

DESERT EVENING NEWS

TODAY'S WEATHER REPORT. (Observation taken at 6 a. m. Mountain time.) Salt Lake City—Barometer, 29.79; current temperature, 43; maximum temperature, 62; minimum temperature, 40; mean temperature, 51, which is 12 degrees above normal.

Accumulated excess of temperature since first of month, 150 degrees. Accumulated excess of temperature since January 1, 425 degrees. Accumulated deficiency of precipitation since January 1st, 1.50 inch.

Local forecast for Salt Lake City and vicinity. Fair tonight and Thursday; stationary temperature. Utah: (Forecast taken at San Francisco.) Fair tonight and Thursday; stationary temperature.

WEATHER CONDITIONS. The center of a low barometer lies near the southern border of New Mexico. The crest of an area of decidedly high pressure covers eastern Montana.

SEMI-WEEKLY NEWS...

CIRCULATION TODAY 16,770. January 1, 1899, 10,280. (Issued Tuesdays and Fridays.)

OUR AIM:

20,000 by the 20th Century! To-day's Metals. SILVER, per 50 lbs. LEAD, \$4.57 1/2. CASTING COPPER 15 1/2 cents a lb.

LOCAL BRIEFS.

Dun's Review, March 10: Trade starts slowly, with light orders and only fair collections. There is considerable reneuing of paper, and money is in demand. Attorney L. R. Rogers left today for Evanston, Foley, the man charged with murder, and who recently took possession of the jail and stood off the officials for some time, having sent for the coroner to come up and defend him.

The first creditors' meeting of Leonard G. Hardy, bankrupt, was held in the office of Referee Baldwin today. The petitioner was examined before the referee, and Eugene Cannon was elected trustee, his bond being fixed at \$200. The Utah poultry association will meet in the joint building next Friday evening at which time C. J. Trump will exhibit an incubator with chickens just hatched. He will also speak on the hatching and raising of young chickens. Trump hatched out 600 chickens last summer.

Boise Statesman: D. S. Murray, general manager of the Rocky Mountain Bell Telephone company, is a Boise visitor. He reports the company is very busy everywhere. One of the enterprises recently inaugurated by it is the construction of a line from Salt Lake to Denver. The ladies who are getting up comforts for the sick soldiers in Manila are meeting with gratifying success. It is expected that \$200 will be raised, half of which will be forwarded to Manila to be used there as desired, the other half will be consumed in providing the boys with reading matter and other articles that are required.

Harry Ingalls, the eleven-year-old son of William Ingalls of 1213 West Iowa avenue, was severely hurt last evening. He was driving down Second South street in a cart when on reaching Fourth West he ran into a milk wagon and a wheel of the cart was taken off. The boy was thrown to the ground and was badly bruised about the head and side. Mr. George Ward, president of the Lithian Protective association, stated today that it should be distinctly understood by the public that there was to be no attempt to raise the price of meat, which, said Mr. Ward, was already high enough. He says further that the sole object of the association is mutual protection and to give the consumer better meat than he is now getting.

Mrs. Abe Randolph, who left for Baker City, Oregon, a few days ago, to go to the bedside of her sister who was ill with pneumonia, did not get there in time. The sick woman expired before Mrs. Randolph got there. Three little children are left by this death, without father or mother, the former having died about a year ago. Mrs. Randolph will probably bring the children home with her. A. E. Cliff of Granger was kicked by a horse yesterday and his leg was broken. He is now at St. Mark's getting along as well as could be expected. Louis Mousley, awaiting trial in the county jail on the charge of breaking into a boot black stand and taking \$1.50, has been released on his own recognizance. The release was made out at the request of the county attorney. Mousley has gone to Portland, Oregon. There is complaint that young men, including a number of students of the High school, are permitted to attend the revivals of a certain Second South street card playing shop, which it is claimed has been conducted for weeks past in the broad open light of the day with as much abandon as the larger resorts which seek semi-seclusion on upper floors and back streets. It is well known that these young men frequent the place without remonstrance on the part of those in charge, and that they witness unmolested the exchange of money heaps as they pass from player to player. One citizen called at the "News" today after beholding with his own eyes and asked: "Why is the business permitted?" He says that he could give names of at least three of these young men, but that he hesitated to do so.

Zion's Savings Bank and Trust company was established in 1873, and has since opened more than twenty-three thousand savings accounts. Have you an account? If not, start one NOW. UTAH COMMERCIAL AND SAVINGS BANK Interest paid on savings. W. F. Armstrong, pres. P. W. Madsen, vice pres. J. E. Caine, cashier. UTAH COAL. Castle Gate and Winder Quarters, Lump, Nut and Black. D. J. SHARP, Agent. 13 South, Main. Telephone, 423.

RAILWAY COMPANY

OWED \$25,000,000

Report of Receiver Hugh J. Grant of the Third Avenue Railroad.

TWELVE MILLION DOLLARS Will be Required to Finish the Road—Report of Indebtedness Does Not Include Subordinate.

Hugh J. Grant, the federal temporary receiver for the Third Avenue Railroad company, today presented to Judge LaCour, of the United States circuit court at New York, a report showing that the corporation's total indebtedness is in round numbers \$25,000,000, including \$5,000,000 outstanding mortgage bonds, but not including any of the indebtedness of the subordinate companies. It is shown that all of the securities owned by the Third Avenue Railroad company of the subsidiary companies have been pledged as collateral for loans included in the total amount. Mr. Grant placed the cost of completing the road at \$10,000,000 to \$12,000,000. There are outstanding \$16,000,000 of Third Avenue stock. The report says that all the real estate of the Third Avenue is included in the Third Avenue mortgage of \$5,000,000.

MAY CHANGE ALL. Meeting at Chicago Came to an End Without Agreement.

The meeting at Chicago between passenger agents of the western railroads and representatives of the Canadian Pacific, called for the purpose of settling differences over transcontinental routes, came to an end without result. The Canadian Pacific refused all propositions for a settlement submitted by the western roads, including one to arbitrate the differences. This refusal places in imminent peril the president's agreement to maintain rates and to abolish commission payments.

FOR INTELLIGENT WORK. Construction and Maintenance of Railways Scientifically Considered.

More than 140,000 miles of railroad were represented at the first annual convention of the recently organized American Railway Engineering and Maintenance-of-Way Association that opened in Steinway Hall at Chicago today. The above mileage constitutes more than five-sevenths of the total in the United States and includes all the more important systems in the country.

The object of the new association, which was organized in Buffalo, N. Y., a year ago, is "the advancement of knowledge pertaining to the scientific and economical location, construction, operation and maintenance of railroads." The organization has 255 members and the following are its first officers: President—J. F. Wallace, Illinois Central railroad, Chicago. First Vice President—A. P. Peterson, Canadian Pacific, railway, Montreal, Canada. Second Vice President—W. G. Curtis, Southern Pacific company, San Francisco. Secretary—L. C. Fritch, Baltimore & Ohio Southwestern railway, Washington, Ind.

Secretary—W. S. Dawley, Chicago & Eastern Illinois railroad, Chicago. Among the subjects on the program for discussion are the following: Graduation of road beds; ballasting; ties; track, buildings, bridges and trestles; masonry signs; fences, crossings and cattle guards; signaling and interlocking plants; records, accounts and reports uniform rules and organization, water service and yards and terminals. The convention will close Friday night.

INCREASED OUTPUT. Grass Creek Company, on Line of U. P., Doing an Improved Business.

The Grass Creek Coal company, the officers of which are Lorenzo Snow, president; George Q. Cannon, vice president; Arthur Winter, secretary and treasurer, held a meeting yesterday at which Superintendent W. L. Hanson reported that the last season's run was the most active of any in the history of the company, having been increased very materially within the past few months. Mr. Hanson states that the coal coming from these mines, which are on the Union Pacific, is meeting with general approval, and is giving eminent satisfaction for home and furnace purposes.

RAILROAD IN IDAHO. Prospects for Near Future Development in the Queen State.

Butte people are agitating the building of a line from that town to Boise and Nampa, where connection with the Short Line would be had. One of the routes most advocated for such a line would start from Boise crossing the divide near Feeley and turn up the Big Hole river near the station of Divide and follow very closely the Big Hole river to a point very nearly opposite the town of Gibbonsville. It would be necessary here to tunnel the hill and get over to the Salmon river. Then follow up the Salmon, striking near Challis, and thence across to the headwaters of the Middle Boise. It is then a simple matter to get to Boise and then on west to any point that the road might wish to go. In this connection it can be said that the people at the other end of the line are alive to the merits of the proposition and they have incorporated under the name of the Idaho Midland Railway company and have a party of surveyors in the field locating a line.

The other proposed line is one west via Anaconda, using the B. A. & P. track that far and then on west via Winder Lake and to the headwaters of the Bitter Root and through Crow's Pass to the south fork of the Clearwater, thence down to a connection with the line that is now being built from Weiser.

The Butte Miner says that there is more to the Weiser road project than appears at first glance. The line is now built and in operation for a distance of forty miles from Weiser up a river of the same name. The grading is practically completed for forty miles further and is located and will be built the coming season for a distance of miles beyond that point. That will leave a very short distance between the terminus of the Pacific & Idaho Northern and the terminus of the Northern Pacific at Kamal, out from Lewiston towards Mishawaka. The Pacific & Idaho Northern will undoubtedly build on the Meadows and cross over the divide near Warrens and

SOCIAL SCIENCE CLUB ORGANIZED

Salt Lake Citizens Organize for the Study of Social Reform.

THE OFFICERS ARE ELECTED

The Society Will Study and Discuss the Ideas of the Most Advanced Along the Lines of Sociology.

In the assembly hall of the Latter-day Saints College, there was organized last evening a club for the study of social science and political economy. Mr. Moran, an eastern gentleman, is the promoter of the organization and he has succeeded in interesting many of the most prominent men in the community.

Those who have been elected to lead the club for the first year indicate the intellectual nature of the study that is contemplated. The following officers were elected: John Q. Cannon, president; Frank Pierce, vice president; Prof. David R. Allen, secretary-treasurer; and those, with Prof. J. H. Paul and W. H. Dale, will constitute the executive committee.

Among those present were Bishop O. P. Whitney, E. W. Wilson, Barlow Ferguson, Joseph E. Caine, Arthur Thomas, Eugene B. Lewis, Prof. George C. Coray, Prof. Roylance and Levi Young, Bishop Whitney, Prof. Coray and Prof. Roylance were elected a committee to draft a constitution, which they did. The committee on by-laws composed of Prof. Roylance, Prof. Allen and Eugene B. Lewis will report next week.

It is provided in the constitution that a leader be chosen each month to conduct the discussion. Prof. Roylance was appointed leader for the first month.

As a basis of study each member is provided with a series of twelve pamphlets containing the epitome of the best thought of standard authorities along those lines in the world. No other book of reference is required in prosecuting the work contemplated by the club.

The club will meet next Wednesday at 8 p. m. at the directors' room of the Utah Commercial and Savings bank. Chief Salmon of Bureau of Animal Industry Writes to Health Board.

A communication from Chief D. E. Salmon of the bureau of animal industry at Washington to the State board of health, states that more stringent regulations relative to the shipment of diseased sheep must be enforced. The chief invites the Utah health board to co-operate with the bureau in its efforts to eradicate scabies in sheep, and to make regulations for the control of sheep within the State. If this request is acceded to, a government inspector for this State will be appointed. Affected sheep should be cured of the disease before shipment.

CHURCH NEWS.

PRIMARY NOTICE. The primary conference of the Salt Lake Stake will be held Saturday, March 17, 1900, at 10 o'clock in the Assembly Hall. An interesting program will be rendered by the children. All interested in primary work are invited to be present. ELLA W. HYDE, Secretary.

The Mantle Temple will close on the evening of Wednesday, April 12, and reopen on the morning of Wednesday, April 11th, 1900. JOHN D. T. McALLISTER, President. ST. GEORGE TEMPLE. Will close on Friday, 30th of March, 1900, and re-open on Tuesday, 1st of May. DAVID H. CANNON, President. MANTI TEMPLE. The Mantle Temple will close Monday, March 13th, and will further notice. JOHN D. T. McALLISTER, President. CLAYTON COAL COMPANY. All Kinds of Coal. Headquarters for "Grass Creek" Prompt delivery; satisfaction guaranteed. Yard 2nd. So. and 3rd. W. Tol. 255.

Broken Buttercups 1c lb. Sat. Kolitz. Are you sick? If so, investigate the merits of HERBINE. It is a concentrated medicine, the dose is small, yet it quickly produces the most gratifying results, digestion improves, the lips and cheeks lose their pallor, the eye becomes bright and the step elastic. Price 50 cents. Z. C. M. I. Drug Dept. Caramels 2c lb. Saturday at Kolitz. Couldn't help getting a cold never cures it; but carrying home a bottle of BALLARD'S HOREHOUND SYRUP, and using it as directed, will cure the worst kind of cough or cold. Price 50 cents. Z. C. M. I. Drug Dept. The Newest Confection. McDonald's Yankee Snaps, 5c. Try them. Children often inherit feeble digestive power and often of a more or less severe character results, when food is taken which is at all difficult to digest. WHITE'S CREAM VERMIFUGE will act as a general and permanent tonic. Price 25 cents. Z. C. M. I. Drug Dept. For all pulmonary troubles BALLARD'S HOREHOUND SYRUP, taken in the early stages, proves a certain and sure cure specific. It is equally effective in time of hemorrhage and in the case of the Salt Lake Brewing company against Charles Bischoff. The board asked until Monday before rendering a decision. Most of yesterday time was devoted to the offering of evidence in his own defense. Bischoff said he could swallow 25 glass of beer a day and keep perfectly sober.

EVIDENTLY FOND OF BEER.

Charles Bischoff Says He Can Drink 200 Glasses a Day and Keep Sober.

The board of local conciliation and arbitration was in session again yesterday afternoon, and took testimony in the case of the Salt Lake Brewing company against Charles Bischoff. The board asked until Monday before rendering a decision. Most of yesterday time was devoted to the offering of evidence in his own defense. Bischoff said he could swallow 25 glass of beer a day and keep perfectly sober.

THE "NEWS" DURING CONFERENCE WEEK.

All indications point to an immense attendance at the coming Conference, the first week in April. ADVERTISERS DESIRING TO REACH THE PEOPLE IN THEIR HOMES can do so effectively by using the Semi-Weekly News (printed Tuesdays and Fridays) before the Conference season, and the Daily News DURING that week. All subscribers of the Semi-Weekly News who visit the city receive the DAILY FREE during their stay.

FOR OVER FIFTY YEARS

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. 25 cents a bottle.

Is worth a shipload of argument.

What should be said, then, of thousands of facts? Every cure by Hood's Sarsaparilla is a fact, presenting the strongest possible evidence of the merit of this medicine. Thousands and thousands of such facts prove that Hood's Sarsaparilla will cure all diseases caused or promoted by impure blood. It is the best medicine money can buy.

GRATIFYING RESULTS.

To The Desert News: Dear Sirs:—You perhaps will be pleased to know that during these past three months we have sold clothing and other merchandise in nearly every county and town in Utah and in the States and Territories of Wyoming, Idaho, Nevada, Arizona, New Mexico, Colorado, Texas, Michigan, Illinois, Kentucky, Georgia and Florida.

The above mentioned orders have been sold from the direct results of our "ads" in the Semi-Weekly News. Our advertisements in other papers and magazines bring fair results, but nothing like the volume of business is obtained from them as from the Desert Semi-Weekly News.

WEST'S MAIL ORDER HOUSE.

Per Jos. A. West, Manager, Rooms 205-5, 54 West First South, Salt Lake City.

READ

The little "want" advertisement which has become so popular is a silent buyer, a silent seller and a silent purveyor of good. It possesses the double virtue of being cheap and profitable. It brings labor to the unemployed and help to those who desire it. It makes homes for men and women; it transfers property and in a general way is responsible for 25 per cent of the business transacted in the commercial world. It fills empty houses, and brings prosperity to the poor working girl. It gives the poor working girl employment; it sets men up in business; it gets you an agent if you desire one; it gives you an opportunity to borrow money where the rate of interest is the lowest; it furnishes you a medium of exchange; it tells you, in fact, where to go when you go, how to go to every place, everywhere and secure something that you may want and to which no other medium ever developed could successfully direct you. (Don't miss it.)
