LOCAL BRIEFS.

Barney B. Quinn, formerly county assessor, has formed a partnership with J. B. Quinn & Co.

The funeral of John Franklin Hamner was held from the undertaking parlors of Joseph E. Taylor this forenoon.

The State Senate will be under Republican control while the Cedar City junketers are away. They will return from Cedar City Thursday.

State Superintendent of Public Instruction Nelson today buried his little son at Mantli, who died from a gathering in the head resulting from a cold.

The Hewlett Bros. company has let a contract for building a two-story 20x24 ft addition to their factory and for installing improved bottling machinery. The contracts are to be executed before April 1.

A night mail delivery will be made to the hotels for the benefit of travelers. The mail on the late trains will be delivered except that on the Rio Grande Western No. 3, which arrives in Salt Lake at 11 p.m.

The appointment of James E. Lynch as a clerk in the office of Treasurer Dale, at \$75 a month, has been confirmed by the county commissioners. Lynch takes the place of Joseph M. Colburn, who resigned.

The committee that was appointed to ascertain how much support can be obtained for the conduct of a Unitarian church in this city will meet this evening to outline a definite plan and to begin work at once.

Word has been received in the city that W. J. Halloran and daughter arrived in San Francisco on the Alameda from Honolulu, and would reach Salt Lake tomorrow evening. Emanuel Kahn, wife and daughter were expected on the Alameda.

Dr. Plummer read an interesting paper on "Lupus," an eating sore, before the Salt Lake Medical society last evening. He illustrated his paper by exhibiting two of his patients, one of whom he has cured and the other he is curing.

Since the operation removing a portion of the skull which was pressing on his brain, William J. Brace is recovering at St. Mark's hospital. Brace was injured in a mine at Sunnyside a few days ago. The half-hour service to whom he has cured and the other he is curing.

At the meeting last night of the El Sababkhal temple, No. 39 of the Dramatic Order of the Knights of Khorsan, the following officers were elected: Venerable sheik, Dr. C. I. Douglas; royal vizier, W. D. Bridgman; grand emir, George R. Stoney; mahdi, W. E. Evans; secretary, A. T. Sanford; treasurer, A. S. Watson; menial, J. J. La Bee; sahib, C. H. Fisher.

The portion of the Hooper-Eldredge block that was damaged by the recent fire, is being repaired by Taylor, Ramsey & Armstrong. The loss has been settled for \$2,906. Architect Klotting has settled for \$367. Sil Hooper's settlement is for \$31, and W. H. Moore settled for \$822, through Cairns & Hooper, in the London, Liverpool & Globe, Barton & Co. have a claim also, but the amount is not known.

The board of education will meet in the city and county building this evening, in company with representatives from the boards of education of Ogden, Provo and Logan, and a committee from the State Normal association. The purpose of the meeting is to discuss the question of increasing the bill for the introduction of the kindergarten into the public schools of the State.

The five-cent limit on the Pen line of the Rapid Transit company has been extended to Smoot's corner. Sugar House. The fare to the State prison remains at 10 cents, but a twenty-cent book can be bought at \$1 each, five-cent ticket being good to the prison. The change was made for the reason that the Ninth East line has the five-cent fare limit at Cook's corner on Twelfth Street, which is but two blocks from Smoot's. The half-hour service to Smoot's will be continued.

BIG CELEBRATION

NEXT SUNDAY.

On That Day the Chinese Festivities Will Come to an End.

SOME GOING TO WYOMING.

Yee Wing Choy makes some serious charges against Jong Ming. He will race again.

Sunday will see the wind-up of the Chinese New Year's festivities in this city, and the boys on Plum Alley say they will have a real good old time.

An interview this morning with a number of the Chinamen, including Chin Chin, Wong Meo Gung and Yee Wing Choy, developed the fact that Sunday has been selected as the day for the "big time," by reason of the fact that the Chinese gambling cases will be settled in Judge Timmony's court Saturday morning.

As they confidently expect the cases to be decided in their favor, they will have double cause to rejoice. Chin Chin said: "We have seen Chief Hilton, and he says we can have a big time Sunday. We have got lots of freerackers saved up for that day, and we are going to shoot them then. So far everything has been very quiet, because Yee Wing Choy, who will be remembered by the patrons of the Salt Palace bicycle track as the champion rider of the Boxer circuit, stated that he was going to Evanston this week to see some of his friends there. Like all of his countrymen, Yee Wing blames Jong Ming for the indifferent state of affairs on Plum Alley at the present time.

Said he: "You see, stranger, he come here and play a little game and spend plenty of money here and everything all right. Jong Ming try stop all games, stranger go away and everything slow. Now, I tell you something: I know him for three years, and all that time he no work at all. In Ogden he gamble all time. Then he get Christian come here and stop Chinamen from playing. In Ogden he steal chickens and some boys shoot at him. "What is he doing all this for?" asked "I tell you," said Yee Wing. "He trying to make money and no work like us. He say to some boys you give me money and I go away," but China boy no give him any money, nobody give him and he get mad and say 'I stop games'."

Yee Wing said that all the games were in full blast at Evanston, and the boys were going good gamble all they wanted to. He denied, however, that he was going there for that purpose, but merely wanted to see some friends whom he had not met for several years.

That just as soon as spring opened for earnest he would begin training for the bicycle races. He is still undaunted despite the accidents he met with on the track last summer, and he thinks he will be able to capture a few prizes this year. He includes with pride the undisputed fact that he is champion of all the Chinamen when it comes to riding the wheel.

SCOFIELD STRIKE.

Prominent Agitators Are Told That They Are Not Wanted.

Lewis George and Pat J. Rooney, the two members of the strike committee from Scofield who have been in this city for some weeks past in an endeavor to enlist sympathy for their cause, have received a communication from John Bell, the chairman of the strikers, to the effect that the Pleasant Valley Coal company will not take back any men who have been prominent in the strike. This means that Bell, the members of the committee and some 150 men will have to find work elsewhere, owing to the fact that they have refused to sign the "non-strike" Mr. Bell, in his letter, stated that he will remain in Scofield until a labor organizer arrives from the East and who has been expected at the coal camp for several days past.

The Salt Lake committee also reports that a miner named J. W. Musgrove and his family have come up from Castle Gate on account of the company telling him that his services are no longer wanted. They say that Musgrove is not the only man who has received his walking papers from the company at Castle Gate, but that there are fully twenty men there who have expressed sympathy with the strikers.

The strike leaders, however, have not given up all hope yet of making things unpleasant for the coal company; they state that when the organizers arrive at the various camps, they are included in the union that the next time the men go out on strike that the issue will be decidedly different and the company will not have things all its own way.

Zion's Savings Bank and Trust Company established in 1873, and has since opened more than twenty-six thousand savings accounts. Have you an account? If not, start one NOW. LORENZO SNOW, President.

THE GREAT SALT LAKE PRESENT AND PAST.

By James E. Talmage, Ph. D. F. R. S. E. F. G. S., professor of geology, University of Utah, a book of 115 pages, beautifully illustrated. The first complete and authentic work on the resources of Utah, a book of 115 pages, beautifully illustrated. For sale by the Deseret News and all news dealers.

HARD TRIP FOR JUNKETING PARTY

Met at Lund by Cedar City Citizens With Vehicles.

(SPECIAL TO THE "NEWS"). Lund, Utah, Feb. 25.—At Lund, the legislative party was met by a delegation of Cedar citizens with carriages and buggies to convey the law-makers to Cedar, a hard drive of thirty-five miles through deep mud, much of the way, the most arduous junketing outing undertaken by the present legislature. The day was fine and clear, but very cold.

From the condition of the road there is every evidence that there has been abundant precipitation in the shape of snow and rain. The ground is thoroughly soaked to a good depth, and if ordinary conditions prevail from now on, good crops are assured in the south.

GIVEN A SPECIAL CAR.

Cedar City Legislative Party Numbers Twenty-One. (SPECIAL TO THE "NEWS.")

Milford, Utah, Feb. 25.—Conjoint committees of education, Senate and House left last night for Cedar City on visit of inspection to Branch Normal of University of Utah. The party consists of Senators Evans, Smoot, Murrill, Tanner, Kiesel, Thomas, Lawrence and Barnes, and Representatives Williams, Axton, Morris, D. H., McGregor, Bench and Van Wageningen, besides the legislators, President Kingsbury and wife, of the University, Mrs. Senator Thomas, Mrs. Axton and Mrs. Senator Smoot, Miss Tanner and Bert Smoot, Senate messenger and the "News" scribe. A special Pullman car was provided by the U. S. L., which was attached to the regular train, which made good time to Milford, arriving there at 9 a. m., after breakfast this morning the party boarded the regular 8 o'clock train on the Utah and Pacific for Lund.

JOHN HISLOP KILLED.

Former Salt Laker Seizes a Bride and is Killed by a Train.

John Hislop, the former Salt Laker and civil engineer, was crushed to death under the wheels of a train at Eggleston station, Chicago, last Friday. Hislop recently came from Alaska, where he assisted in the construction of the White Pass and Yukon railway, and was chief engineer of that road. He came to the State of Wisconsin to marry Miss Mary Young of Prescott, in that State, and the ceremony was enacted about three weeks ago. Hislop was in the act of boarding the train, which was moving, and he lost his footing and fell beneath the wheels. His wife was notified of the dreadful mishap, and her husband died as she was entering the hospital ward, where he had been taken. He was intending to return to Alaska in a few days.

Mr. Hislop was a man of marked ability in his line and was a member of the Robert Stanton party through Southern Utah in 1898, referred to so feelingly by Nat Brigham in his recent lecture here. Mr. Hislop surveyed the proposed spur from Milford to Cedar City, and he and Stanton surveyed the fields about Cedar City. After the Milford-Los Angeles project was abandoned he went to Denver and then to Alaska, where he superintended the building of the Alaska railroad over the White Pass.

He was a Canadian by birth and graduated with honors from McGill College. H. M. McCartney of this city was associated with him on the White Pass railroad, they having always been close friends.

PROF. MUTCH WILL LECTURE

Public Invited to Hear Him at L. D. S. College Tomorrow.

The public are invited to listen to the free lecture to be delivered tomorrow, Wednesday, morning at 10 o'clock, in the new assembly hall of the Latter-day Saints' college. Prof. Leslie R. Mutch, psychologist and alienist, will speak before the college students and teachers on the subject, "The Physical Basis of Mental Power in Students." Prof. Mutch has made extended researches into the relative values of different foods, the effect of climate upon bodily nutrition and mental breakdown. He has diagnosed the mental and moral disorders of many criminals in different state prisons, and is regarded as a good authority on criminal sociology. An interesting and profitable hour may be anticipated by all that attend. The lecture is addressed primarily to the college students, but will be of interest to every mental worker.

GLASSMANN'S BILL.

Some Flaws in Proposed Taxation and Assessment Measure.

Speaker Glassmann was mounted on his pet hobby at the meeting of the House committee on revenue and appropriations this morning. The speaker attended the meeting for the purpose of explaining his bill on the taxation and assessment of private banks, brokers, etc., and he believes he has got the tax dodgers in a corner this time.

There is a section in the bill, however, that will prove itself a target for its enemies when the bill comes up for debate on third reading, and the members of the revenue committee have little faith that it will prove bullet-proof. The fatal section deals with the taxation of depositors on their individual deposits. The committee considers the bill a good one, but believes that the desired end would not be achieved. It was suggested that it would be an easy matter for depositors to draw out their money on the day when the assessor made his rounds, possibly placing it back next day, and it was feared that in such an event there would be a run on banks that would create a financial panic. The committee will probably do some job work on the bill before recommending it to the house for passage.

Women Co-op. Stockholders.

The stockholders of the Women's Co-op. Store are requested to meet at 4 p.m. Saturday, March 2nd, 1891, in the Fourteenth Ward Assembly Hall.

BURLINGTON PLANS.

Grading Operations Toward Salt Lake Are to be Pushed This Spring.

General Superintendent Calvert and Engineer Ensign of the Burlington are at the present time looking into the situation in Wyoming preparatory to commencing grading operations as soon as the winter breaks up. There are all kinds of rumors afloat as to what the Burlington will actually do, but the consensus of opinion is that grading operations will be pushed toward Salt Lake at an early date. It is said that machinery and supplies are being gathered and that operations will be started from several points between Gurneys and Salt Lake within a very short space of time.

Rate on Hops Raised.

San Francisco, Feb. 25.—On and after April 1st the price of transporting hops from all Pacific coast points to eastern markets will be raised. Some time ago an emergency rate was made of \$1.50 per hundred pounds from the Pacific coast to all eastern cities on account of

SHORTLINE WARD IMPROVEMENTS.

Undertaking of Lowering Twenty-four Tracks is Nearly Completed.

(SPECIAL TO THE "NEWS"). The trackage improvements in the yards of the Oregon Short Line in the vicinity of North Temple street are rapidly nearing completion. All the steel girders of the twenty-four tracks which cross City Creek have been put in place, the masonry and concrete work composing the long culvert completed, twenty of the tracks lowered, and the "hog back" practically leveled. Tomorrow the steel gang will commence work lowering the main line to the same grade as the other tracks which flank it.

Some seventy-five men have been at work upon this undertaking for the major portion of the winter, and the work completed represents several thousands of cold cash. It is a great improvement on the old state of affairs, when the small switch engines and even the larger locomotives used to get stalled at stated intervals while endeavoring to negotiate the heavy load over the hump that spanned City Creek. This morning one of the heavy new switch engines recently received from the Cooke Locomotive works had a fine run, making away with a train of thirty loaded cars over the greasy tracks.

ROAD TO BE BUILT.

Senator Clark Denounces All Rumors Against His Proposed Road.

The following clipping from the Los Angeles Herald of Saturday in regard to Senator Clark's proposed road is of interest at the present time: "The transfer of the Terminal company's property to the new Salt Lake line as it was announced yesterday, has been a demand for extensive improvements are now engaged in making thorough examination of the property, with a view of ascertaining what improvements will be required to place the property in a condition necessary to meet the demands of the new line. As soon as their labors have been concluded it is announced that the transfer of the Terminal interests will be made. In fact, the papers have already been drawn up and are ready to be filed. It is stated that extensive improvements will be made on the property as soon as the deeds have been recorded and as soon as materials can be laid on the ground.

While in Los Angeles Senator Clark took occasion to denounce the rumors that have been circulated from time to time to the effect that his road would sell to some transcontinental line as soon as built. The senator declares that he is the champion of himself and associates to build the road as already planned, believing that the company will have no trouble in securing an eastern outlet after the line is in operation between Los Angeles and Salt Lake. The projectors of the Salt Lake line say that the projectors of the Southern Pacific to the Union Pacific will not interfere with their plans in the least. Senator Clark announced that the first seventy-one miles of the road between Los Angeles and Los Angeles will be in course of construction within sixty days. He endeavored while here to set at rest the rumors concerning the sale of the road of which he is president, and assured all those with whom he conversed, he has no subject that the Salt Lake line will be built without delay.

"It has required a great deal of time to perfect the organization of the company and get affairs in shape to inaugurate the actual work of construction."

M. L. SYKES TO RETIRE.

Vice-President, Chicago Northwestern to Step Out.

New York, Feb. 25.—The contemplated retirement early in June of Martin L. Sykes, first vice president of the Chicago Northwestern railroad, and also vice president of the Chicago, St. Paul, Minneapolis & Omaha railroad, has been confirmed. Mr. Sykes has had the step long under consideration. He has been in the railroad service for those with whom he conversed, he has been in the railroad service for those with whom he conversed, he has been in the railroad service for those with whom he conversed.

TEMPLE NOTICES.

St. George, Utah, Feb. 25.—The St. George temple will close on Friday evening, 23rd of March, and reopen on Tuesday morning, 30th of April, 1901.

DAVID H. CANNON, President.

Danger of Colds and La Grippe.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy given promptly, it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take.

Don't let the hand of time paint wrinkles on your face. Keep young, by keeping the blood pure and the digestion in a healthy condition. HERBINE will do this. Health is youth, disease and sickness brings old age. Price 50 cents. Z. C. M. I. Drug Dept.

LIFE OF A PIONEER.

NOTHING EQUALS IT.

For the Cure of Catarrh.

A physician now retired from practice, but who still keeps abreast of the times, in speaking of the advance made in medicine in the last ten years says: "One of the most obstinate and baffling diseases is the very common trouble, catarrh."

Nasal catarrh is only one of its many forms; catarrh of the throat, catarrh of the stomach, bowels, liver and bladder are very common, but the sufferer usually thinks it is something else than catarrh and is treated for the wrong disease.

The best and most successful treatment for any form of catarrh is now admitted to be by internal remedies through the stomach and the safest and probably the most efficient is in the tablet form, sold by druggists as Stuart's Catarrh Tablets.

I have seen many remarkable cures of catarrh resulting from regular daily use of these tablets, which seem to act on the blood and liver, driving the catarrhal poison out of the system through the natural channels.

By analyzing these return tablets and found them to contain no cocaine nor opiates, but simply a combination of harmless antiseptics like Eucalyptol, Guaiacol, blood root, etc.

At any rate, I believe that the sufferer from catarrhal headaches which were cured by Stuart's Catarrh Tablets, and catarrhal deafness, hay fever, asthma and catarrh of the throat and stomach should show great benefit after a few days use of the remedy and when it is remembered how much more convenient a tablet is than inhalers, douches, salves and powders it is not surprising that this new preparation should rapidly supplant all other remedies for catarrh.

The prevalent low price of the product. Since then hops have raised in price and the old rate of \$1 per hundred pounds has been raised to \$1.50. The old rate has been adopted by all railroads doing Pacific coast business. The maxim carload of dried fruit will on and after April 1st be 30,000 pounds. The same rule goes into effect in regard to hops. In the past the carload rate was twelve thousand pounds.

This morning the time table of the Oregon Short Line underwent a slight change to the effect that the Cache Valley train will leave at 7 a. m., instead of 6:50 as heretofore.

CHANGE IN TIME.

General Agent Richard P. Neslen of the Burlington is in Chicago.

General Superintendent A. E. Welby has gone south on an inspecting trip.

The two new switchers recently received from the Cooke Locomotive works are now engaged in making thorough examination of the property, with a view of ascertaining what improvements will be required to place the property in a condition necessary to meet the demands of the new line.

SPIKE AND RAIL.

General Agent Richard P. Neslen of the Burlington is in Chicago.

General Superintendent A. E. Welby has gone south on an inspecting trip.

The two new switchers recently received from the Cooke Locomotive works are now engaged in making thorough examination of the property, with a view of ascertaining what improvements will be required to place the property in a condition necessary to meet the demands of the new line.

Directors and stockholders of the Salt Lake & Los Angeles Railroad company will meet March 7th to consider the policy at Saltair during the coming summer.

The Rio Grande Western will run another special from Utah county points on Thursday at reduced rates. The experiment has proved to be such a success that it is probable that this theater special will become a feature. The train will return at 11:45 p.m.

The firemen on the new Oregon Short Line switchers are the envy of the rest of the boys, as they do not have to be constantly jerking the bell cord for the simple reason that the big locomotive bell after it is started with a pull goes on ringing until there is not a pound of steam left in the boiler, or until stopped. When J. F. Dunn has figured out his automatic stoker there will be no need of firemen.

CHURCH NEWS.

HOME MISSIONARIES. The regular monthly meeting of the home missionaries of the Salt Lake Stake of Zion will meet in the upper room of the Mill Creek meeting house on Wednesday, February 27, 1901, at 7:30 p. m.

JAMES D. STERLING, Clerk of Stake.

The home missionaries of the Granite Stake of Zion will meet in the upper room of the Mill Creek meeting house on Wednesday, the 27th inst., at 7:30 p. m. A full attendance is desired.

FRANK Y. TAYLOR, President of Stake.

Elder Andrew Jensen, of the Historical Office, will visit the following wards, in the interest of Church history, on the dates here given: Bluff Dale and Riverton, Sunday, March 3rd.

Herman, Sunday, March 11th. South Jordan, March 14th. Bingham, Sunday, March 17th. Granite, Sunday, March 21st.

TEMPLE NOTICES.

St. George, Utah, Feb. 25.—The St. George temple will close on Friday evening, 23rd of March, and reopen on Tuesday morning, 30th of April, 1901.
