

NO OPTION HAS YET BEEN GIVEN.

Prest, Sam McIntyre Talks About Mammoth Rumors.

MINE WILL NOT SHUT DOWN

Mill Is Pounding Away—Gardiner's Copper Process—A Coming Zinc Field.

NO QUOTATIONS. HOLIDAY.

Incident Sam McIntyre, of the Mammoth Mining Company, arrived in town today from the mine. When approached by a "News" representative regarding the much talked of option on his stock and the shutting down of the mine on the first inst., Mr. McIntyre said that no option on his holdings had been given to Messrs. Grant and Farrell or to anyone else.

The story that the mine would shut down on the 1st was pronounced "rot" by Mr. McIntyre who says such a thing is not among the probabilities of the future. Neither is a cessation of work at the mill contemplated. It was rumored, however, that this had already been done but Mr. McIntyre says the mill was pounding away as usual when he left this morning, and everything is moving along in the usual way at the mine.

Connection has now been made on the 800 level through Grand Central workings. Mr. McIntyre says the ore was encountered just before reaching the Grand Central lines. It is presumed that the ore will be extracted via the new drift as soon as the track is laid in place.

THE GARDINER PROCESS.

A Salt Lake Man's Invention Is Growing in Favor.

Latest advices from Colorado show that the Gardiner chemical process for leaching copper ore is meeting with much favor among mining men in that State. Mr. Gardiner's Salt Lake friends will be pleased to learn of his success in the venture.

CHURCH NEWS.

The regular monthly meeting of the Home missionaries of the Salt Lake Stake of Zion will convene in the Temple lecture hall, Salt Lake City, Wednesday, May 30th, at 7:30 p. m.

CHICAGO MARKETS.

Chicago, May 30.—Cattle—Receipts, 17,000; handy dressed beef steers, 5@10c lower; export and heavy steers, 10@15c lower; butchers' stock, 15@25c. Good to prime steers, 4.00@5.00; poor to medium, 3.50@4.50; stockers and feeders, 2.75@3.10; cows, 3.00@4.00; heifers, 3.10@4.00; canners, 2.25@2.50; bulls, 2.75@4.25; calves, 5.00@7.25; Texas fed steers, 4.00@5.10; Texas hogs, 3.50@3.75.

GLITTERING OFFERS.

Made by Dredging Company Which Proposes to Operate in Idaho.

There is a so-called corporation in this city, says the New York Mining News, that calls itself the New Era Gold Dredging company and is sending out circulars broadcast, offering \$1 a share in the earnings of a mythical dredge that is to scoop up 10,000 yards of gravel from "Will Goose Bar," near Lewiston, Idaho, that yields all the way from 50 cents to \$5 per cubic yard. It does not take a mathematician long to calculate that with 50 cent ground the dredge would earn \$1,000 per day, while with \$5 per cubic yard its earnings would be worth \$5,000 a day.

MARKET FOR COPPER.

Gradually Tending to a Lower Level—Sales Difficult to Effect.

Reviewing the copper market for the past week the Boston News Bureau says: "The market for copper has been gradually tending to a lower level. Subrosa terms considerably below published official quotations are being offered for some little time. It does not appear that exporters have adopted an exceedingly conservative policy and as a consequence sales have been difficult to effect."

BOSTON WOOL MARKET.

Boston, May 29.—There has been no improvement in the wool market here this week. Prices have been made simply to get immediate necessities. The Territory wools meet with slow sale, with prices nominal. Fleeces wools are lifeless, about all the demand being for quarter grades. Quotations: Territory wools—Montana and Dakota fine medium, 19@20c; scoured, 55c; staple, 58c; Utah—Wyoming fine medium and fine, 17@18c; scoured 54@55c; staple, 57@58c. Idaho fine medium and fine, 25@26c; scoured, 53@55c; medium, 29@31c; scoured, 46@48c. Australian, scoured bales, spot prices; combing superfine, nominal at 51@52c; good, 50@52c.

COAL LANDS OF UTAH.

P. H. Dillon of Pittsburgh Looks Over Ground with Arthur L. Thomas.

The statement published in a morning paper that 13 townships of coal lands are sought to be controlled by Eastern men is denied by ex-Governor Arthur L. Thomas who lately went over the ground in company with P. H. Dillon of Pittsburgh, Pa. Mr. Dillon visited the properties because of reports that he reached his coal regarding the greatest of Utah's coal fields. He is going over the field with Mr. Thomas. Mr. Dillon enquired about the prices of several properties with which he was very favorably impressed. Mr. Dillon is not representing the Frick interests and is very doubtful in Mr. Thomas' mind whether anything will come of the visit because of the high prices at which the coal lands are held by the owners.

COMING ZINC FIELD.

Shrewd Investors Look Upon Marion County, Arkansas with Favor.

Marion county, Arkansas, in the northern part of the State, is looked upon by shrewd investors as the coming zinc field of America, says the American Mining News. The country is very doubtful in Mr. Thomas' mind whether anything will come of the visit because of the high prices at which the coal lands are held by the owners.

MINING NOTES.

John T. Breckon is expected home tomorrow from Gold Mountain.

The last car of ore from the Savano is said to have been very satisfactory.

W. H. Irvine is not expected to reach home with his bride before June 10th.

Col. H. L. Pickett will leave for the Savano mine in Mojave county, Arizona, tomorrow evening.

Harvey Hardy returned last evening from Woodside on the Rio Grande Western where he has been prospecting for several weeks past.

Henry Miles is in the city from Blind mountain, Tooele county, with some samples of ore which assay as much as 140 ounces silver and 65 per cent lead.

Advices state that the first lot of machinery for the new roasting plant at the Sacramento will be shipped on June 7th. It is likely to be ninety days or more before all the material will be on the ground.

The Joplin, Mo., correspondent of the American Mining News says that the influx of strangers just now is unprecedented for the season, and operators, especially those who have claims to sell, are pleased to see that the majority of them are investors who are looking for promising mining properties.

Washington County News: C. D. White returned from his mine, the Copper Mountain, Tuesday and left for his home at Beaver City Wednesday. Mr. White is pleased with the work being accomplished at the mine, and reports the party out there working on two veins of copper ore which Mr. White will converge into one big body of very rich ore.

Rock Springs (Wyo.) Independent: The coal mines at Black Butte, east of here, were closed down for an indefinite period last Tuesday, and the miners who were thrown out of work came up to Rock Springs to look for employment. The Black Butte mines which are owned by W. A. Clark, the Montana millionaire, and associates, employed about twenty-five men. It is reported that these mines will be reopened in a few weeks with new machinery and on a much larger scale than heretofore.

CHICAGO MARKETS.

Chicago, May 30.—Cattle—Receipts, 17,000; handy dressed beef steers, 5@10c lower; export and heavy steers, 10@15c lower; butchers' stock, 15@25c. Good to prime steers, 4.00@5.00; poor to medium, 3.50@4.50; stockers and feeders, 2.75@3.10; cows, 3.00@4.00; heifers, 3.10@4.00; canners, 2.25@2.50; bulls, 2.75@4.25; calves, 5.00@7.25; Texas fed steers, 4.00@5.10; Texas hogs, 3.50@3.75.

PERMITS TO GRAZE SHEEP.

Many Sheepmen Will Turn Their Flocks on the Reservation

IN UTAH COUNTY, UTAH.

Permits for Eighty Thousand Head of Sheep Issued to Date—Will Provide for 200,000 Head.

George F. Bucher, supervisor of the forest reserves for Utah, was besieged all day yesterday by applicants for special permits to graze their sheep on the Utah forest reservation. According to the terms of a recent ruling of the interior department, the sheepmen of Utah are authorized, under certain regulations, to pasture 200,000 sheep on the government forest reserve from July 1 to October 1.

DAIRY AND POULTRY.

Chicago, May 29.—On the produce exchange today the butter market was steady; creamery, 15@19 1/2c; dairy, 13 1/2@17c. Cheese—Steady, 8 1/2@9 1/4c. Eggs—Steady; fresh, 11 1/2c.

New York, May 29.—Butter—Receipts, 19,332 packages; steady. Western creamery, 15 1/2@20 1/2c; factory, 14@16c. Eggs—Receipts, 20,000 packages; barely steady. State and Pennsylvania, 15@14 1/2c; western, less off, 13 1/2@14c; western at market, 11@13 1/2c.

Kate V. Glavin to John Barnett, deed, part section 6, township 1 south, range 1 east. 7,308
Total. \$10,752

POLITICAL POINTERS.

It is predicted that Mayor Thompson will veto the ordinance passed by the council last night abolishing the offices of sanitary inspector and food inspector. The mayor had named J. A. Heiss and Parley White for the respective offices, but the appointments were hung up until last night's action, which effectually disposes of them. Should the veto come in, the council is likely to pass the ordinance over it, as President Bucher, Councilmen Beatty, Gammell and Robertson, Republicans, are voting with the Democrats on this proposition. Should the ordinance pass, it is understood that Dr. Garrison, a close friend of Dr. Beatty and Dr. King, will be put in as the latter's chief assistant.

CHURCH NEWS.

The regular monthly meeting of the Home missionaries of the Salt Lake Stake of Zion will convene in the Temple lecture hall, Salt Lake City, Wednesday, May 30th, at 7:30 p. m.

Misses and Children's.

School hose in black and tan, at lowest prices.

THE SIEGEL CLOTHING CO., 61, 63, 65 Main.

THE DIFFERENCE IN PERFUMES.

There's a vast difference in perfumes.

One perfumer makes some odors good—others just passable. Another perfumer will have his speciality.

And so you go through the entire list of perfume makers. We pick out the best from each maker and gather them here for you.

That's one reason why all our perfumes are good.

And it's just a matter of preference with you, which one it shall be.

And one thing about our perfumes you've probably noticed. Their lasting qualities. 50c the ounce up.
