McHenry Scott, a negro convict who has been confined in the insane asylum since last May, was on Saturday discharged from that institution as cured, and Sheriff Naylor went to Provo Saturday afternoon and brought the man back to again confine him in the State prison. A LEGISLATIVE JUNKET.

One to Idaho and Possibly Another to Wyoming Soon.

There is considerable talk among the members of both houses of the Legislature with regard to returning the compliments of the Idaho legislature four years ago by paying that State a return visit. Chairman Hewlett of the House railroad committee said this morning that he would bring the matter before the House at an early date.

The election of a senator having been effected and the House having done its duty in introducing nearly sixty bills, and the Senate having done its duty in passing about twenty bills, all of which are under the con-

sideration of various committees. It is thought that the proposed visit to Idaho will cost the members, as a well merited rest to them, besides fulfilling a social duty that courtesy demands. It is claimed that the visit could be effected without loss of time to the legislator, as the members could leave here early on a Friday afternoon and return to their homes on Saturday night. As neither house has held a session on Saturday so far the State's time would thus not be encroached upon.

BIG BREWERY MAGNATE.

He is Looking Up Irrigational Matters in Utah.

Henry Altonbrand, president of the Manhattan Malt company, (a company that controls several of the largest breweries in the State of New York), is at the Kenyon. Mr. Altonbrand is accompanied by D. A. Richardson of Great Falls, and they are just from Montana.

"We are owners of 15,000 acres in Gallatin Valley, Montana," said Mr. Altonbrand, "and there is no finer agricultural proposition in this country. Our valley is watered by the West Gallatin, the Jefferson and the Madison rivers, which are fed by the snows of the mountains of the Yellowstone and which form the great Missouri river. Our principal crop is the German Sals barley and on our land the average annual yield is one hundred and fifty thousand bushels and about six hundred thousand bushels more are raised in the valley. Yes, we can find market for all we can raise, right in Germany, and we ship to England, France and the Netherlands. Our valley is thirty-five by thirty miles and is surrounded by mountains on all sides. The snow doesn't melt until July and August. I am on business here, but I don't wish to make it public now. I am looking up your irrigation systems and other things and think this is a fine country."

MRS. FORD LAID AWAY.

Impressive Obsequies at St. Mary's Cathedral Yesterday.

The funeral of Mrs. Catherine Ford was held from St. Mary's cathedral yesterday afternoon amid tokens of love and esteem. The crowded church and the profusion of luxurious flowers and the beautiful floral designs all attested to the hold that Mrs. Ford had upon the hearts of those who knew her.

LOST HIS RIGHT EYE.

Painful Misfortune of Representative Page of Piute County.

Samuel L. Page, who represents Piute county in the lower house of the Legislature, is expected back shortly among his colleagues. It will be remembered, as stated in the "News" at the time, that Mr. Page was excused from legislative duty on the opening day of the current session, owing to his being about to undergo a painful operation on his right eye. Friends of the afflicted legislator will be glad to learn that the operation has been performed successfully at the Holy Cross hospital, and that the gentleman from Piute county is at his seat in the House in a very few days.

ACCUSED OF STEALING COAL.

William Saley and His Nine-Year-Old Son Arrested.

William Saley, his son, aged nine, and Albert and Harold Muggleson, who are said to live near Saley, were arrested on Saturday night on the charge of having stolen coal. Just whose coal shed had been depleted is a matter of conjecture. The night watchman of the Salt Lake Ice factory saw the four staggering along under a load of fuel at an unseasonably hour, and concluding that all was not as it should be, drew his gun on the procession and requested all to come to step to the nearest telephone. The boon was granted with more alacrity than good grace. The night watchman called up "No. 8," with the result that in a very short time the party was taken to the police station for the purpose of being held for the load of protesting humanity.

At the police station Saley was loud in his protestations of innocence and declared repeatedly that he was helping the boys to carry the coal to their home, and after that the coal that the stuff was stolen. The desk sergeant was as adamant, however, and booked the adult on the charge of petit larceny. As the unfortunate individual had not the wherewithal to pay up his bonds he was staidly, and made a plea that her husband be returned to her, but it was without avail. The boys were allowed to go home on their own recognizance.

THE DUTY OF YOUNG MEN.

Should Get Into Harness Before Going on Missions.

WORDS OF APOSTLE YOUNG.

Elder C. W. Penrose Preaches a Gospel Sermon—Denies the Spirit of "Mormonism."

The Tabernacle services yesterday afternoon were presided over by President Angus M. Cannon, and were opened by the choir singing the hymn commencing, "Ye Simple Souls Who Stray."

The opening prayer was offered by Elder Arthur Winter, and the services were continued by the choir singing the hymn which begins with the words, "Softly Beams the Sacred Dawning."

Elder James E. Meek of Wayne county and recently returned from a mission in Great Britain, was the first speaker. He stated that he learned to appreciate more highly than ever before the Gospel of Jesus Christ, while away. There were many people there who listened to the testimony of the young man who had become disgusted with the man made systems of the world. The speaker said he enjoyed his labors in England. He testified that he saw that Joseph Smith was a prophet of God, in fact the greatest of the world, except Jesus Christ.

STRANGE DISAPPEARANCE.

A. C. Christensen, an Employee of Walker Bros., is Missing.

A. C. Christensen, of 451 Hazel court, who has been employed as collector for Walker Bros. Dry Goods company for a long time, is among the missing. The last seen of him was Wednesday morning when he left his mother's house to go to work. KNOCKED OUT BY CHINAMAN.

Drunken Tough Given a Wholesome Lesson on the Street Yesterday.

There is a benevolent looking Chinese laundryman in town who has not lived in hustling America in vain. Among other accomplishments that he has placed in reserve up his capacious sleeve during his sojourn in the land of freedom is that of handling out, with a swift, bony, chinlike and bland, a bony punch of knuckle on spot that hurts. John brought this accomplishment into play yesterday afternoon to the joy of the populace assembled on lower State street and the profound humiliation of an individual who had become short-sighted "through looking through glasses."

DOG ATTACKS CHILDREN.

Becomes Infuriated and Inflicts Serious Injuries—Was a Domestic Pet.

A dog that had been kept as a pet in the family of Ernest Langton for months, suddenly became vicious on Saturday and turned on to three of the Langton children and inflicted several severe wounds on all of them, when a neighbor by the name of Smith came to the rescue of the children by shooting the animal.

DOG ATTACKS CHILDREN.

The family lives at 311 west First North street, and the little five-year-old girl was playing with him, as she had done nearly all her life. The brute became impatient and ugly and suddenly turned upon the child and began biting her. A brother just two years older ran to the rescue and attempted to rescue the dog pounced upon him, and bit him seriously. A twelve-year-old sister, hearing the cries of pain and fright, ran to the children and was herself badly bitten. The beast was thoroughly infuriated and would possibly have killed one or all of the children had not the neighbor come and dispatched him with a bullet.

SPIKE AND RAIL.

Despite the strike the railroad companies are hauling heavy trainloads of coal daily.

General Superintendent E. E. Calvin, of the Oregon Short Line, is expected to return from New York on Wednesday.

A conference will be held in New York during the week between Chairman E. H. Harriman, President of the Union Pacific, and several of the officials of the lines which come under the Harriman interests.

J. S. Tabetts, who is not unknown to Salt Lake and at one time was connected with the Union Pacific in this city, died at Boston a few days ago. At the time of his death he was general purchasing agent of the Boston Elevated.

From a private letter received by General Passenger Agent George W. Heinz this morning a number of the friends of Assistant Passenger Agent Charles Kennedy, of the Rock Island, will be pleased to hear that that popular railroad official is lying at the point of death at the sanitarium at Wauwau, Wis., from a condition of partial paralysis superinduced by complications.
