

SEÑOR PALMA'S CUBAN POLICY.

Will Seek to Strengthen Relations With United States.

THIS IS MOST IMPORTANT.

To Develop Island and Administer It Economically His Great Ambition—Departs in April.

New York, Jan. 3.—President-elect Tomas Estrada Palma of Cuba is still at his home at Central Valley, N. Y. He has just received the first official advice announcing his election.

It is from Mendez Capote, president of the national constitutional convention, and is as follows: "According to the central committee of scrutiny, I allow myself to assure you that the election was practically unanimous. The partisans of Maso fought only in a few provinces. The convention here is that the vote taken represents the will of the people by an immense majority."

"There are two things which I shall ever strive to accomplish. The most important is to strengthen the cordial relations existing between the republic of Cuba and the United States of America. My other object will be to conduct an economical administration and to develop the island. I hope to develop the island of Cuba, principally the agricultural industries. I hope to secure a reduction of tariff in this country so that the products of Cuba may be received here."

"I shall leave the United States in April and go to my fatherland. I shall go there to work like any factory hand or any laborer with a pick and shovel and every officer of my cabinet will be expected and compelled to do the same."

RECIPROcity FAVORED. New York Chamber of Commerce Passes Resolutions on Subject.

New York, Jan. 2.—A meeting of the chamber of commerce was held here today. Addresses were made by M. L. Weller, a representative of French interests, and by Ludwig Max Goldberg, of Berlin, both of whom are in this country to investigate American commercial methods. The committee on foreign commerce and the revenue laws presented a report, and resolutions approving the action taken by the reciprocity convention were adopted in Washington. This report and the resolutions were adopted after considerable debate. The resolutions adopted were as follows:

"Resolved, That this chamber has consistently favored the establishment through reciprocal concessions in tariff rates of closer trade relations between the United States and the commercial countries of the world, and

Whereas, the National Reciprocity convention, in its session in Washington, D. C., adopted a resolution recommending reciprocity through tariff modifications where it can be done without injury to any of our home interests of manufacturing, commerce or farming, thereby rendering any application of reciprocal tariff concessions impracticable and

Whereas, the National Reciprocity convention, in a second resolution, recommended the establishment of a new committee to which shall be referred the consideration of all reciprocal trade agreements, thereby nullifying and disregarding the valuable and beneficial work successfully accomplished by the present committee in the negotiation of important treaties whereby a great part of the trade of these countries would be thrown open to us; therefore, be it

Resolved, That this chamber hereby expresses its disapproval of the action taken by the National Reciprocity convention in Washington on November 20, 1901, and of all attempts to bring about similar relations with our sister nations, and to open new and better markets for our products; and be it further

Resolved, That the chamber views with approval the policy advocated by the Reciprocity convention as likely to invite hostile legislation on the part of other nations against this country to the great detriment of its commercial interests.

Public Debt Statement. Washington, Jan. 2.—The monthly statement of the public debt, issued today, shows that at the close of business December 31, 1901, the national debt, less cash in the treasury, was \$1,017,625,286, a decrease for the month of \$8,642,192. The debt is recast as follows:

Interest-bearing debt, \$943,279,203
Debt on which interest has not yet ceased since maturity, 1,239,799
Debt bearing no interest, 388,612,636
Total, \$1,332,221,544

This amount, however, does not include \$11,468,059 in certificates and treasury notes outstanding, which are offset by an equal amount of cash in hand which is held for their redemption. The cash in the treasury is classified as follows:

Gold reserve fund, \$100,000,000
Trust funds, \$11,468,059
General fund, 145,510,098
In national bank deposits, 112,653,942

Total, \$1,379,631,721
Against which there are outstanding liabilities amounting to \$98,628,413, which leaves a cash balance on hand of \$1,281,003,308. There was an increase for the month of \$1,592,613 in the amount of cash on hand.

Coinage for December. Washington, Jan. 2.—The monthly statement of the director of the mint shows that the coinage executed at the mint of the United States during the month of December, 1901, to have been \$14,644,221, as follows: Gold, \$12,309,227; silver, \$1,996,514; minor coins, \$233,479.

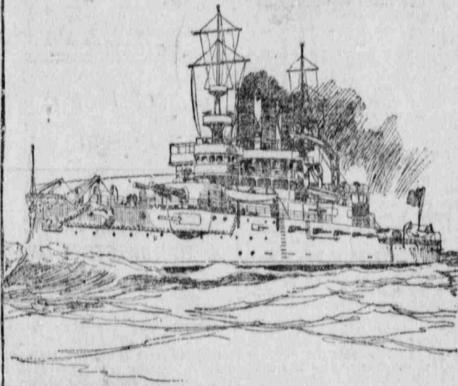

The total coinage for the calendar year ended December 31, 1901, was \$124,637,774, of which \$101,735,187 was gold, \$20,725,469 was silver, and \$2,177,118 was in minor coins.

Of the year's coinage \$84,156,530 was in double eagles, \$46,038,169 in eagles, \$2,329,256 in half-eagles, and \$288,307 in quarters and dimes.

Of the silver coined \$12,568,812 was in standard dollars, \$3,119,928 in half-dollars, \$2,646,306 in quarters and \$2,507,757 in dimes. There were also coined \$1,324,919 in nickels and \$796,111 in pennies.

TO SETTLE LABOR DISPUTES A Very Original Experiment to be Tried in Brooklyn.

New York, Jan. 3.—Today one of the most original experiments in the settlement of wage disputes between capital and labor will be made in Brooklyn by an arbitration committee of five

MISS MARION COCKRELL AND THE LAUNCH OF THE BATTLESHIP MISSOURI.

THE launch of the Missouri adds another battleship to Uncle Sam's large and growing navy. The christener of the Missouri, Miss Marion Cockrell, is a daughter of Senator Cockrell of Missouri and a well known society leader in Washington. The Missouri is a sister ship of the Ohio and also of the new battleship Maine. She is 388 feet long and has a displacement of 12,440 tons. Her speed is to be eighteen knots, and she will carry four 12 inch rifles in turrets, sixteen 6 inch and twenty-four smaller guns.

men. If either party refuses to abide by the committee's decision it will lose \$10,000, already put up as a forfeit. The firm that is having the dispute with its employees is that of Wichert & Gardner, shoe manufacturers in New York. In one department seventy men and women are affected by a newly patented method of making lasts, and the employees demand an increase of one cent a pair. This the firm has refused to do. Both sides have fallen back on an unique arrangement. Under this arrangement the workmen are to name two of the members of an arbitration committee, the firm to name two others, and these four to select the fifth. Both sides have made heavy deposits agreeing to forfeit the same in the event of a failure to submit to the arbitration.

Schooner Ashore. Chatham, Mass., Jan. 2.—A four-masted schooner has been sighted ashore on Stone Horse shoal. The name of the craft is not known. The Monocoy life-saving crew has gone to the vessel's assistance.

Funeral of Rear Admiral Roe. Washington, Jan. 2.—Impressive funeral services were held today at St. John's Episcopal church over the late Rear Admiral Francis N. Roe, United States navy, retired. Among the officiating clergymen was Rev. Wm. M. Taylor Snyder, a nephew of the deceased. The remains were escorted to Arlington cemetery by a detachment of marines commanded by Lieut. Col. R. Russell, headed by the full marine band. The body bearers were eight sailors, the honorary pall bearers being Rear Admirals Greer, Schley, Weaver, Ludlow Watson, Captain Sigbee and Bartlett and Mr. Frank Hackett, former assistant secretary of the navy.

U. S. Steel Co. Leases Lands. New York, Jan. 2.—Judge E. H. Garey, of the U. S. Steel corporation, announced today that the properties heretofore secured by the managers of the Pocahontas Coal syndicate, consisting of about 300,000 acres of fuel and coking coal, had been sold to the Pocahontas Coal & Coke company, which is controlled by the Norfolk & Western railway company, and that 50,000 acres of these lands had been leased on a royalty basis to companies whose capital stock is owned or controlled by the U. S. Steel corporation. Judge Garey said that within the comparatively near future there would be constructed at least 3,000 of the most modern coke ovens with a capacity of at least one and one-half million tons of coke, tipples, waterworks, electric plants, power plants, residences, stores and other improvements. The company controlled by the United States Steel corporation by this lease secured sufficient coal to provide, on the present basis of consumption, for about thirty years. This, with the Connellsville Coal company, now owned by the company, should furnish the necessary supply of coke for upwards of sixty years, thus corresponding with the iron ore supply.

Novelist Mary Wilkins Married. Randolph, Mass., Jan. 2.—Friends of Mary E. Wilkins at this place today received cards announcing her marriage to Dr. Chas. M. Freeman of Metuchen, N. J. When the cards were printed it was the intention that the ceremony should take place at Randolph, but it was received that Dr. Freeman's mother, on account of illness, was unable to make the journey to Massachusetts and Miss Wilkins consented to go to New Jersey, where the wedding was solemnized last evening.

Gov. Crane Enters on His Third Term. Boston, Jan. 2.—W. Murray Crane took the oath of office today as governor of Massachusetts for his third term, the largest assembly for a similar occasion in many years. The inaugural address treated of state matters exclusively. One of the principal recommendations of the governor was the appropriation of \$5,000,000 for carrying on the work of abolishing grade crossings, the money to be expended at the rate of \$500,000 a year.

BASEBALL CLUB FOR OMAHA.

President Hickey of the American Association is There.

TEAM NOT FULLY ORGANIZED

Under the Conditions Brande Will Have Entire Management of the Club's Affairs.

Omaha, Jan. 2.—President Hickey of the American association of baseball clubs is in the city completing the work of placing a club in Omaha. He was in consultation during the forenoon with Frank Brande, to whom has been awarded the American association franchise. Hickey and Brande are now negotiating for grounds.

President Hickey said the personnel of the team had not been completed, but several players have already been signed. He said he was not here to fight the Western league, but purely in the interest of the American association, and that he would place a club in this city because it was the best payer in the Western league last year. He expects to remain here for the remainder of the week.

By the terms of the franchise Mr. Brande will own 55 per cent and Messrs. Quinn and Clingman of Milwaukee will own the other 45 per cent of stock in the Omaha club. Brande will, under the conditions, have control of the club and will have the entire management of its affairs. Brande, while he has not been clearly identified with baseball in financial ways, has been associated with influential baseball men for years. He has been in this city for six months. The personnel will be made public in a few days.

In the contest at the Bismark Bowling alley last night some very fine work was done and the fight for the championship was quite lively. Seven good bowlers took part in the contest, of which Hamilton proved to be the best. He won the contest by forty-two points. He won three games, second in one and third in three.

THE SIX DAYS' RACE. Samuelson and King Hold Their Own With the Leaders.

Boston, Jan. 2.—In the six-day bicycle race the evening hours witnessed some of the best racing of the week, each stock in owned or controlled by the U. S. Steel corporation. Judge Garey said that within the comparatively near future there would be constructed at least 3,000 of the most modern coke ovens with a capacity of at least one and one-half million tons of coke, tipples, waterworks, electric plants, power plants, residences, stores and other improvements. The company controlled by the United States Steel corporation by this lease secured sufficient coal to provide, on the present basis of consumption, for about thirty years. This, with the Connellsville Coal company, now owned by the company, should furnish the necessary supply of coke for upwards of sixty years, thus corresponding with the iron ore supply.

Tommy Ryan Talks. Kansas City, Jan. 2.—Tommy Ryan, who claims the middle-weight championship of the world, tonight denied the story recently circulated that he had permanently retired from the ring, and said that he is ready to make a match at once with any of the middle-weight stars who are willing to make reasonable terms.

"If a suitable side bet is offered," he said, "I am willing to come to an agreement within twenty-four hours to fight any of the good ones, especially Jack O'Brien or George Gardner, before a reputable club."

To Close European Stable. New York, Jan. 2.—Ed. Corrigan, the Chicago turfman who has decided to give up his racing stable in England and confine his turf operations to the American tracks, will sail for Europe tomorrow. Instead of going over to prepare for next season's campaign in England, however, Mr. Corrigan goes to arrange for the sale of some of his horses and the shipment of others to America.

"This will not be as long a trip as I had reckoned on," Mr. Corrigan said in an interview. "A month ago I thought I would be going over about this time to prepare for a season's racing, but now I am going over to close up my stable. I expect to be home in about a month. The only reason for the change in my plans is my wife's illness. Some of the horses I will sell and the others I will ship

Spalding Controversy. New York, Jan. 3.—There will be action in court next Monday in the case of Andrew Freedman and others against A. G. Spalding and others, known on the records as the suit of the Boston Base Ball Exhibition company et al, against the Brooklyn Base Ball club et al. On that day a motion to compel the plaintiffs to furnish security for costs of action upon the ground that they are all foreign corporations coming into the jurisdiction of the court and beginning suit will be argued in the supreme court. There is possibility that one of the suits of the National league may be unraveled when this motion comes up for argument.

Chicago Man Won. New York, Jan. 3.—In an amateur billiard match between Frank Rice, champion of the Chicago A. A. and Dr. Jennings of the Crescent A. C. at the Knickerbocker academy last night, the Chicago man won by a score of 300 to 161.

To Set Aside Track Sale. New York, Jan. 3.—According to the Herald, Mrs. Clark, the widow of Wm. H. Clark, will make application in the courts to have set aside the sale of the Empire City race track, which was owned by her husband. The property was sold a few days ago to Frank Farrell and his associates for \$235,000. Mrs. Clark says it was intimated to her that Nathan Straus was ready to bid \$300,000 and that a year ago Senator McCarran, of Brooklyn, had offered \$500,000.

Golf Tournament Begun. Lakewood, N. J., Jan. 2.—A mixed foursome golf tournament was begun today on the links of the Lakewood Country club. The qualifying round was at 18 holes handicap medal play, and the second round is to continue tomorrow and Saturday at handicap match play for cups presented by Mrs. George J. Gould and Mrs. Clarence M. Joffe. The entry list, which is not yet fairly representative. The weather was clear and cold. The following were the entries and their handicaps: Frank M. Freeman and Miss Sophie Downer, 8; John Holter, Jr., and Miss H. Robbins and Maud L. Perk, 11; George T. Brokaw and Miss eHelen Holston, 6; Joseph J. O'Donohue, Jr., and Miss M. M. I. Gussie Lawson Better.

Word has been received from Gussie Lawson, the clever little bicycle rider who has been ill in Buffalo with typhoid fever, stating that he has recovered from the disease and contemplates entering the six day race with Charles Turville at Philadelphia in the near future.

Ever Lawson says he has received an offer to go to France to race, and that he is seriously considering the proposition.

McCausland Goes East.

Billy McCausland, the clever little catcher of the Salt Lake Baseball team left yesterday for Denver. Billy was accompanied by his wife and it is understood they will return to Salt Lake no more this year. Had the Intermountain league been successful in its efforts to live, Billy would have remained here and played on the home team.

Fighters Still Training.

Mexican Pete and Jimmy Burns are still training faithfully for their twenty-round bout which takes place at the Salt Lake Athletic club one week from tonight. Burns is feeling fine and says he is as strong as an ox. Pete works out at the club rooms every afternoon and those who have watched him at his work pronounce him very speedy.

REMARKABLE CURE OF COUGH.

A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine and he rected every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the plug out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today—Joel Demont, Inwood, Iowa. Inward and Outward. The inward effects of humors are worse than the outward. They weaken all the organs, inflame the mucous membrane, cause catarrhal troubles, and endanger the whole system. Hood's Sarsaparilla eradicates all humors and cures all their effects. It's the great alterative and tonic medicine whose merit has been everywhere established. Accept no substitutes.

Heart Disease

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also, the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart.

Food digestion also poisons the blood, making it thick and watery, which irritates and weakens the heart.

The most suitable treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

It is safe to say that the regular persistent use of Staut's Dyspepsia Tablets at meal times will cure any form of stomach trouble except cancer of the stomach.

Mrs. Lydia Hartman, of Ashtabula, Mich., writes: "I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. H. Hays advised me to try Staut's Dyspepsia Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken."

Mrs. G. H. Grosley, 278 Washington St., Brooklyn, New Jersey, writes: "Staut's Dyspepsia Tablets just did the trick for me. I had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say 'tablets and she drops everything else and runs for them.'"

Miss Lolla Dixon, of Plumcroft St., Pittsburgh, Pa., writes: "I wish everyone to know how grateful I am for Staut's Dyspepsia Tablets. I suffered for a long time and did not know what ailed me. I lost sleep right along until one day I noticed an advertisement of these tablets and immediately bought a 25 cent box of the drug store. I am only on the second box and am gaining in flesh and color. I have at last found something that has relieved my ailment."

Phil. Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend your pills to all who are troubled with indigestion."
