LOCAL BRIEFS. The University of Utah will reopen on Monday next, without fail.

There will be no services at the Jewish Synagogue this evening, as Rabbi Reynolds is quite indisposed.

Judge E. V. Higgins, who retires from the bench in the Fifth district on January 5th, will move to Salt Lake to resume the practice of law.

Professor Blanchard of the University of Chicago will deliver a lecture on "Voice Culture" at the assembly room of the High school building at 11 o'clock Saturday forenoon.

There is much talk of organizing an Elks concert band with Charles Ford as director. Mr. Ford was with the old Elks band. There will be about 70-75 instruments and the latest style of band uniforms with Elk head design will be used.

The "blind" door in the drunk house of the city bastille which was nearly battered down by rebellious prisoners on New Year's night, is being repaired by a solid wall of rock and cement, Jailer Kimball says that what was the weakest place in the jail is now the strongest.

The strike among the prisoners at the city jail is off. This morning the entire gang, consisting of eighteen men, signified their willingness to work, and they were accordingly taken to the scene of labor. Officer Sperry went along with Guards Bush and Furster to assist in preventing any escapes.

J. H. Coddington is lying very low in his bed at the most. Mr. Coddington has suffered from Bright's disease for some time, and now it has reduced him to a critical condition. He was unconscious last night. His son, Fred, who is living in New York, is on his way to his father's bedside.

State Auditor Richards completed his report on warrants drawn during the month of December, 1900, for State expenses, late yesterday afternoon. It shows a total of \$293,293.23. This includes \$175,000 for payment of a loan obtained from the National Park Bank of New York some time ago by the State.

The board of directors of the Deseret National bank and the Deseret Savings bank held their regular meeting yesterday afternoon, and declared the regular quarterly dividend, the stockholders of these banks will hold a meeting on Monday next for the purpose of electing boards of directors for the ensuing year.

F. L. N. De Brie, special agent of the Humane society, reports to the society that in North Salt Lake many of the people are feeding their cattle with salt grass. He says there is no restriction in this grass, as the bony outlines of the animals will attest. Some of the grass will be sent to the experiment station to be analyzed.

There will be civil service examinations in this city as follows: February 2nd, for handyman for the Indian service at \$120 per year; February 3rd and 6th for inspector of khaki material and quartermaster's department. United States army, at a salary of \$50 to \$100 per month, and for inspector of shoes and leather, quartermaster's department, at \$1,200 per year.

The year 1900 brought more business to the Pleasant Valley Coal company than any year previous. The property at Winter Quarters, Clear Creek, Sunnyside and Castle Gate have yielded 1,200,000 tons of coal. This is twice as much as any year but nine heretofore.

Superintendent W. G. Sharp expressed some surprise in seeing the big record, in the light of the difficulties that have been encountered by the company this year. More men are going to be put to work during the present year, and Mr. Sharp anticipates a greater record than ever.

Prof. F. M. Blanchard of the University of Chicago will deliver one of his celebrated lectures tomorrow night in the Congressional church. The affair is in charge of the Anthracite club of this city, and the professors of the University of Utah. Prof. Blanchard's subject will be either "Julius Caesar" or "Macbeth." He takes the plays of Shakespeare for his text, and in his lecture the educational worth of the great Englishman's dramas, and in their moral and religious power over old and young. He wishes that they might constantly grace our stage.

Such presentations, the inadequate ability of most actors and the objectionable features connected with the stage, he trusts that a worthy substitute has come forward in the Shakespearean recital, in which a great drama is given with a definite purpose, an artistic unity and a breadth of treatment, such as are manifestly impossible in any presentation on the stage.

THE SOUTH ST. PAUL LIVESTOCK EXCHANGE. The South St. Paul Livestock Exchange this morning applied for membership in the National Live Stock association.

Now that the holidays are over, the attention of the stock breeders and the laymen residents of the city and elsewhere are focused on the forthcoming Live Stock convention. Secretary Martin is being practically swamped with letters and communications from all over the country in regard to the coming convention.

The one great problem that now faces the committee is that of housing the numerous visitors when they arrive. It is estimated that there will be at least 5,000 strangers within our gates during the week commencing January 14th. This big crowd can be accommodated providing those residents who have a room to spare will throw open their doors for a few days.

The committee under the leadership of the city, for all available rooms, and a list of them is being kept on record at headquarters so that the visitors who have not secured accommodations in advance at the hotels will not have to wander forth about around seeking accommodations. It is proposed to have men board the incoming trains some sixty miles out and make a canvass of the cars with the result that when the trains arrive in the city, the visitors are ready to be driven to their assigned apartments without delay.

The railroads are doing all in their power to assist in making the occasion a red letter one in the annals of the West. Yesterday General Agent D. R. Gray of the Southern Pacific announced that his road would give a 25 per cent. discount on the Oregon Short Line has also put in a similar tariff to Portland, consequently after the convention is over there will be a heavy migration on the part of the Eastern stockmen to the Pacific coast before the advent of the Rio Grande Western freight yards to the exposition grounds.

Contracts are also being let on the occasion to be undertaken in connection with the decorations, housing and feeding of the stock. Mr. Leary contracts to be let was one to Contractor Robinson, who will at once proceed to erect seventy-five additional stalls for cattle in the exposition grounds.

The items not approved on the engineer's rolls were \$30 to W. H. Spafford, and \$2.50 to Selden I. Clawson, foreman of the engineering department in detecting alleged neglect of duty on the part of Inspector McDonnell, supervising pipe laying for the board of public works, under the Moran contracts.

The Mother's Favorite. Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take, and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children. It contains no opium or other injurious drug and may be given as confidently to a babe as to an adult.

Quality and not quantity makes De Witt's Little Early Risers such valuable little liver pills. F. C. Schramm.

Laxative Bromo-Quina Tablets. This season there is a large death rate among children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases. We know of nothing so certain as give instant relief as One Minute Cough Cure. It can also be relied upon in grippe and all throat and lung troubles of adults. Pleasant to take. F. C. Schramm.

How Are Your Nerves? If they are weak and you feel nervous and easily "frustrated," can't sleep, and rise in the morning unrefreshed, your blood is poor. It is poor because it lacks the nourishing blood. Hood's Sarsaparilla makes the nerves strong by enriching and vitalizing the blood. It gives sweet, refreshing sleep and completely cures nervous troubles. Begin taking it today.

Nausea, indigestion are cured by Hood's Pills. Peppin preparations often fail to relieve indigestion because they can digest only albuminous foods. There is one preparation that digests all classes of food, and that is Kodol Dyspepsia Cure. It digests what you eat and relieves indigestion and gives instant relief, for it digests what you eat. F. C. Schramm.

as many head of stock as it has delegates up to 400.

A. J. Watson of Draper this morning sent enquiries for room in which to exhibit 12 to 20 Merino ram lambs.

Governor Lee has appointed Noah Newkams and Al Newton, delegates to the meeting of the National Stock Growers' association at Salt Lake City. It is understood the State delegation will oppose the proposition for leasing government lands.

A. D. Hudnall writes to J. C. Leary under date of Jan. 1, from West Liberty, Ia., as follows: "Got here this morning and have arranged with Barclay to give me out that he will have a car of the best Scotch bulls that I have ever seen. He will also have a few top halfers for sale; I never saw a better herd of Durhams than Barclay has."

J. C. Leary expects to receive the convention badges within the next few days. In the order received there are 225 guests, 50 reception and 100 press badges.

From letters received daily at convention headquarters the various eastern railroads are placing posters and otherwise advertising the convention handsomely throughout their respective territories.

BIG FIGHT IN CARSON CITY.

It Will Come Off Between May 25 and June 10.

DAN STEWART SO STATES. It will be for the Heavyweight Championship Which Probably Means Between Jeffries and Fitzsimmons.

Carson, Jan. 3.—Dan Stewart, the prize fight promoter, has authorized a statement that he will pull off a big fight in this city between May 25 and June 10, the fight to be for the heavy-weight championship. He said that the report that Jeffries and Fitzsimmons had been matched was no surprise to him.

HORSES GO ABROAD. Edward Corrigan Will Ship Twelve Head to England.

New York, Jan. 4.—Edward Corrigan will ship twelve head of race horses to England on the steamship Minneapolis sailing from here Saturday. Of the lot only one are unnamed two-year-olds. Mr. Corrigan was preferring to pick names for them in England rather than run the risk of selecting those already in use. Accompanying these two-year-olds are Corsine, Sardine and two other two-year-olds.

When this shipment arrives at New Market, Mr. Corrigan's stable will number twenty-seven head.

WALTHOUR LEADS. Riders Still Bunched in the Six Day Bike Race.

Boston, Jan. 3.—Sleep evidently did the best riders in the six-day bike race at Park Square garden a great deal of good as, when they started this afternoon on the fourth day of the race, all were fresh and bright. The start was made at 1:30, McClellan leading. Later Kason jumped into first place and set the pace at seventeen miles an hour.

Bobby Walthour left no doubt as to his position at the close of forty hours of riding. Walthour's distance was 759 miles four laps.

With the exception of a few brief moments during the evening the day was quiet in the extreme.

There has been a tumble of a serious nature today, and the men seem to be fresh and able to go. Contrary to expectation, there were no attempts at lapping all day.

The figure for the fourth hour and fourth day was as follows: Walthour, 759 miles; Stinson, McLean, Kaser, McClellan, Downey and Fischer, 759 miles; 4 laps; Babcock, 758 miles; 7 laps; Muller, 749 miles, 2 laps.

SHARKEY WANTS A NEW EAR. The Sailor's Good Looks Marred by a Swelled Member.

Tom Sharkey wants a new left ear. The one which he now has looks like a magnified toothpick. And what is more, Sharkey says he is willing to pay \$5,000 for a new member or a suitable job made in his place.

Sharkey is disgraced by what is known in sporting parlance as a "fighter's" or "cauliflower" ear. It is swelled to the size of an automobile tire and has miniature ridges and valleys which remind one of a corduroy road.

Sharkey's "cauliflower" is the result of his fight with Gus Rubin last spring. When he stopped the majority of the Arabian girl's blows with his head and left ear. It has been with him continually since, and instead of decreasing in size it is growing, and Tom is afraid if this keeps on he will have to button it back.

Sharkey is very vain of his good looks. "I hate to go around with such a monstrosity on the side of my head," he says. "I think it would improve my looks if I had a new ear fixed, don't you? I saw a doctor yesterday and he says he can make me a new ear, and I'll bet I'll be as good looking as Kid McCoy or Matty Matthews when the job is finished."

'ERISKO ALLOWS BOXING. Pugilists Will Now Turn Their Steps Toward the Pacific.

The National Sporting club of San Francisco has been granted a license by the city supervisors to hold a boxing gash, and will open at the coast to the first club on the new year. This is the first club on the coast to get a permit to hold a fight, and if nothing questionable happens the chances are a few other clubs will also receive the license. All of the prominent fighters will come to the coast if the sport is allowed to thrive here.

Fought Twenty Rounds. Memphis, Tenn., Jan. 3.—Bobby Dobbs, who won the lightweight championship of England by defeating Dick Burge, and "Kid" Ashe of Cincinnati met before the Phoenix Park Athletic club tonight, and fought twenty fast rounds to a draw.

LOCAL EVENTS. FRANCIS-ROWAN TRAINING. "Silents" Challenge is Still Unaccepted and He is Growing Anxious.

Jim Francis and "Dummy" Rowan had intended to begin training at once and their sets will be a swift comparison for their coming battle, which is to take place on Monday evening, January 14th.

The colored man announced last evening that he will begin training at once and that Denver Ed Smith will be his sparring partner. Francis will do his work at the Warm Springs, and he says he will be in first-class condition by the 14th, and that he will put up the best fight of his life.

He says he understands "Dummy's" strong points and also the weak ones, and he has no fear of the result of the battle.

Rowan began work today, and is quartered at the Sanitarium where he will work each day with "Silent," his brother. Francis and the mute are about as evenly matched as any two fighters who ever stepped into a ring.

Rowan is a very strong man, and is a pound man in the State is still on the table uncovered; he is a very swift kid and his admirers are anxious to arrange a contest for him with some of the local aspirants for pugilistic honors.

THE SIMPSON BENEFIT. Local Sports Arranging an Interesting Program for a Salt Lake Boy.

Arrangements are being made for a benefit boxing contest for the late Geo. N. Simpson, who died in the Philippines. The young man was a brother of the Simpson boys of the newsboys fame, and was well known in Salt Lake. The contest will be in all probability, take place on the evening of the 8th. Clark

and Lange have donated the use of their State street clubrooms for the occasion, and such men as Jim Francis, Young Christy, Jack Burns and Sam Young have agreed to give boxing exhibitions. It is quite likely that a fencing match will be on the program.

In addition to the foregoing, there will be a musical feature which will be highly interesting.

JOHN LAWSON'S SKATING. Trial Record for Five Miles Was Postponed.

Oscar Julius was unable to complete his ice bicycle yesterday, with which he was to pace the "Terrible Swede" Mr. Nelson, but that accounts for the five-mile skating record, and as a consequence the attempt had to be postponed. Quite a crowd was present, and in order not to disappoint those assembled, Lawson gave an exhibition on his skill on the ice.

The best he could do was ten seconds flat, which was one second behind the record. He was unable, however, to get a flying start, and that accounts for his failure to lower the record.

It is understood that a match race is being arranged between John and Oscar Julius, the particulars of which will be published later.

BULLET IN LIVING HEART. Roentgen Rays Uncover a Remarkable Freak.

A bullet in a living pulsating human heart, rising and falling with each throb of that engine of life, a leaden defiance of the laws and traditions of surgery was seen recently when W. C. Fuchs, in his laboratory turned the Roentgen rays upon the chest of Charles E. Nelson, of Cadillac, Mich.

Mr. Nelson has carried the bullet as a souvenir of a murderous attack for more than four years. He expects to carry it many more years, for at the age of 35 he is strong as an ox and full of health and vigor. He endures life without the slightest inconvenience from the bullet in his heart and visited the specialist in X rays merely to learn whether the bullet had shifted its position.

Nelson's case is remarkable in the annals of surgery. The shooting was as mysterious as the result is wonderful.

One evening in the summer of 1896 Nelson and Miss G. were sitting on the banks of a lagoon in Washington park. Suddenly a negro thrust his head from a clump of bushes and fired a revolver at Mr. Nelson. Nelson fell to the ground and his life came in jeopardy. Miss G. screamed. The negro, who was presumably insane, was never captured.

The surgeons at the Chicago hospital found the bullet in the pericardium of Nelson's heart, which has become imbedded in the muscles. They told Nelson he had one chance in a thousand to live, and that an operation would mean a quicker death.

Nelson took the chance. He said he would live and carry the bullet with him. To the wonder of the medical world his prophecy proved true. He clung to the thread of life a week. Then his grasp grew stronger and after a month he was able to leave the hospital in excellent physical condition. He has been in good health ever since.

The examination showed that the position of the bullet had not changed in the slightest degree.

Beat Out of an Invasion of His Position. A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 and '48, I contracted Mexican diarrhoea and the remedy was kept in mind from getting an increase in my pension for any renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea, and is pleasant and safe to take.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken at once as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. F. C. Schramm.

Persons who suffer from indigestion can not expect to live long, because they cannot eat the food required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all the digestive organs to perfect health. F. C. Schramm.
