

BOER COMMANDO NOT SURPRISED.

Gen. Kitchener Denies Circumstantial Story About Beyer.

IT CAUSES DISAPPOINTMENT

No News of a Meeting With Botha - War Honors Inconclusive - Operations Not Decisive.

New York, June 10.—A dispatch to the Tribune from London says: The war office authorities say they have received no news of a meeting between Gen. Kitchener and Gen. Botha near Standerton last Wednesday and the report of a tentative settlement between the minister and Boer commanders is consequently discredited in official quarters. Mrs. Botha's arrival in London has, nevertheless, revived peace rumors to which publicity has been given on several occasions recently. It is impossible to say what exactly is going on, but the general opinion is that there must be some foundation for the rumors. Mrs. Botha's mission is still shrouded in secrecy, and although it is likely stated that she is on a peace mission, no definite information on that point is obtainable at present.

On the whole, the opinion of the newspapers this morning is that Mrs. Botha's visit to Mr. Kruger can at best exercise but an indirect influence upon future peace negotiations so long as the Boers persist in holding out for better terms than were offered at Middelburg. There does not seem the slightest ground for the statement which appeared in the Weekly Dispatch that Mrs. Botha was received on Saturday at the colonial office, then by Lord Roberts at the war office, and afterwards by Mr. Broderick.

Meanwhile the war news continues inconclusive. Botha's operations in the eastern Transvaal have apparently come to an end and cannot be called decisive. Botha is somewhere between Ermelo and Amsterdam, and there seems no immediate prospect of his rounding him. Some disappointment has been caused by Gen. Kitchener's denial of a circumstantial account which was circulated by a news agent last week of the surprise of Beyer's commando and the capture of his convoy and stores.

APPEAL ON BEHALF OF BOERS.

New York, June 9.—Rev. Von Vruckheisen of Pretoria, South Africa, the minister who closed the volksraad with prayer after President Kruger's ultimatum had been read to that body, is in this city. His brother, Dr. H. J. von Vruckheisen of the Orange Free State, who served in the Boer armies, accompanied him. Their mission in this country is to raise money for the Boer widows and children now in refugee camps. Rev. von Vruckheisen said in an interview:

"Women and children who are at present concentrated in camps established by the British are in a horrible condition. It was bad enough when I left South Africa, but I know from letters that I have received—one only the other day from my sister—that it is a hundred times worse now."

When the doctor left South Africa he said he was virtually banished by order of Gen. Maxwell, military governor of Pretoria.

Dr. von Vruckheisen said further of the camps: "In an official report made by Donald P. McKendry of the British army of February 18th of this year, the British government is notified that the conditions are horrible, the death rate appalling and the food furnished wholly unfit to eat."

The Afrikaanders, Dr. von Vruckheisen says, will never be overcome and all reports to the contrary are false. The Boer army numbers from 15,000 to 17,000 men and is constantly being augmented by Cape Colony Boers. The Boer forces are now armed with Lee-Metford rifles, he says, and they have tons of ammunition buried, which they can use any time against the British.

CHICAGO UNIVERSITY PLANS. Affiliated Preparatory Schools to be Established in Europe.

Chicago, June 8.—President Harper of the University of Chicago announces that the university has begun to establish affiliated preparatory schools in different parts of Europe. These schools will be branches of academies which are affiliated with the university in this country. The purpose of this plan is to give opportunity to children of college age, whose parents are traveling abroad during the year, to have the benefits of foreign residence, without obstructing the progress of their studies.

Paris will be invaded first, and the American home school for girls will be opened at 29 Rue de Lonschamps on October 15th. The work of the Paris school will be under the immediate charge of Miss Elizabeth Wallace, former instructor of French in the University of Chicago, and of Miss Emma Baird, for many years principal of a girls' school in Kansas City.

Berlin, according to President Harper's plans, is next in the line of march after Paris.

Robert W. Buchanan, Poet, Dead. London, June 10.—Robert Williams Buchanan, poet and prose writer, is dead. He was born in August, 1841.

THREE ROBBERS DROWN. Pursued by Their Victims They Jumped into River Arc to Escape.

Chambery, France, June 9.—An American named Constantin Scudal was robbed on the railway while asleep by three follow-up-travelers between Moirans and St. Michael. Recognizing the thieves at Saint Jean de Maurienne he pursued them across the country and they jumped into the river Arc, where all were drowned.

Wild Man Mistaken for Burglar. Tacoma, Wash., June 10.—Yesterday afternoon the police were called to arrest a supposed burglar on A street. When they arrived they found the man had entered a house by a rear window. The officers followed and when the stranger saw them approach he raised a board and pounded it to splinters over his head. Reinforcements were sent for. Chief Packler being left alone, but the latter dodged and Sergeant McCoy who had just entered, wrenched the hammer from his hand.

CHIEF WITNESSES AND SPECTATORS IN CHRISTIAN SCIENCE LIBEL SUIT TRIAL.

McCoy managed to wrench the arm out and the other cuff was fastened to his wrist. When taken to the station it was discovered that the stranger was a wild man who had been on exhibition here and who had been locked out of his house.

NEW ORLEANS BEATS PORT.

Takes Second Place as Port for Exports of Goods.

New York, June 10.—A special from Washington to the Tribune says that a study of the figures of the bureau of statistics, giving the exports through the various ports of the United States in the fiscal year 1900, shows that in that year and the months which have followed New Orleans has taken second rank as an exporting port, and has displaced Boston in its position as the second importing city of the country. The heavy exportations of cotton and the high price at which it is exported have largely increased the value of the exports through the southern ports, while it is not improbable that the Galveston disaster may have resulted in temporarily diverting to New Orleans some of the business which otherwise would have gone through Galveston. The exports from New Orleans in the fiscal year 1900 were \$115,583,764, the highest figures in the history of the port except 1892, and an increase of \$28,000,000 over the fiscal year 1899. In the nine months of the fiscal year 1901 the exports from New Orleans were \$122,234,669, securing for that city a clear and undoubted title to the rank of second in the list of American export cities.

GEN. F. D. GRANT ON PHILIPPINES

Says Their Value to United States Cannot be Overestimated.

New York, June 10.—In an article in the coming issue of Leslie's Weekly, Gen. Frederick D. Grant will say that the value of the Philippines to the United States cannot be overestimated. "It will," Gen. Grant says, "increase with the development of the islands and the growth of our trade with Asia. It is greatest, therefore, from a commercial standpoint, but is remarkable also as a strategic basis in time of war."

AT GEN. GRANT'S TOMB.

Vandals Destroy Trees Planted There by Li Hung Chang.

New York, June 10.—Recent visitors to Grant's tomb in Riverside Drive have noticed a tendency toward decay in the trees planted near the monument by Li Hung Chang upon the occasion of that distinguished general's visit to the final resting place of his friend, the general, several years ago.

WOODWORKERS TO GO ON STRIKE.

Chicago, June 9.—Members of the Amalgamated Woodworkers' union, who are employed in saloon, store and office fixture manufacturing, at a meeting tonight decided to go on strike July 1st if their demand for a minimum scale of wages of 25 cents an hour and a nine-hour day shall not be granted. The manufacturers submitted a proposition to the union, making the wages for cabinetmakers and machine hands \$2 and for finishers \$1.50 for nine hours. The men claim this is a reduction of 10 per cent on last year's scale, and if necessary they will strike to force the manufacturers to come to terms. About 2,000 men are affected.

RELIGIOUS PROCESSION BECOMES A RIOT

Chicago, June 9.—An attempt to run a street car through a religious procession of Italians at Eighteenth and Clark streets today precipitated a riot, in which the windows of the car were smashed and one man injured. A riot call to the Twenty-second street police station brought a wagon-load of officers, who saved the motorman and conductor from bodily injury. Sticks and stones were hurled at the car until there was not a whole window left in it. The police restored order with great difficulty, the Italians being bent on getting at the crew, but the counsel of the precinct in the procession averted a more serious conflict.

ARTIST EDWARD MORAN, DEAD.

New York, June 9.—Edward Moran, the eminent marine and landscape painter, died this afternoon in his apartments and study in Fifth avenue from uraemic poison, superinduced by a complication of diseases from which he had been suffering for about a year. Edward Moran was born in England in 1828. When he was 12 years old the family came to America and settled in Maryland. Later they moved to Philadelphia, but twenty-five years ago he came to New York, where he has since made his home.

MAJ. W. H. DALY SUICIDES.

Was Surgeon General on Miles' Staff in Porto Rico.

Pittsburg, Pa., June 9.—Maj. W. H. Daly, surgeon-general on the staff of Gen. Miles in Porto Rico, committed suicide at his home by shooting himself in the right temple. The body of the doctor was found in the bathroom by Miss Mary Short, the housekeeper, lying in a pool of blood, with a 25-caliber revolver lying on the floor. Dr. Foster, who was summoned at once, found the bullet hole in the temple and announced that death had taken place several hours before. Miss Short then remembered hearing a sharp report about 7:30 a. m., but thought it was the quick closing of a window. No cause is known for Dr. Daly's deed, unless it be that insomnia drove him temporarily insane. For some time he has been unable to sleep regularly. The doctor was a widower and leaves no immediate family. He was 53 years of age and for many years has been prominent in medical circles. He gained international prominence during the Cuban war, as it was his report to the commanding general of the army that started the "embalmed beef" inquiry.

MIRACULOUS ESCAPE FROM DEATH.

Denver, Colo., June 10.—Passengers from the Pacific coast report the miraculous escape from death of Mrs. Phoebe Davis, an aged lady from Los Angeles, Cal., who in a somnambulistic state, walked off the swiftly running train soon after it left Wamsutter, Nev. She was only slightly hurt.

WOMAN'S LIFE...

is hard enough as it is. It is to her that we owe our world, and everything should be made as easy as possible for her at the time of childbirth. This is just what MOTHER'S FRIEND will do. It will make baby's coming easy, and painless, and that without taking dangerous drugs into the system. It is simply to be applied to the muscles of the abdomen. It penetrates through the skin carrying strength and elasticity with it. It strengthens the whole system and prevents all of the discomforts of pregnancy.

MOTHER'S FRIEND

The mother of a plumb babe in Panama, Mo., says: "I have used Mother's Friend and can praise it highly."

SIX MEN KILLED, SEVEN INJURED.

Result of a Wreck on the Delaware, Lackawanna & Western.

RESCUERS AMONG DEBRIS.

Terrible Storm in Oklahoma—Many Farm Houses Demolished—Several Killed and Many Hurt.

Binghamton, N. Y., June 8.—While a freight train on the Lackawanna was taking water at Vestal, ten miles west of here, at 9:45 o'clock tonight, it was run into from behind by a double-header wildcat train. In the second car from the caboose of the stationary train was a large quantity of dynamite, which was exploded by the impact. Six men were killed and three fatally injured.

DEAD. J. M. Kelley, Elmira. Theodore Pothemus, Elmira. Flegman Wetherbee.

FATALLY HURT.

Engineer Mattice. Edward Medrick, trainman. Edward Pothemus, trainman. George Mattice, trainman. Engineer Lonergerman, of the wildcat. Unknown man.

Both trains were blow to atoms, but the remainder of their crews escaped with slight injuries.

Much damage was done by the concussion, most of the windows in Vestal and Union, across the river from Vestal, being shattered. Binghamton's plate glass fronts did not escape, many of the largest glasses in the city being broken. The shock was felt at a distance of thirty miles.

Binghamton, N. Y., June 9.—Five men were killed and seven injured in last night's wreck at Vestal. All but two of the seven injured men were trainmen. Several of these, who were thought to be fatally hurt last night, recovered from the concussion and today are not figured in the list of the slightly injured.

All through the early morning hours the rescuers toiled about and among the burning freight cars at the scene of the explosion, but it was not until late this afternoon that portions of the last dismembered body were discovered a quarter of a mile from where the explosion occurred.

The tracks of the Delaware, Lackawanna & Western railroad were completely blocked until noon today. Both trains were completely wrecked, and the engines of the wildcat freight which ran into the rear of train No. 61, which was taking water at the time, and which carried the injured men, were wrecked and were being picked up half a mile away.

Aside from the damage to the railroad property, much minor damage is reported. The village of Vestal and Union, which are across the Susquehanna from the wreck, lost more or less of their window-glass, while farmers' houses and barns near the scene were badly shattered. None of the inmates, however, were injured.

DISASTROUS STORM IN OKLAHOMA.

Wichita, Kan., June 8.—The most disastrous storm which has ever visited Oklahoma prevailed in Kay county last night. A tornado struck Billings, Eddy and Tonkawa and its influence covered a stretch of country ten miles wide and thirty-six miles long. Nearly every farmhouse in northwestern Kay county is more or less injured, not a windmill has been left standing, and the face of the country is covered with debris.

Blackwell suffered considerably. Practically every one of glass in the city has been broken. If the damages reported are correct, including the damage to crops from wind and hail, it will be more than \$100,000.

The tornado was the worst at Eddy, where three persons were killed and seven wounded. The tornado came from the southwest and struck Eddy at 5:30 o'clock. Every house in the hamlet was blown away save two.

DEAD AT EDDY.

Mrs. Maud McGeathay. Louis McGeathay. Bob McGeathay.

INJURED AT EDDY.

Charles Goldsmith, skull fractured. John McBrath, leg broken. Hugh Prather, nose broken. Jud McWilliams, head crushed. Howard Hamagan, head badly crushed. Ruby Higginbotham, face crushed and internal injuries. A. D. Evans, leg broken.

KEEPING NON-UNION MEN IN LINE

Great Endeavor of International Association of Machinists.

New York, June 10.—At a recent meeting of the Central Federated union, the privilege of the floor was given to a committee from the International Association of Machinists who asked permission to lay the case of the striking machinists before the body. A. Kunzleman of this committee said that the principal cause to write to keep 20,000 non-union men who had gone on a strike with the union men from rushing back to work.

"There are 50,000 machinists on strike for the shorter work day throughout the United States," he continued. "Of these, 20,000 belong to the union, and we have to keep the other 30,000 in line. We accept the challenge of the National Trades association, and will fight until we win or until the end. Should we win, as I hope and believe, it means a nine-hour work day for 650,000 people throughout the United States."

LOST IN NEW YORK.

A Very Aged Californian Becomes Bewildered in the Metropolis. New York, June 10.—Augustus Rathbone, 78 years old of San Jose, Cal., is staying now in a Brooklyn hotel, arrived here Wednesday afternoon with \$5 and a check for \$500. He had not been in New York for nearly fifty years. The city had changed so much since his last visit that he became completely bewildered and lost. A detective was assigned to the hunt for the old man's cash and first hotel. The detective easily found the first hotel Mr. Rathbone went to, but it was a long time before he found the second. At last the trail led to the Atlantic hotel, in Brooklyn. The proprietor,

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

Augustus Strauss, immediately recognized Rathbone as a man who registered there last Wednesday and left his baggage and valuable and disappeared next day. Strauss gave Rathbone's belongings to the detective. Rathbone is a native of Providence, R. I. In 1852 he left there to go West, where he made his fortune. The old man is on a tour of the world and came this way to obtain another glimpse of New York and to visit his old home in Providence.

British War Office Reform. New York, June 10.—The Tribune's London correspondent says: Among the members on both sides of

Attention, Investors!

The choice property now occupied by the F. Auerbach & Bro. Dry Goods store, will be sold to the highest bidder for cash, at 12 o'clock noon, June 19, 1901, at the West Front Door of the City and County Bldg. Frontage on Main Street, 53 1/2 feet by depth of 214 1/2 feet and additional ground in rear. Improvements consist of store Bldg. and Steam Heating Plant. Property open for inspection. Sale will be made by Mr. E. B. Wicks, referee.

THEODORE MEYER, ISADORE MEYER, Executors of Estate of Frederick H. Auerbach, deceased.

LAGOON

Table with 2 columns: Trains Leave Salt Lake; Trains Leave Lagoon. Lists departure times from 7:00 a.m. to 7:30 p.m.
