox had secured an appointment as page in Congress, and being in near proximity to his old love, recommenced his suit. The mother gave her sanction, but the young lady remained obdurate. At Christmas time she returned home for the holidays and her father, who had taken a school by her father. Whether the brief meeting made separation seem intolerable or that the groom's jealousy could not brook the thought of the uninterrupted devotion of his former rival, or that the clandestine marriage was confessed or discovered has not been revealed. Certain it is that on Monday last the fact of the marriage became known to the parents for the first time, with what kind of sensations is not known. On the day following Mr. Brown went to Farmington and obtained a duplicate of the marriage certificate possessed by his bride, and on Saturday leaves for Washington to bring her back for a congratulatory celebration of their many friends.

JUDGE JOHNSON IS MANDAMUSED.

John Edmunds of Sanpete Claims He Has Not Received Justice.

PETITION AND AFFIDAVIT.

About 3,500 Head of Sheep Involved—Order to Show Cause Set for Tuesday, March 6.

John Edmunds, of Sanpete county, by his attorneys, A. C. Sutherland and Brown & Henderson, filed a petition in the Supreme court today, supported by affidavit, praying for a writ of mandate directed against Judge Jacob Johnson, of the Seventh judicial district, to compel the court to proceed with a trial of the cause wherein petitioner is defendant, and James C. Woodward plaintiff; also that the value of about 3,500 head of sheep may be determined, taken from petitioner by virtue of a writ of claim and delivery.

AMUSEMENTS.

L. E. Wagenhals, one of the proprietors of "The Star triumphate" was called to Salt Lake yesterday on account of the illness at the Kenyon of Mr. Shesgreen, the advance representative.

Messrs. Wagenhals and Kemper's "great star triumphate" Louis James, Kathryn Kidder, and Charles B. Hanford comes to the Salt Lake Theater next Wednesday with a magnificent scenic revival of Shakespeare's "The Winter Tale," which has not been attempted in this country since Mary Anderson's revival at Palmer's Theater eleven years ago.

Wagenhals and Kemper are one of the most sumptuous settings of any Shakespearean revival in recent years. A corps of artists were employed on the production from May until September. The models were taken from the most authentic Greek sources, and from designs by Abbey, and were painted by Bradley and Corbett. The production is embellished with costly Grecian antiquities and all the elaborate draperies, properties and furniture are carried by the management. The costumes are from Hermann from designs by Anderson. Miss Kidder will be seen in the dual roles of Hermione and Perdita the characters in which Mary Anderson was first successful.

The case was once appealed to the higher court and remanded back with instructions to grant a new trial. When the case was again called last January the plaintiff Woodward objected to proceeding with the trial on the ground of the court not having jurisdiction, it appearing from the pleadings that the cause arose in Emery county. Judge Johnson sustained the objection and dismissed the case.

An alternative writ was ordered issued, made returnable on Tuesday, March 6.

Judgment by Stipulation.

The friendly suit brought by C. S. Young against William H. Dickson and Kenneth L. Thomas for the purpose of determining the ownership of a certain piece of deposit issued by the Bank of California to A. C. Ellis Jr. for \$100,000, was settled today by stipulation. The parties to the action agreed to a decree in favor of the plaintiff Young, and judgment to that effect was accordingly entered.

Supreme Court Hearings.

The following cases were argued before the bar of the State supreme court today under advisement: Eliza Warren, et al, appellants vs Theodore Robinson et al, Justice Miner being disqualified. District Judge E. V. Higgins participated in the hearing.

Thomas Nelson, appellant vs David Evans and L. H. Rodgers. The case of H. L. Driver et al vs the Salt Lake and Ogden Gas and Electric Light Company, appellant, was continued for the term by stipulation.

A motion to dismiss having been filed in the case of Heber M. Wells, appellant vs M. W. Davis et al, the court allowed respondent five days to file briefs and appellant ten days in which to file an answer.

Mrs. Macy Sues for Divorce.

Minnie A. Macy filed a divorce suit against Henry I. Macy in the Third district court today, alleging that the marriage took place in this city on October 28, 1898, and that on the 20th of February, 1899, the defendant deserted plaintiff, and has since failed to contribute anything towards her support. Plaintiff's maiden name was Minnie A. Tyler, which she asks to have restored to her in addition to a decree of divorce.

COUPLE ELOPE TO IOWA.

Mrs. Williams of North Salt Lake Makes Charges Against Her Husband.

Says That He Deserted Her for Another—Took All the Money and Left Her Destitute.

A Mrs. Williams, residing in North Salt Lake, approached Officer Sperry late this afternoon and stated that her husband, who is a member of the N. G. U., had eloped with some woman from Iowa, and had gone back with the woman to that State.

Mrs. Williams said that yesterday morning she came down town to meet her husband and gave him what she thought she had. He made some pretext for leaving her and hurrying back to his home secured the horse and buggy, returned to town and sold it. Williams then, according to her wife, joined the Iowa woman and the two departed for the East. Mrs. Williams stated that she would swear to a complaint charging her husband with adultery.

THE STRIKE IS ON.

Journeyman Painters and Paperhangers Ask for Five Cents More.

The painters and paper-hangers of this city, being unable to settle their differences with the masters have declared a strike, and it is now on. It is hoped, however, that a settlement will be reached by the end of the week. The journeymen painters and paperhangers union, recently made a demand for an increase in the wages of painters and paperhangers from \$2.50 and \$2.75 to \$3.00 per day respectively, and a reduction from nine to eight hours. They were driven to this in order to abide the increase in the cost of clothing, food, fuel, house rent, etc.

Tuesday evening there was a conference between a committee from the local union consisting of President Williams and Messrs. Coombs, Thompson, Morling and Bowman, and a committee from the masters—employers' association, composed of J. T. Flashman, representing the Dinwoody Furniture company and J. H. Hamlin, T. R. McCoskey and C. H. Bodell, representing C. W. Midgley.

At this meeting the journeymen came down to \$2 to \$2.50 per day for both painters and paperhangers. The masters, however, would not rise higher than \$2.75 and that caused the deadlock. The demand for one hour less as a day's work was conceded.

President Flashman states that the Masters' association had made all the concessions that it possibly could, and expressed the hope that the journeymen would soon see it, and that the difficulty be amicably settled.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt effect make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing thus depriving that disease of all dangerous consequences.
