AN ADDRESS TO THE TAXPAYERS.

Recommendations to Them in Relation to the Issuance of Bonds.

EXPLAIN THE NECESSITIES.

Measures Set Forth are for Permanent Improvement and to Provide a Continuous Water Supply.

To the taxpayers of Salt Lake City: The distributing system as it is at present constituted is not large enough to deliver even the present supply of water.

As the districts are arranged at present they cannot be re-arranged properly until the changes contemplated are made and larger mains put in.

It is proposed to put in mains of larger size to be connected with the smaller mains and the lines between the districts adjusted so that they may remain fixed and not changed about to increase the pressure in certain districts at the expense of others.

THE RESERVOIR. The city is at the present time without a distributing reservoir, something which is absolutely necessary to maintain equal pressure and have a suitable supply upon hand in case of fire or accident.

It is proposed to complete the excavation at Thirteenth East street and line it with concrete.

AS INDIGNANT PAWNBROKER. J. Shapiro, a pawnbroker on east Second South, called at the police station this morning to register a kick against what he claims is an injustice.

INCREASED SUPPLY. Having arranged the distributing mains and the water in the city and equally distributed at the required pressure, to obviate the danger of a shortage to any consumer, and having in mind the reservoir, the next step in the plan of improving the water system is to secure water, to that end it is proposed to purchase all the water rights in the canyon which will remove the danger of having the water polluted.

SPRINKLING SYSTEM. This plan provides for putting in a separate system of pipes for supplying water for street sprinkling from the Jordan and Salt Lake City canyons.

MORE UTAH LAKE WATER. Salt Lake City now owns one-sixth of the water stored in Utah lake. This water is not now available for the reason that the Jordan river, which is the outlet of the lake, will not deliver sufficient water to supply the canal when the lake is low.

INTEREST AND EXPENDITURE. It is understood that the bonds can be issued drawing about 3 1/2 per cent. The ordinance specifies that they may not draw to exceed 4 per cent.

JOHN L. DAVIS FATALLY HURT.

Frightful Accident at the City Gravel Pit This Morning.

HIS BACK WAS BROKEN. Taken to the Holy Cross Hospital, Where the Discovery Was Made Under Thirty Tons of Dirt.

A frightful accident occurred at about 9:45 this morning at a gravel pit at the head of I street, that will surely prove fatal to John L. Davis, who resides with his parents at No. 144 North Sixth West street.

He was at work with other men setting gravel from a pit over which Joe Mellin has charge, when suddenly the north bank caved in and him and two other men fully thirty tons of dirt fell on Davis and the others.

He was buried for some time before the men who were working in the pit discovered his presence and he was extricated from under the dirt.

He was taken to the Holy Cross hospital, where the discovery was made that his back was broken.
